the plays alive as performance pieces, with Primary pupils undertaking drama-based explorations of the text that take them through much of the play. Teachers' notes and accompanying photocopiable worksheets offer a lesson-by-lesson teaching route through each of the three plays in turn. The schemes of work offer teachers a route through each play that has been designed to be flexible and to bolt on to what they already teach. The schemes comprise a series of lessons that can either be followed in their entirety as a stand-alone scheme of work or which can be dipped into by teachers wanting to augment their existing schemes of work.

'I believe this book will change the conversation in schools on children's behaviour.'* - Dr Luna Centifanti** ***A School Without Sanctions offers an innovative approach to behaviour management in schools, prioritising compassion and behaviour modification over punishment. Drawing on their award-winning methods, Steven Baker and Mick Simpson explain why challenging behaviour occurs and provide a toolbox of non-confrontational approaches that will benefit the whole school community. When Steven and Mick set out to transform their school's approach to behaviour, it changed everything. With the help of Dr Alice Jones Bartoli at Goldsmiths, they developed a

sanction-free approach in their special school for boys with social, emotional and mental health (SEMH) difficulties. Far from descending into anarchy, lessons began to improve and student-staff relationships flourished. The school is now rated outstanding in all areas, and more importantly, student outcomes have been remarkable. Steven and Mick apply this experience, as well as their work in pupil referral units and young offender institutions, to explore their strategies for managing behaviour without the need for zero tolerance, discussing exclusions, trauma, motivation and engagement along the way. Rooted in neuroscience and evolutionary psychology, this

Called Ove comes a charming, poignant novel about a crime that never took place, a would-be bank robber who disappears into thin air, and eight extremely anxious strangers who find they have more in common than they ever imagined. Looking at real estate isn't usually a life-or-death situation, but an apartment open house becomes just that when a failed bank robber bursts in and takes a group of strangers hostage. The captives include a recently retired couple who relentlessly hunt down fixer-uppers to avoid the painful truth that they can't fix their own marriage. There's a wealthy bank director who has

been too busy to care about anyone else and a young couple who are about to have their first child but can't seem to agree on anything, from where they want to live to how they met in the first place. Add to the mix an eighty-seven-year-old woman who has lived long enough not to be afraid of someone waving a gun in her face, a flustered but still-ready-to-make-a-deal real estate agent, and a mystery man who has locked himself in the apartment's only bathroom, and you've got the worst group of hostages in the world. Each of them carries a lifetime of grievances, hurts, secrets, and passions that are ready to boil over.

School has the potential to be a major source of personal and academic fulfilment. However, the reality is that fear and failure pervade many students' academic lives. Rather than respond to these fears in constructive and courageous ways, many students engage in self-defeating, avoidant and helpless behaviours. This book examines the counterproductive strategies students use in schools today, and suggests successful practices educators can adopt to eliminate fear and failure in the classroom and help students respond to their
