OVER 1 MILLION COPIES SOLD! Do you have a grip on your business, or does your business have a grip on you? All entrepreneurs and business leaders face similar frustrations—personnel conflict, profit woes, and inadequate growth. Decisions never seem to get made, or, once made, fail to be properly implemented. But there is a solution. It's not complicated or theoretical. The Entrepreneurial Operating System® is a practical method for achieving the business success you have always envisioned. More than 80,000 companies have discovered what EOS can do. In Traction, you'll learn the secrets of strengthening the six key components of your business. You'll discover simple yet powerful ways to run your company that will give you and your leadership team more focus, more growth, and more enjoyment. Successful companies are applying Traction every day to run profitable, frustration-free businesses—and you can too. For an illustrative, real-world lesson on how to apply Traction to your business, check out its companion book, Get A Grip.

This handbook for administrative assistants and secretaries covers such topics as telephone usage, keeping accurate records, making travel arrangements, e-mail, using the Internet, business documents, and language usage.

Discover BIM: A better way to build better buildings Building Information Modeling (BIM)

offers a novel approach to design, construction, and facility management in which a digital representation of the building product and process is used to facilitate the exchange and interoperability of information in digital format. BIM is beginning to change the way buildings look, the way they function, and the ways in which they are designed and built. The BIM Handbook, Third Edition provides an in-depth understanding of BIM technologies, the business and organizational issues associated with its implementation, and the profound advantages that effective use of BIM can provide to all members of a project team. Updates to this edition include: Information on the ways in which professionals should use BIM to gain maximum value New topics such as collaborative working, national and major construction clients, BIM standards and guides A discussion on how various professional roles have expanded through the widespread use and the new avenues of BIM practices and services A wealth of new case studies that clearly illustrate exactly how BIM is applied in a wide variety of conditions Painting a colorful and thorough picture of the state of the art in building information modeling, the BIM Handbook, Third Edition guides readers to successful implementations, helping them to avoid needless frustration and costs and take full advantage of this paradigm-shifting approach to construct better buildings that consume fewer materials and require less time, labor, and capital resources.

How to start, grow, and succeed in the food truck business. Food trucks have become a wildly popular and important part of the hospitality industry. Consumers are flocking to these mobile food businesses in droves, inspiring national food truck competitions and even a show dedicated to the topic on The Food Network. The relatively low cost of entry as compared to starting a restaurant, combined with free and low-cost ways to market them to the masses via platforms like social media, are just two of the reasons that food truck business are drawing in budding entrepreneurs. Author David Weber, a food truck advocate and entrepreneur himself, is here to offer his practical, step-by-step advice to achieving your mobile food mogul dreams in The Food Truck Handbook. This book cuts through all of the hype to give both hopeful entrepreneurs and already established truck owners an accurate portrayal of life on the streets. From concept to gaining a loyal

following to preventative maintenance on your equipment this book covers it all. Includes profiles of successful food trucks, detailing their operations, profitability, and scalability. Establish best practices for operating your truck using one-of-a-kind templates for choosing vending locations, opening checklist, closing checklist, and more. Create a sound business plan complete with a reasonable budget and finding vendors you can trust; consider daily operations in detail from start to finish, and ultimately expand your business. Stay lean and profitable by avoiding the most common operating mistakes. Author David Weber is Founder and President of the NYC Food Truck Association (NYCFTA), which brings together small businesses that own and operate premium food trucks in NYC focused on innovation in hospitality, high quality food, and community development.

The GHG Protocol Corporate Accounting and Reporting Standard helps companies and other organizations to identify, calculate, and report GHG emissions. It is designed to set the standard for accurate, complete, consistent, relevant and transparent accounting and reporting of GHG emissions.

Cleanlots has been described as "America's Simplest Business" and "almost as simple as a walk in the park." Entrepreneur magazine said parking lot litter cleanup is "a simple, inexpensive and potentially lucrative business to get into, and the market is growing." The Cleanlots book is an operations manual on how to start and operate a parking lot litter cleanup business. Each book purchase includes FREE email and telephone support from the author. Since 1981, author Brian Winch has made a six-figure annual income cleaning up litter from parking lots, and he'll teach you to do the same. It's an excellent way to take control over your life and income; you can start this business with very little money, without a college education or advanced computer skills. It's an ideal business for anyone who likes to work outside, who's responsible and can pay attention to detail. You can also operate this business part-time, as a side hustle until you're ready to go full-time.

E-Myth Mastery

5 Keys to Dramatically Increasing Sales and Commissions

Entrepreneurship

California Style Manual

Administrative Assistant's and Secretary's Handbook

The bestselling author of the phenomenally successful essential entrepreneur handbook *The E-Myth Revisited* presents the next big step in entrepreneurial management and leadership. In this practical, real-world program that can be implemented real-time into any business, Michael E. Gerber begins by explaining why the entrepreneur is so critical to the success of any enterprise, no matter how small or large it may be, and why the mindset of an entrepreneur is so integral to the operating reality of the organization. He then covers seven essential skills: leadership, marketing, money, management, lead conversion, lead generation, and client fulfillment. *E-Myth Mastery* shows readers the difference between being an entrepreneur and doing a job, and teaches them how to get money when banks won't help, how to expand their customer bases when big business moves in down the street, and how to make sure their businesses keep their promises every single time.

Learn favorite techniques from this group of twenty-two Excel MVPs. The Excel MVPs are friends and competitors who each pulled out their favorite tricks to impress you and their fellow MVPs.

This book is the only up-to-date book of its kind that will provide an introduction to franchising, its pros and cons, and other aspects pertinent to restaurant franchises. It is the only guide to franchising written exclusively for food service professionals and is an indispensable resource for anyone wishing to break into one of today's most dynamic service industries. Since the late 1800s, when the idea was first conceived, the restaurant franchise has become a worldwide phenomenon. Opportunities abound for restaurateurs and food service professionals with the know-how to dive into and stay afloat in the growing, ever-changing sea of franchise operations. With the help of vignettes and case histories, this completely updated new edition to *Restaurant Franchising* explains operate a successful franchise, from developing a winning franchise concept to demystifying the legal intricacies of franchise agreements. Topics include: What is franchising? Franchising pros and cons Selecting the franchise that fits your style and goals Finding financial backing Understanding franchise agreements State franchise rules and regulations Developing healthy franchisor/franchisee relationships International franchising Unconventional franchises This book is suitable for classroom use, and an accompanying online instructor's manual is available as a teaching resource for instructors. It includes a template of a syllabus to fit one semester within an academic calendar, and each chapter's contents are highlighted starting with the chapter's objectives. Objectives are designed so that after reading and studying each chapter, the student should be able to complete specific knowledge

components. Key teaching elements and points are listed for each chapter, with special emphasis on definitions and terminology. References and other sources for further information are also provided. At the end of each chapter within this book, there is a case study, for which discussion questions are listed. Possible topics for class assignments and field studies are suggested in the instructor's manual. In addition, almost 200 PowerPoint slides are provided for each chapter. Overall this manual is designed to provide teaching aids that will help in making lectures a more productive, interactive, and interesting learning experience for students. Readers will get practical, first-hand information that will be extremely useful to hospitality academicians and students, as well as corporations that are franchisors and other related restaurant corporations. It will be a valuable book for entrepreneurs and those interested in owning a franchise.

The definitive A-to-Z guide to researching, selecting, and starting a viable franchise business With more and more professionals looking for alternatives to traditional corporate employment, *Become a Franchise Owner!* informs would-be franchise owners of the joys and perils of purchasing a franchise. Authored by a trusted, feisty, tell-it-how-it-is independent franchise industry insider, this book offers straightforward, step-by-step tips and advice on how to properly (and carefully) research and select a franchise business. Get tips on how to locate information about franchises, current industry trends, interviews with franchisors, and hot franchise opportunities. Offers a self-evaluation to discover if you are "franchise material" Describes how to choose the right franchise for your specific situation Lists the 40 crucial questions to ask current franchise owners Owning a franchise isn't for everyone; in fact, as Joel Libava says, "it's really not for most people." But if it is for you, this book can guide you in starting your own successful franchise business.

"Space is vast, dark, and not your friend. Gamma rays and neutrino bursts erupt from dying stars to cook you alive, black holes tear you apart, and the void itself boils your blood and seizes your brain. Try to scream and no one can hear you - hold your breath and you rupture your lungs. Space isn't as empty as you'd think, either - its frontiers are ever expanding. Rival governments wage a cold war of aggression while greedy corporations vie for valuable resources. Colonists reach for the stars and gamble with their lives - each new world tamed is either feast or famine. And there are things lurking in the shadows of every asteroid - things strange and different and deadly. Things alien. This is the official ALIEN tabletop roleplaying game - a universe of body horror and corporate brinkmanship, where synthetic people play god while space truckers and marines serve host to newborn ghoulish creatures. It's a harsh and unforgiving universe and you are nothing

if not expendable. Stay alive if you can"--Back cover.

Written specifically to help lawyers and non-lawyers brush up on franchise law, this respected publication - now in its fourth edition - is charged with useful definitions, practical tips, and expert advice from experienced franchise law practitioners. This practical guide examines franchise law from a wide-range of experiences and viewpoints. Each chapter is written by two experienced practitioners to provide a well-rounded guide to the fundamentals of franchise law and key issues in the practice, including trademark law; structuring the franchise relationship; disclosure issues; registration; franchise relationship laws; antitrust law; counseling franchisees; and more.

Transform your real estate business into a sales powerhouse In The High-Performing Real Estate Team, experienced real estate coach Brian Icenhower shares the systems and secrets of top real estate agents and brokerages. Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an

additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Contributing Authors David S. Bright, Wright State University Anastasia H. Cortes, Virginia Tech University Eva Hartmann, University of Richmond K. Praveen Parboteeah, University of Wisconsin-Whitewater Jon L. Pierce, University of Minnesota-Duluth Monique Reece Amit Shah, Frostburg State University Siri Terjesen, American University Joseph Weiss, Bentley University Margaret A. White, Oklahoma State University Donald G. Gardner, University of Colorado-Colorado Springs Jason Lambert, Texas Woman's University Laura M. Leduc, James Madison University Joy Leopold, Webster University Jeffrey Muldoon, Emporia State University James S. O'Rourke, University of Notre Dame

Building a Sustainable Business

The Start-Up Guide to Lowering Risk, Making Money, and Owning What you Do

This book sheds light on all aspects of earnings claims, including defining what an earnings claim really is, the origins of its regulation under the franchise disclosure laws, how a franchisor should prepare an earnings claim, how a franchisee should use an earnings claim, how a franchisee may attack lawful and unlawful earnings claims, how a franchisor may defend against such attacks, and how the government franchise enforcement authorities, investigate unlawful earnings claim activity.

'I believe that 'emotion' is where it's at' Tom Peters For far too long, emotions have been ignored in favour of rationality and efficiency, but breakthroughs in brain science have revealed that people are primarily emotional decision-makers. Many companies have not yet accepted that fact, much less acted on it. In this fully revised edition, Emotionomics will help you to understand emotions in terms of business opportunities - both in the marketplace and in the workplace. In today's highly competitive marketplace where many products look alike, it is the emotional benefit that can make the difference. At the same time, companies with engaged, productive work forces will undoubtedly achieve competitive advantage. Dan Hill's book draws on insights gathered through facial coding, the single best viable means of measuring and managing the emotional response of customers and employees, to help you to leverage emotions for business success in terms of branding, product design, advertising, sales, customer satisfaction, leadership and employee management. Emotions matter and Emotionomics will help you to step closer to customers and employees, but step ahead of your competitors.

McDonalds, Sonic, Subway, Dairy Queen, Circle K, Piggly Wiggly—all well-known franchises in America and beyond. You've probably sometimes wondered how so many of them could exist, how they manage to stay in business, and how they continue to thrive. Maybe you've even thought about running one of your own, but didn't know where to begin. Well, now you do, thanks to *Running a Franchise For Dummies*. Pick the perfect franchise for you Create marketing plans and branding for your new franchise Understand all of the complex legal issues surrounding the ownership of a franchise Uncover the secrets to continued success and future expansion *Running a Franchise for Dummies* is a clear and concise guide for anyone who wants to be their own boss and stand on the shoulders of franchise giants both big and small.

What's the secret to sales success? If you're like most business leaders, you'd say it's fundamentally about relationships—and you'd be wrong. The best salespeople don't just build relationships with customers. They challenge them. The need to understand what top-performing reps are doing that their average performing colleagues are not drove Matthew Dixon, Brent Adamson, and their colleagues at Corporate Executive Board to investigate the skills, behaviors, knowledge, and attitudes that matter most for high performance. And what they discovered may be the biggest shock to conventional sales wisdom in decades. Based on an exhaustive study of thousands of sales reps across multiple industries and geographies, *The Challenger Sale* argues that classic relationship building is a losing approach, especially when it comes to selling complex, large-scale business-to-business solutions. The authors' study found that every sales rep in the world falls into one of five distinct profiles, and while all of these types of reps can deliver average sales performance, only one—the Challenger—delivers consistently high performance. Instead of bludgeoning customers with endless facts and features about their company and products, Challengers approach customers with unique insights about how they can save or make money. They tailor their sales message to the customer's specific needs and objectives. Rather than acquiescing to the customer's every demand or objection, they are assertive, pushing back when necessary and taking control of the sale. The things that make Challengers unique are replicable and teachable to the average sales rep. Once you understand how to identify the Challengers in your organization, you can model their approach and embed it throughout your sales force. The authors explain how almost any average-performing rep, once equipped with the right tools, can successfully reframe customers' expectations and deliver a distinctive purchase experience that drives higher levels of customer loyalty and, ultimately, greater growth.

During the 2016 presidential election, America's election infrastructure was targeted by actors sponsored by the Russian

government. *Securing the Vote: Protecting American Democracy* examines the challenges arising out of the 2016 federal election, assesses current technology and standards for voting, and recommends steps that the federal government, state and local governments, election administrators, and vendors of voting technology should take to improve the security of election infrastructure. In doing so, the report provides a vision of voting that is more secure, accessible, reliable, and verifiable.

Introduction to Business covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and managing change. *Introduction to Business* includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.

Franchising is one of the fastest and most popular means of business expansion. At the core of franchising is the licensing of intellectual property rights. Packed with examples and tips, this practical guide for business people outlines different types of franchise and takes you through the franchising process, identifying the key issues to consider at each stage.

Your shoes are charred from stomping out brush fires. You have nightmares about UFOs—Unreachable Financial Objectives. All-star interviewees turn into duds. Meetings cause more problems than they solve. The office is a ghost town at 5:01 p.m. Does this sound familiar? Tom Gegax knows what that is like. Years after running his Tires Plus franchise by the seat of his pants, blissfully unaware of how little he knew about getting the most out of people and managing a world-class organization, Tom was faced with a cancer diagnosis and a business at the brink of disaster. Resolved to change things around, he improved his mental clarity, health, and relationships and noticed that the more he profited on a personal level, the more his company profited. Tires Plus grew into a \$200 million business with 150 upscale locations. He had learned the first lesson in *Enlightened Leadership 101: Focus on the well-being of your employees and customers—as well as your own—and success will follow naturally*. In *The Big Book of Small Business*, Tom shares his hard-earned lessons on how to become an enlightened, effective leader, and on how to do the small things right so the big decisions work. This all-in-one toolbox for small businesses is jammed with warm-hearted, tough-minded practices and street-smart tips, covering every aspect of a growing business: Starting, funding, and getting your new business off the ground Crafting a mission and growing a corporate culture that works Hiring the best people and maximizing their potential Communicating and negotiating with your employees, customers, and suppliers Creating processes for continuous innovation and growth Protecting your business from unforeseen dangers Planning for growth And much more . . . As thorough as a textbook and as lively as a news magazine, *The Big Book of Small Business* is the most comprehensive and practical book on how to take a small business to the next level, and an indispensable slingshot for the millions of scrappy Davids taking on corporate Goliaths.
