September 11th, 2001 was America's wake up call to terrorism. Unfortunately, we hit the snooze alarm. The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that. Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening - or is there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks. Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it Small Ball. Small Ball is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now...

Oh yes! They do it! Highway Patrol Officer Jackson (one very hot well built black man) and Officer Tyler often took their "pull it over" authority just a little beyond the normal, ---when it was some young man, that just maybe needed some good instructions on how to work with an officer of the law! This time, things took a definite turn, for something definitely different! One police precinct needed to find themselves a new "precinct boy whore" to help them get rid of some of their 'on duty' tensions, and once they found the one they thought might work, then it was test him out, for character, durability, staying power and just plain ole guts! Highway Patrolman Officer Greg, with his butt hugging, crotch kissing, legs loving tight uniform pants, and his tighter than possible shirt, stretched over his muscles of steel, definitely did help out the public in more ways than maybe his job description listed!

The 16-Word Diet is a once-in-a-generation book - a survival guide for people who are tired of miracle diets and magic pills, and who want common-sense solutions to the complex problems of obesity. Written by mathematician and weight loss expert Jay Wiener, The 16-Word Diet explodes dozens of popular myths about dieting and replaces them with just sixteen words - the simple keys to losing weight permanently and living a longer, healthier life. Here are a few of the many topics covered, written with the author's remarkable gifts for wisdom and laughter: On Maintenance: Losing weight is hard work, but maintaining a weight loss is hand-to-hand combat. If you don't learn how

to maintain before you start to diet, you will be clobbered. On Goal Setting: Most dieters never choose reasonable goals. Worse, they do no planning before they start, unless you count reading the directions on a bottle of enchanted diet pills as planning. On Fad Diets: The Raw Food Diet is a typical fad. Dieters aren't allowed to cook their food. Raw vegetables are fine with me, but... Raw pork? Raw chicken? Those dieters may get thinner, but who wants to kiss them? On Binge Eating: I was a binge-eater for twenty years. The most important thing to understand is this: you can stop. Not immediately, of course, but you can learn how to turn massive overeating into mini-binges, and then into micro-binges, and happily live that way forever. On Bad Obesity Research: They studied the effects of diet on ED by asking men to remember how often they had ED. Seriously? I can remember how often I've slept in an igloo with Jennifer Lawrence, but not much else. On Temptation: Tempted to indulge in a chocolate croissant at Starbucks? Think of all the teenage baristas who breathed on that croissant before you started to eat it. On Exercise: You hate exercise. Too bad. If you're serious about losing weight, then stop reading and go for a walk. Buy this book when you come back. The 16-Word Diet. The most important new diet book in a generation - and fun to read. ***** From the Introduction: People who succeed at losing weight and keeping it off share a secret: they
