A critical study of the low-budget film formula described as the "stalker" film, popular in the late 1970s and early 1980s. The discussion suggests reasons for its impressive popularity and demonstrates how a generic form is organized to speak a cultural text. Illustrated.

On the Social Web, people share their enthusiasms and expertise on almost every topic, and based on this, learners can find resources created by individuals with varying expertise. Through this trend and the wide availability of video cameras and authoring tools, people are creating DIY resources and sharing their knowledge, skills, and abilities broadly. While these resources are increasing in availability, what has not been explored is the effectiveness of these resources, peer-to-peer teaching and learning, and how well this content prepares learners for professional roles. Practical Peer-to-Peer Teaching and Learning on the Social Web explores the efficacies of online teaching and learning with materials by peers and provides insights into what is made available for teaching and learning by the

On Saturday, June 27th, 2020, after 105 days of Covid-isolation alone in my tiny, single-souled apartment in Toronto, I took off on my old Raleigh bicycle, packing nothing but some bike tools, camping gear, and a change of clothes. In search of some personal sanity amidst a global pandemic, I headed for Vancouver, by myself, nearly five thousand kilometers away. The day after I left, however, my mother died. My relationship with my mother had been complicated. Her sudden death was completely unexpected and left me with many unsaid words, unanswered questions, and unfinished business. Mom, how do I write our final chapter and find peace for us without your help or input? I hadn't a clue. However, with her ashes in tow (mom riding VIP up front on the handlebars), somehow I was - we were - going to have to figure it out. And this is how my solo journey from Toronto to Vancouver became a bicycle ride for two. But could I, at the age of forty-five, after not having been on a bike for four years, just get up and ride thousands of kilometres across the country and then up the

*skyscraping mountain range of the Canadian Rockies? Especially after only three training rides to prepare? There was only one way to find out. Ready, Mom? Let's go...
The apartment building where I grew up had peeling paint and unkempt trees and bushes. Perhaps the twenty families living in nineteen apartments didnt even notice that it was not only the walls of the building that were chipping away little by little simply because they were glad that they had a roof above their heads. As I was growing up, each family represented its own soap opera to me. As a child, I became fascinated and, as a teenager, was appalled by the people, the tenants, who lived there and the hypocrisy that surrounded my family and me in our everyday life. One could only imagine how deeply they came to be part of my life with good but, most of the time, bad intentions. After all these years, those memories are as fresh as a harvested bouquet of flowers that still had the morning dew on its buds. I had to write about them; I needed to write about them. Why? Because I owe them a great deal. For what? you may ask. The answer lies in the stories that took place at 78 Spring Street: Tavaszi Utca 78.*

Teaching Peace Through Popular Culture*

Authored by scholars from a variety of disciplines, including English, Theology, Philosophy, Communications, Sociology, Humanities and Peace Studies, this edited volume provides detailed descriptions of the many

ways popular culture can be used to teach peace. Chapters discuss documentary and feature film, music, television, literature and more, providing both educators and the general public with a timely and useful tool. From popular dystopian novels like The Hunger Games to feature films like The Matrix to modern rap and hip-hop music, contributors not only provide critical analysis of the violence in popular culture but also an assessment of how the same or alternate forms can be used by peace educators. Additionally, each chapter project synopses and teaching ideas, as well as recommended resources.
