Award-winning journalist Jim Krane charts the history of Dubai from its earliest days, considers the influence of the family who has ruled it since the nineteenth century, and looks at the effect of the global economic downturn on a place that many tout as a blueprint for a more stable Middle East The city of Dubai, one of the seven United Arab Emirates, is everything the Arab world isn't: a freewheeling capitalist oasis where the market rules and history is swept aside. Until the credit crunch

knocked it flat, Dubai was the fastest-growing city in the world, with a roaring economy that outpaced China's while luring more tourists than all of India. It's one of the world's safest places, a stone's throw from its most dangerous. In *City of Gold*, Jim Krane, who reported for the AP from Dubai, brings us a boots-on-the-ground look at this fascinating place by walking its streets, talking to its business titans, its prostitutes, and the hard-bitten men who built its fanciful skyline. He delves into the city's history, paints an intimate portrait of the ruling Maktoum family, and ponders where the city is headed. Dubai literally came out of nowhere. It was a poor and dusty village in the 1960s. Now it's been transformed into the quintessential

metropolis of the future through the vision of clever sheikhs, Western capitalists, and a river of investor money that poured in from around the globe. What has emerged is a tolerant and cosmopolitan city awash in architectural landmarks, luxury resorts, and Disnified kitsch. It's at once home to America's most prestigious companies and universities and a magnet for the Middle East's intelligentsia. Dubai's dream of capitalism has also created a deeply stratified city that is one of the world's worst polluters. Wild growth has clogged its streets and left its citizens a tiny minority in a sea of foreigners. Jim Krane considers all of this and casts a critical eye on the toll that the global economic downturn has taken. While

many think Dubai's glory days have passed, insiders like Jim Krane who got to know the city and its creators firsthand realize there's much more to come in the City of Gold, a place that, in just a few years, has made itself known to nearly every person on earth. Rose Pastor arrived in New York City in 1903, a Jewish refugee from Russia who had worked in cigar factories since the age of eleven. Two years later, she captured headlines across the globe when she married James Graham Phelps Stokes, scion of one of the legendary 400 families of New York high society. Together, this unusual couple joined the burgeoning Socialist Party and, over the next dozen years, moved among the liveliest group of activists and dreamers this country has

ever seen. Their friends and houseguests included Emma Goldman, Big Bill Haywood, Eugene V. Debs, John Reed, Margaret Sanger, Jack London, and W.E.B. Du Bois. Rose stirred audiences to tears and led strikes of restaurant waiters and garment workers. She campaigned alongside the country's earliest feminists to publicly defy laws against distributing information about birth control, earning her notoriety as "one of the dangerous influences of the country" from President Woodrow Wilson. But in a way no one foresaw, her too-short life would end in the same abject poverty with which it began.

much thought into tithing which only complicates the act of tithing. God made tithing to be very simple and uncomplicated. In Riches to Rags to Riches: The Power of Tithing, author Heidi Guttman tells her story of tithing. Life for Guttman was good. She had material things that would make many people envious: a beautiful townhouse, expensive art, awesome cars, gorgeous furs, expensive jewelry, and a sport yacht, among other things. There was even a leather high chair for the baby. When she lost most of her possessions because she disobeyed Gods instructions about tithing, however, Guttman learned the power of material wealth to

distance her from God. Riches to Rags to Riches: The Power of Tithing teaches the importance of tithing from Gods perspective. Learn about the rewards you can reap from tithing and the losses you can sustain from not tithing. Guttman learned the difference firsthand. When she began tithing faithfully, God restored her in all ways. This can happen to you. As a result of tithing, you can experience Gods love, peace, and abundance a blessing that so many people long for.

"Somehow Casey Gerald has pulled off the most urgently political, most deeply personal, and most engagingly spiritual statement of our time by just looking outside his window and inside himself. Extraordinary."

—Marlon James "Staccato prose and peripatetic storytelling combine the cadences of the

Casey Gerald comes to our fractured times as a uniquely visionary witness whose life has spanned seemingly unbridgeable divides. His story begins at the end of the world: Dallas, New Year's Eve 1999, when he gathers with the congregation of his grandfather's black evangelical church to see which of them will be carried off.

His beautiful, fragile mother disappears frequently and mysteriously; for a brief idyll, he and his sister live like Boxcar Children on her disability checks. When Casey--following in the footsteps of his father, a gridiron legend who literally broke his back for the team--is recruited to play football at Yale, he enters a world he's never dreamed of, the anteroom to secret societies and success on Wall Street, in Washington, and beyond. But even as he attains the inner sanctums of power, Casey sees how the world crushes those who live at its margins. He sees how the elite perpetuate the

salvation stories that keep others from rising. And he sees, most painfully, how his own ascension is part of the scheme. There Will Be No Miracles Here has the arc of a classic rags-to-riches tale, but it stands the American Dream narrative on its head. If to live as we are is destroying us, it asks, what would it mean to truly live? Intense, incantatory, shot through with sly humor and quiet fury, There Will Be No Miracles Here inspires us to question--even shatter--and reimagine our most cherished myths.
