Revised, updated, and packed series includes creative programs designed for ministries with mixed-age classes of children ages 4-12 with 13 lessons

The real fight is the one you can't see. The supernatural realm is very real, and it directly impacts our day-to-day lives. Often spiritual battles lie behind our everyday struggles. Though the spiritual world is invisible, we are not unaware of the enemy's schemes. Through God's Word and the power of the Holy Spirit we are equipped to be more than conquerors through Christ! With doctrinally sound, practical teaching, *Slaying Dragons* shows how the demonic realm fits into orthodox thoughts on salvation, redemption, and kingdom life. Daniel Kolenda demystifies spiritual warfare to shine light on what the enemy is doing in readers' lives and what they can do to slay every dragon they encounter. It also contains real-world examples of encounters with spiritual darkness, demonstrating examples of how "the light shines in

the darkness, and the darkness has not overcome it" (John 1:5, NIV). It's easy to lose sight of the big picture as we focus on our everyday struggles. But our daily battles are part of a much bigger war, and we have been given all we need to win. *Slaying Dragons* will show readers what the enemy is trying to accomplish and how they can slay every dragon they encounter--in their lives and in the world. This book will teach you to see and overcome the spiritual battles behind your everyday struggles. Also Available in Spanish ISBN:

NEW YORK TIMES BESTSELLER • From the author of *Relationship Goals . . . Will you be remembered as a person who claimed to follow God but liked to play it safe? Or as a person who lived your life out on the limb and trusted God enough to live in crazy faith? Noah looked crazy when he started building the ark . . . until it started raining. It was crazy for Moses to lead a nation of people into the desert away from Egypt . . . until the Red Sea parted. It was crazy to believe that a fourteen-year-old virgin would give birth to the Son of God . . . until Mary held Jesus in her arms. There are many things that seem normal or average today*

that at one point in time seemed absolutely crazy. Smartphones, Wi-Fi, and even the electric light bulb were all groundbreaking, history-making inventions that started out as crazy ideas. Our see-it-to-believe-it generation tends to have a hard time exercising true faith—one that steps out, takes action, and sees mountain-moving results. Many of us would rather play it safe and stand on the sidelines, but it's crazy faith that helps us see God move and reveals His promises. In *Crazy Faith*, Pastor Michael Todd shows us how to step out in faith and dive into the purposeful life of trusting God for the impossible. Even if you have to start with baby faith or maybe faith, you can become empowered to let go of your lazy faith, trust God through your hazy faith, and learn to live a lifestyle of crazy faith. With powerful stories of modern-day faith warriors who take their cues from biblical heroes, Michael Todd equips you to

- believe for the impossible
- choose hope over fear
- be alert to the voice of God
- cope with loss and doubt
- develop a deeper level of trust in God
- speak faith-filled declarations
- inspire crazy faith in others

God's not looking for somebody to give Him all the reasons why His plans can't happen. He's looking for somebody to believe they will happen. In fact, He has so much He wants to do through you. The

question is, Are you crazy enough to believe it?

A Theology of the Christian Life in Light of God's Completed Work

An Introduction

Across Africa, Christianity is thriving in all shapes and sizes. But one particular strain of Christianity prospers more than most -- Pentecostalism. Pentecostals believe that everyone can personally receive the gifts of the Holy Spirit such as prophecy or the ability to speak in tongues. In Africa, this kind of faith, in which the supernatural is a daily presence, is sweeping the continent. Today, about 107 million Africans are Pentecostals -- and the numbers continue to rise. In this book, Ogbu Kalu provides the first ever overview of Pentecostalism in Africa. He shows the amazing diversity of the faith, which flourishes in many different forms in diverse local contexts. While most people believe that Pentecostalism was brought to Africa and imposed on its people by missionaries, Kalu argues emphatically that this is not the case. Throughout the book, he demonstrates that African

Pentecostalism is distinctly African in character, not imported from the West. With an even-handed approach, Kalu presents the religion's many functions in African life. Rather than shying away from controversial issues like the role of money and prosperity in the movement, Kalu describes malpractice when he sees it. The only book to offer a comprehensive look at African Pentecostalism, this study touches upon the movement's identity, the role of missionaries, media and popular culture, women, ethics, Islam, and immigration. The resulting work will prove invaluable to anyone interested in Christianity outside the West.

Over the centuries God has touched the earth with revival, lifting men and women into his presence in extraordinary ways. And in some epochs the divine hand seems to have rested on us longer and to have caused more profound changes in the church and the culture. Authors Towns and Porter have studied revival eras throughout history in order to identify the ten which seem to have been the greatest of all time. If you want to understand revival and if you long to see revival in our day, this book will speak to both your mind and your heart.

The Stone-Campbell Movement: A Global History tells the story of Christians from around the globe and across time who have sought to

witness faithfully to the gospel of reconciliation. Transcending theological differences by drawing from all the major streams of the movement, this foundational book documents the movement's humble beginnings on the American frontier and growth into international churches of the twenty-first century.

How does the doctrine of sanctification shape the Christian life? Offering a fully developed treatment of "accomplished" sanctification, Don Payne explains that the primary biblical focus in sanctification is not progressive growth but that which has already occurred for Christians to make growth possible, necessary, and grace-driven. As Payne explores the significance Scripture attributes to the accomplished aspect of sanctification, he helps us understand that we are already sanctified. Sanctification is not synonymous with transformation but undergirds strategies and resources related to Christian discipleship and formation.

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.

The volume is significant in bringing together voices of African women theologians and their allies on the urgent topic of ecology. First, it decisively intervenes into scholarly discourses on ecofeminism by highlighting the reflections of African women scholars and African women as subjects. This function of the volume is very important both at local and global levels. Second, it contributes to contextualizing of scriptural interpretation around the issue of ecology. Biblical reflection occurs throughout the volume and is put into dialogue with

African traditions, with ecofeminism, with Africa-based mission projects, and with the current crisis of sustainability and African women's roles in protecting the earth. Third, the volume includes several concrete case studies based on interviews and grassroots qualitative research, as well as especially original articles that integrate biblical exegesis of Genesis with reflections on patriarchal legal systems in Botswana, and an original take on "male headship" in relation to ecofeminism. - Professor Dana L. A much neglected field of study has been opened by the research of the author into the history of the Christian church from its apostolic origins to the close of the eighteenth century. Taking as his thesis the prominence given to the Church in the

Wilderness in Bible prophecy, and the fact that “the Church in the Wilderness,’ and not the proud hierarchy enthroned in the world’s great capital, was the true church of Christ,” he has spent years developing this subject. In its present form, Truth Triumphant represents much arduous research in the libraries of Europe as well as in America. Excellent ancient sources are most difficult to obtain, but the author has been successful in gaining access to many of them. To crystallize the subject matter and make the historical facts live in modern times, the author also made extensive travels throughout Europe and Asia. The doctrines of the primitive Christian church spread to Ireland, Scotland, and Wales. As grains of a mustard seed they lodged in the hearts of many Godly souls in southern France and northern Italy — people known as the Albigenses and the Waldenses. The faith of Jesus was valiantly upheld by the Church of the East. This term, as used by the author, not only includes the Syrian and Assyrian Churches, but is also the term applied to the development of apostolic Christianity throughout the lands of the East. The spirit of Christ, burning in the hearts of loyal men who would not compromise with paganism, sent them forth as missionaries to lands afar. Patrick, Columbanus, Marcos, and a host of others were missionaries to distant lands. They braved the ignorance of the barbarian, the intolerance of the apostate church leaders, and the persecution of the state in order that they might win souls to God. To unfold the

dangers that were ever present in the conflict of the true church against error, to reveal the sinister working of evil and the divine strength by which men of God made truth triumphant, to challenge the Remnant Church today in its final controversy against the powers of evil, and to show the holy, unchanging message of the Bible as it has been preserved for those who will “fear God, and keep His commandments” — these are the sincere aims of the author as he presents this book to those who know the truth. MERLIN L. NEFF.

There is a champion in everyone; that's the good news. The bad news is that a lot of people live and die without discovering this great treasure that God has deposited in them. In the book, *Discover the Champion in You*, Rev (Dr) Francis Olonade brings the truth to bear on certain aspects of discovering God's will for your life and becoming the champion God has created you to be. In this book you will find answers to questions such as: What is the sure foundation for a good future? There are things that must be in place if you will discover and maximize your true potential in God. How can true greatness be achieved? What can I do to guarantee its fulfilment? Can the champion in me fail to find expression? You will find out the enemies that can cause the short-circuiting of God's plan and how you can overcome them. What weapons are effective for offensive battles and which ones are necessary for defensive warfare? You need to know which weapon(s) to use, depending on the type of battle you face. Regardless of your past or current situation, you will always have, as examples, those that found

themselves in the same conditions and overcame. The truths found within the pages of this book will reveal to you their secrets and provide the encouragement you need to stand firm in the face of all that the enemy throws at you and become all that God has destined you to be.

Faith didn't know how it happened. She just knew it did. She had been playing a dangerous sexual game, and perhaps, she was now about to face the consequences of her lustful actions. What happens when life hits you below the Bible belt?

Life of Pi is a masterful and utterly original novel that is at once the story of a young castaway who faces immeasurable hardships on the high seas, and a meditation on religion, faith, art and life that is as witty as it is profound. Using the threads of all of our best stories, Yann Martel has woven a glorious spiritual adventure that makes us question what it means to be alive, and to believe.

Beginning with the destruction of Jerusalem and continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the shining light of the Reformation, and the worldwide religious awakening of the nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth. Steal this book

The Black Panther Party represents Black Panther Party members' coordinated responses over the last four decades to the failure of city, state, and federal bureaucrats to address the basic needs of their respective communities. The Party pioneered free social service programs that are now in the mainstream of American life. The Party's Sickle Cell Anemia Research Foundation, operated with Oakland's Children's Hospital, was among the nation's first such testing programs. Its Free Breakfast Program served as a model for national

programs. Other initiatives included free clinics, grocery giveaways, school and education programs, senior programs, and legal aid programs. Published here for the first time in book form, *The Black Panther Party* makes the case that the programs' methods are viable models for addressing the persistent, basic social injustices and economic problems of today's American cities and suburbs.

A Study in Christian Origins

Catechesis is an ancient practice of Christian disciple making that uses a simple question-and-answer format to instruct new believers and church members in the core beliefs of Christianity. *To Be a Christian*, by J. I. Packer and a team of other Anglican leaders, was written to renew this oft-forgotten tradition for today's Christians. With over 360 questions and answers, plus Scripture references to support each teaching, this catechism covers the full range of Christian doctrine and life, drawing from the Apostles' Creed, the Lord's Prayer, the Ten Commandments, and other

important doctrinal summaries. Clear, concise, and conversational, this resource was written for all believers who seek to be grounded more deeply in the truth of God's Word.

Have you wondered how the creation story in Genesis fits with the evolutionary theories of popular science? *Unlocking the Mysteries of Genesis* resolves the conflict between faith and science by answering key questions about the origin of human life, the evidence left by the fossil record, and how the findings of science line up with the Bible.

Good Morning, Holy Spirit

How the billionaire owners of Hobby Lobby are spending hundreds of millions of dollars to make America a "Bible nation" The Greens of Oklahoma City—the billionaire owners of the Hobby Lobby chain of craft stores—are spending hundreds of millions of dollars in an ambitious

effort to increase the Bible's influence on American society. In *Bible Nation*, Candida Moss and Joel Baden provide the first in-depth investigative account of the Greens' sweeping Bible projects. Moss and Baden tell the story of the Greens' efforts to place a Bible curriculum in public schools; their rapid acquisition of an unparalleled collection of biblical antiquities; their creation of a closely controlled group of scholars to study and promote the collection; and their construction of a \$500 million Museum of the Bible in Washington, D.C. Revealing how all these initiatives promote a very particular set of beliefs about the Bible, the book raises serious questions about the trade in biblical antiquities, the integrity of academic research, and the place of private belief in public life.
