

## Gelati

Giordano Bruno (1548-1600), who died at the stake, is one of the best-known symbols of anti-establishment thought. The theme of this volume, which is offered as a collection of essays to honour the distinguished Bruno scholar Hilary Gatti, reflects her constant concern for the principles of cultural freedom and independent thinking. Several essays deal with Bruno himself, including an analysis of the *Eroici furori*, a study of his reception in relation to the group known as the Novatores, and discussions of several important aspects of his stay in England. The authors and texts discussed here are linked by a relentless interest in the question of authority and originality, and they range from literary figures such as Alberti (1404-72), Vasari (1511-74) and the proponents of quantitative verse in sixteenth-century England to controversial philosophers who, like Bruno, were condemned by the Church, such as Tommaso Campanella (1568-1639) and Giulio Cesare Vanini (1585-1619). Taken together, these chapters show how much that was new and revolutionary in early modern culture came from its confrontation with the past. Martin McLaughlin is Agnelli-Serena Professor of Italian at Oxford. Elisabetta Tarantino is a Teaching Fellow in the Department of Italian at the University of Warwick.

Ludovico, Agostino, and Annibale Carracci played leading roles in bringing about the changes in style and outlook that transformed the art of painting around 1600. Working both as a team and as individuals, they turned away from the conventions of Mannerism to reinvigorate the Renaissance tradition and usher in a new style, at once naturalistic, classical, and spirited. Malvasia's "Life of the Carracci" has been the principal source of knowledge about these pioneering artists since its first publication in 1678 in *Felsina pittrice, vite de' pittori bolognesi*. Malvasia, a law professor and a literary man, was brilliant, innovative, and contentious. His biography of the Carracci is pivotal to his celebration of the Bolognese contribution to Baroque art and provides a window onto the cultural life of seventeenth-century Italy. The worlds of artisans, artists, literati, and patrons intersect in his text, giving it incomparable historical and literary value. Although Malvasia's "Life of the Carracci" is widely cited, this is the first translation in any language and the first to offer an extended critical and historical commentary. Malvasia's own life is discussed, and his triple biography of the Carracci is situated within the intellectual and literary currents to which he responded. Richly illustrated, Summerscale's book will be an indispensable resource for art historians and students of seventeenth-century literature and historiography.

Maximus the Confessor (c.580-662) has become one of the most discussed figures in contemporary patristic studies. This is partly due to the relatively recent discovery and critical edition of his works in various genres, including *On the Ascetic Life*, *Four Centuries on Charity*, *Two Centuries on Theology and the Incarnation*, *On the 'Our Father'*, two separate *Books of Difficulties*, addressed to John and to Thomas, *Questions and Doubts*, *Questions to Thalassius*, *Mystagogy* and the *Short Theological and Polemical Works*. The impact of these works reached far beyond the Greek East, with his involvement in the western resistance to imperial heresy, notably at the Lateran Synod in 649. Together with Pope Martin I (649-53 CE), Maximus the Confessor and his circle were the most vocal opponents of Constantinople's introduction of the doctrine of monothelism. This dispute over the number of wills in Christ became a contest between the imperial government and church of Constantinople on the one hand, and the bishop of Rome in concert with eastern monks such as Maximus, John Moschus, and Sophronius, on the other, over the right to define orthodoxy. An understanding of the difficult relations between church and state in this troubled period at the close of Late Antiquity is necessary for a full appreciation of Maximus' contribution to this controversy.

The editors of this volume aim to provide the political and historical background to Maximus' activities, as well as a summary of his achievements in the spheres of theology and philosophy, especially neo-Platonism and Aristotelianism.

Antonio & Lucia

Georgia Country Study Guide Volume 1 Strategic Information and Developments

A history of opera in Portugal from the beginning of the eighteenth century to the inauguration of the Teatro de S. Carlos in 1793.

The intellectual societies known as Academies played a vital role in the development of culture, and scholarly debate throughout Italy between 1525-1700.

They were fundamental in establishing the intellectual networks later defined as the ' R é publique des Lettres ', and in the dissemination of ideas in early modern Europe, through print, manuscript, oral debate and performance. This volume surveys the social and cultural role of Academies, challenging received ideas and incorporating recent archival findings on individuals, networks and texts. Ranging over Academies in both major and smaller or peripheral centres, these collected studies explore the interrelationships of Academies with other cultural forums. Individual essays examine the fluid nature of academies and their changing relationships to the political authorities; their role in the promotion of literature, the visual arts and theatre; and the diverse membership recorded for many academies, which included scientists, writers, printers, artists, political and religious thinkers, and, unusually, a number of talented women. Contributions by established international scholars together with studies by younger scholars active in this developing field of research map out new perspectives on the dynamic place of the Academies in early modern Italy. The publication results from the research collaboration ' The Italian Academies 1525-1700: the first intellectual networks of early modern Europe ' funded by the Arts and Humanities Research Council and is edited by the senior investigators.

Twelve years after the publication of their previous book, the largest selling book on ICES that has ever been published, Caroline and Robin Weir return with the ultimate guide to Ice Cream, Gelato, and Sorbet. Since the first publication, over a decade of research and millions of calories have gone into this new book which has over 400 recipes covering ice creams, gelato, graniti, bombes, parfais, instructions on making wafers, biscuits, punches, even ice creams for diabetics and vegans. This NEW book, with all areas expanded and updated, is for the beginner, the enthusiast, the cook, the expert, and the professional chef. All the recipes are written in the clearest terms in Metric, cup measurements, and Imperial weights and measures. All techniques are described in the simplest terms and all your questions are covered in this comprehensive book. There are new revelations, on the history of ice cream as well as the origin of the ice cream cone, plus dozens of new pictures and illustrations from the authors constantly expanding collection; there is also a section on both penny licks and some hilarious soda fountain lingo. There is also a comprehensive section on the physics and chemistry of all ices, as well as enough information to enable you to make almost anything into an ice. Should you want to go BIG on ice cream there is a section on equipment as well as a section on the chemistry and physics of ice cream and ices. If you have never tasted homemade ice cream, you are in for a revelation. If you have the previous book you are in for many inspired new flavors. These are not ice creams loaded with junk confectionery, these are pure unalloyed, straightforward ices, made from easily obtainable ingredients without additives.

Ices Italia

900 Gelati

Le 73 migliori ricette di gelati

Memorie imprese, e ritratti de' Signori Accademici Gelati di Bologna

Inspired by Molière's Les Fourberies de Scapin.

Many cultures have claimed the invention of ices as their own, but gelati, sorbette, granite, and many more sweet treats from the icebox were all developed to perfection in Italy. As well as providing classic and modern recipes for everything from a divinely delicate pear sorbetto to an intense espresso gelato to the most indulgent zuccotto (a confection of alcohol-soaked sponge filled with chocolate and hazelnut gelato), this celebration of the world's greatest chilled dessert explores some of the fascinating history, people, and places that make the Italian gelato experience unique. Packed with mouth-watering photography and easy to follow instructions—an ice cream machine is not always required! Un gelido tuffo tra i piaceri di cinque irresistibili tentazioni. La cremosità dei gelati, la delicatezza dei sorbetti, la spumosità dei frappé, la freschezza dei frullati, la gradevolezza acidula dello yogurt riusciranno ad appagare tutti i vostri sensi, conquistandovi al gusto del brivido più dolce.

***This new sixth edition of Bradt's Georgia, the only dedicated guide to the country, has been thoroughly updated throughout to include all the most recent developments, ranging from greatly expanded coverage of Batumi, Adjara and Svaneti to the addition of new maps for Tbilisi, Mestia and Telavi. Tourism is booming in Georgia: the number of guesthouses has mushroomed, Tbilisi airport has just opened a second terminal and a new terminal and rail link are under construction at Kutaisi airport. New low-cost flights are now available and visa-free travel is the norm for most. With Bradt's Georgia discover both the old and the new. The capital, Tbilisi, has seen huge changes in the past decade with some conspicuous new projects such as the Peace Bridge, the Opera House and the Presidential Palace, as well as excellent new restaurants and bars. Much of the country can be reached in day-trips from the luxury hotels of Tbilisi and Batumi, and the remotest areas such as Svaneti and the Pankisi Valley can also now be visited. In addition, Mestia, the capital of Svaneti, now has an airport and two ski resorts. Also new for this edition is expanded information on Tusheti and the Trans Caucasian Trail, a volunteer-led project to create two long-distance hiking routes, east-west and north-south, linking the Black Sea with the Caspian, the Greater Caucasus with the Lower Caucasus and Georgia with Armenia and Azerbaijan. The Georgian wine industry is covered, with particular emphasis on natural qvevri wines, and so too are skiing, rugby, the World Heritage sites of Mtskheta and Gelati, Georgian food, 5th-century churches, cave cities, and Georgian polyphonic singing. Bradt's unique guide to Georgia is the ideal companion for all travellers, from serious hikers to wine buffs, high-end culture lovers to backpackers of all ages.***

***This is a specially formatted fixed layout ebook that retains the look and feel of the print book. Riccardo Momesso enjoyed a childhood rich in authentic Italian culture, inherent with a love for food.
