"HELP! My Students Can't Write!" Why You Need a Writing Revolution in Your Classroom and How to Lead It. The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, TWR can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities TWR is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

Editing is often seen as one item on a list of steps in the writing process—usually put somewhere near the end, and often completely crowded out of writer's workshop. Too many times daily editing lessons happen in a vacuum, with no relationship to what students are writing. In *Everyday Editing*, Jeff Anderson asks teachers to reflect on what sort of message this approach sends to students. Does it tell them that editing and revision are meaningful parts of the writing process, or just a hunt for errors with a 50/50 chance of getting it right—comma or no comma? Instead of rehearsing errors and drilling students on what's wrong with a sentence, Jeff invites students to look carefully at their writing along with mentor texts, and to think about how punctuation, grammar, and style can be best used to hone and communicate meaning. Written in Jeff's characteristically witty style, this refreshing and practical guide offers an overview of his approach to editing within the writing workshop as well as ten detailed sets of lessons covering everything from apostrophes to serial commas. These lessons can be used throughout the year to replace Daily Oral Language or error-based editing strategies with a more effective method for improving student writing.

Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning. In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

More fascinating than fiction, this is the moving story of the most misunderstood woman in American history... The truth about Mary Lincoln has for nearly a century been hidden under a mountain of myth. They said Lincoln really loved Ann Rutledge. That he had tried to avoid marriage to Mary Todd, that his wife hurt him politically though she drove him to the Presidency, that she embarrassed him financially as well as socially and inflicted on him the agony of adjustment to her psychopathic personality. Now for the first time, the true woman beneath the myth is presented. The veil of legend surrounding Mary Lincoln is torn aside and an entirely new picture of a woman and a marriage emerges. Here, through the eyes of the people who knew the Lincolns, through the long-lost telegrams and letters they sent each other, comes the story of their day-to-day life together. It begins in Springfield, and there, many years later, it ends. But the truth of those years gives evidence to restore Mary Todd Lincoln to her rightful place in history and in the affections of the American people. Acclaimed by the critics... "Never has such a story seemed better worth telling or better told." SATURDAY REVIEW "This is an important and definitive volume." AMERICAN HISTORY REVIEW "Out of the most searching scrutiny ever leveled on the Lincolns' family affairs comes the picture of a tempestuous yet essentially happy marriage." NEW YORK HERALD TRIBUNE "This is a very moving book. It is also a nice example of what a first-rate historian can do with a difficult subject." THE NEW YORKER "It is a book that can be recommended without reservation: A combination of profound research and fine prose style, it meets both the requirements of the Lincoln scholar and the casual reader who is looking for a truly fascinating story." *Based on the premise that students can learn a great deal by reading and writing a newspaper, this book was created by preservice instructors to teach upper elementary students (grades 3-5) newspaper concepts, journalism, and how to write newspaper articles. It shows how to use newspaper concepts to help students integrate knowledge from multiple disciplines as they write about current events and the lives of others in an unbiased and accurate way. Based on the Newspaper in Education program--a cooperative venture between newspaper publishers and schools that offers newspaper activities to teach reading and content skills and strategies--the book takes the concept further and incorporates a focus on writing. The result of these lessons is an actual newspaper that students can publish for their classroom or school. Following an Introduction, the book's seven chapters are as follows: (1) Background Information for Teachers; (2) Teaching Journalism Basics; (3) Interviewing, Writing Quotes, and Using Figurative Language; (4) Elements and Organizational Structure of News Stories; (5) Writing Different Types of Newspaper Stories; (6) The Final Steps: Revision, Editing, Layout, and Publication; and (7) Student Evaluation of Concept Units. Contains 12 references. Appendixes provide student worksheets, two sample articles, a layout and design sheet, a glossary of newspaper terms, a stylebook, and a listing of additional resources. (SR) Learn what it means to be a journalist in this fun, fast-paced new middle grade series about a club of kid reporters by an award-winning author. Nellie Murrow -- the daughter of two (former) newspaper reporters -- was named after one of the fiercest journalists who ever lived. When she moves to sleepy Bear Creek, Maine, rumors of vandalism and attacks at the only park in town are keeping her saddled to the house. Some townspeople say the attacks are gang recruitments. Others blame a vagrant spotted on the hiking trails around town. But when Nellie thinks like a reporter, none of those explanations make sense. Something is happening at the park, but what? All of the fake online news and rumors are clouding the truth. Nellie wants to break the story -- and break free from the front yard -- but she can't do it alone. She needs a whole club if she's going to start the Cub Report, the town's first independent newspaper. Creating a newspaper from scratch is going to be tough; but for Nellie, making friends is even harder. Starred Kirkus Review*

The challenges, isolation, and relentless demands of leadership can inspire a variety of fears in the heart of a leader; among them fear of failure, fear of mutiny, fear of criticism, fear of disappointing people. However, the greatest fear leaders face is not something that might happen to them, but something that can happen in them—a degeneration of the heart that robs them of their calling and leaves a deep soul dissatisfaction in its place. John Ortberg describes this menacing fear in terms of mission and shadow mission. A mission is the highest purpose to which God calls us; a shadow mission is an authentic mission that has been derailed, often in imperceptible ways. Ortberg writes, “Part of what makes the shadow mission so tempting is that it’s usually so closely related to our gifts and passions. It’s not 180 degrees off track; it is just 10 degrees off track, but that 10 degrees is in the direction of hell.” Every leader has a mission—and a shadow mission. Even Jesus had to battle a shadow mission; it was to be a leader without suffering—to be the Messiah without the cross. Ortberg writes, “If we fail to embrace our true mission, we will live out our shadow mission. We will let our lives center around things that are unworthy, selfish and dark.” Using characters from the remarkable Old Testament story of Esther, Ortberg demonstrates the disastrous consequences of succumbing to shadow mission, and the stunning rewards of whole-hearted commitment to mission. With characteristic humor and insight, the author invites us to follow Esther’s example and courageously choose to embrace the mission God gives. Like Esther, we can lead without fear—even in threatening circumstances—because we know God is always at work in unseen, unknown and unlikely ways.
