

Girls Think Of Everything

It had seemed so simple, even fun, when they explained it: New York needed non-satellite-based relay towers. Commco sent me to find towns along the needed pathway, to offer to restore some of the boons of civilization in return for an agreement to build, power and guard the towers. After all, it had only been fifty years. I would never have believed that the countryside would have turned barbaric so fast. Thus begins Martin Barrister’s journey through an unfamiliar landscape, where his training and skills are of little help, and only quick wits and creativity will allow him to survive. When his job turns out to be a ruse, and he becomes bait in a dispute he can barely fathom, Martin discovers what loyalty is worth. And what civilization is - and isn't - comprised of.

Maris Forrester has a wonderful life with an amazing boyfriend and a fulfilling job. She's happy and content . . . or so she thinks. Maris has always had huge dreams of being on Broadway. Ever since her very first performance as a child, she has envisioned herself on the stage under the shining lights. Now she has to decide whether she should to give up her wonderful life to chase those dreams. When her parents announce they are moving, she comes across a long-lost family treasure. She doesn't realize that this treasure may hold the key to her future and to all her dreams coming true. And if that wasn't sign enough, a mysterious stranger throws another wrench in the mix at a dazzling rooftop party benefiting the Arts. These could be signs of things to come. But will she remain content in her perfect world, or will she step into the unknown world she has always dreamed of?

A fun and feminist look at forgotten women in science, technology, and beyond, from the bestselling author of THE FANGIRL’S GUIDE TO THE GALAXY You may think you know women ’ s history pretty well. But have you ever heard of. . . . Alice Ball, the chemist who developed an effective treatment for leprosy—only to have the credit taken by a man? . Mary Sherman Morgan, the rocket scientist whose liquid fuel compounds blasted the first U.S. satellite into orbit? . Huang Daopo, the inventor whose weaving technology revolutionized textile production in China—centuries before the cotton gin? Smart women have always been able to achieve amazing things, even when the odds were stacked against them. In Wonder Women, author Sam Maggs tells the stories of the brilliant, brainy, and totally rad women in history who broke barriers as scientists, engineers, mathematicians, adventurers, and inventors. Plus, interviews with real-life women in STEM careers, an extensive bibliography, and a guide to women-centric science and technology organizations—all to show the many ways the geeky girls of today can help to build the future. Table of Contents: Women of Science Women of Medicine Women of Espionage Women of Innovation Women of Adventure

AN INSTANT NEW YORK TIMES BESTSELLER! From the # 1 New York Times bestselling author of Eat Pray Love and The Signature of All Things, a delicious novel of glamour, sex, and adventure, about a young woman discovering that you don't have to be a good girl to be a good person. "A spellbinding novel about love, freedom, and finding your own happiness." - PopSugar "Intimate and richly sensual, razzle-dazzle with a hint of danger." -USA Today "Pairs well with a cocktail...or two." -TheSkimm "Life is both fleeting and dangerous, and there is no point in denying yourself pleasure, or being anything other than what you are." Beloved author Elizabeth Gilbert returns to fiction with a unique love story set in the New York City theater world during the 1940s. Told from the perspective of an older woman as she looks back on her youth with both pleasure and regret (but mostly pleasure), City of Girls explores themes of female sexuality and promiscuity, as well as the idiosyncrasies of true love. In 1940, nineteen-year-old Vivian Morris has just been kicked out of Vassar College, owing to her lackluster freshman-year performance. Her affluent parents send her to Manhattan to live with her Aunt Peg, who owns a flamboyant, crumbling midtown theater called the Lily Playhouse. There Vivian is introduced to an entire cosmos of unconventional and charismatic characters, from the fun-chasing showgirls to a sexy male actor, a grand-dame actress, a lady-killer writer, and no-nonsense stage manager. But when Vivian makes a personal mistake that results in professional scandal, it turns her new world upside down in ways that it will take her years to fully understand. Ultimately, though, it leads her to a new understanding of the kind of life she craves - and the kind of freedom it takes to pursue it. It will also lead to the love of her life, a love that stands out from all the rest. Now eighty-nine years old and telling her story at last, Vivian recalls how the events of those years altered the course of her life - and the gusto and autonomy with which she approached it. "At some point in a woman's life, she just gets tired of being ashamed all the time," she muses. "After that, she is free to become whoever she truly is." Written with a powerful wisdom about human desire and connection, City of Girls is a love story like no other.

Parker O'Neill is a man with the world at his feet. Son of the CEO of O'Neill's International, he is ready to take over as head of the company, once his father retires in six months' time.However, Parker has earned himself the ultimate playboy reputation, and not everyone thinks he is ready to take control of the company that he was groomed for all his life.Given an ultimatum that he has to settle down if he wants to take over from his father; Parker decided the only way to solve his problem, is to pay someone to play the part of his dutiful wife.Alice Whitman is a hard working girl, with a kind heart. Raised by her grandmother after losing her parents, she knows what its like to lose everything.Sophia, Alice's grandmother, is getting older and growing weaker by the day. Alice is the only one Sophia has, so it falls to her to do whatever it takes to help her beloved Gram.When Parker makes Alice an offer he thinks she can't refuse, he is stunned to find that money doesn't always mean you get your own way. However, Alice soon realizes Parker might be the one person that can help her when she needs it most.Can they make their arrangement work without anyone finding out the truth, or will this thing between them turn into something neither of them expected it to be?

Presents brief accounts of the work of a variety of women scientists in such fields as astronomy, biology, anthropology, and medicine.

Tells the story of how women throughout the ages have responded to situations confronting them in daily life by inventing such items as correction fluid, space helmets, and disposable diapers.

One morning, Emma decided she simply did not want to be a kid anymore. She didn't want an early bedtime or have to sit in the back seat of the car, or be interrupted for dinner while playing hide-and-seek with her friends, or be told that unless she ate her vegetables, she would never grow up. But what happens when Emma starts to be a grownup and do grownup things? " Great book, great story, great lesson. My kids ages 6 and 9 enjoyed the story. It made them realize that being a kid is fun" -- Daniel. "A wonderful lesson in living in the NOW and not growing up before it is time. This was such a delight to read and the way Ms Alony put it together was perfect!Great book with beautiful illustrations, and my little niece gave it five stars!"-- Author Joyce L. Mitchel. "Excellent vocabulary" -- Kindle Costumer. Maria Alony creates high-quality, illustrated children's books that are not only fun and entertaining, but also contain an educational message and important values. As a mom herself, Maria reads picture books every night so that bedtime stories become part of her child's routine. She believes that reading children's books every day, for kids ages 4-8, is essential for developing language, fostering imagination, and promoting self-expression. When it comes to children, Maria knows that books are vital. Join Emma in the new edition of the children's book series "Emma and Everything" on her journey of self-discovery. As she learns to appreciate and love her life as it is, she discovers the beauty of being a kid. Scroll back up and and grab your copy now! This fully-illustrated picture book is a great read aloud for preschool children and is highly recommended as a self-read book for beginner readers as well.

Wild Woman Sisterhood Anthology I

Poems about animals we live around, nature and its affects on us, also other things to pause and think about. Contains color pictures. this is a paperback with thirty-six pages, twenty-eight poems.

Girls Think of EverythingStories of Ingenious Inventions by WomenHMH Books For Young Readers

Women, you need to stop and take a good look at what is real to see your position in a relationship. Where is it going? Has marriage been discussed after one year of courting? Does integrity guide this man? Can his word be depended upon? In WOMEN DON'T TAKE THE BLAME, Dr. Margarita D'Andrade helps to answer these questions and more. Secrets & Deceptions tells a rich and emotional story of three generations of women and the men in their lives. Beginning in Germany just before WWII and ending in the 21st century, the novel recounts tales of success and defeat, love and rejection, life and death, and family in the lives of Hannah, Sophie, and Madeleine. Following in the style of writers such as Anais Nin and Erica Jong, the book explores sexuality and the mores of each generation.This entertaining and compelling book also recounts the horrors of Nazi Germany and its impact on survivors and their families. Secrets & Deceptions personalizes survivor guilt through the poignant story of Leo, Sophie's husband and Madeleine's father.

Be careful what you wish for! For fans of slow building, character driven, intense and compelling psychological thrillers. A self-obsessed Japanese icon appears to have a perfect life. Fame, fortune, and a celebrity marriage... but all is not as it seems. Yayoi wears her glamor like a mask. There are dark corners of her life she wants to hide from her many fans. An abusive husband, an oppressive recording contract with J-BIG Corp, a company controlled by her husband's family that is crushing her creativity. Then there are all her memories of a life swept away by a tsunami. While in New Zealand to film a music video, she is surprised by her estranged husband Nori, who without warning appears at her hotel and assaults her. On the run from both Nori and J-BIG, she meets Bill, a young corporate attorney recently made redundant, who plans to revisit his past in the hope he

can heal old wounds and reshape his future. Although from two very different worlds, they find themselves falling for each other, both unaware of the extreme measures Nori will take to get Yayoi to return to Japan with him. The Girl With Two Names is set in urban Japan and the raw backwoods of New Zealand. NB : the book, as stated above, is a psychological thriller. You are being purposefully placed in the head of a heroine with strong personality flaws that do have severe outcomes for those who allow her into their lives. This is an important aspect of the story.

Four out of four stars! - Official Review, Online Book Club

Hairnanimans. Friendship. Big Dreams. The previously scheduled life Maya Hatton planned has been interrupted for an emergency broadcast announcement. A news station manager threatens to destroy over twenty years of brand and image building with a new contract from hell. Her husband Roddrecus moved into the rental property and refuses to move home without explanation. Instead of finding confidence, fun, and freedom as she enters her mid-fifties she’s faced with crises. Fans believed she had it all together but her dream team lost a member, a villain hijacked her fairy tale marriage and now she needs to remember how to be the Maya everyone thinks she is or lose the best thing she ever had. Natural Sistahs series is written by an African American author whose chosen her natural hair since 1998. While one of many indie published black authors she considers her books appropriate for the women’s fiction category though most would be shelved in the black fiction, black books, African American women’s fiction, or black women’s fiction section in most physical bookstores.

Risk everything . . . for love with this #1 New York Times bestseller. What if you couldn’t touch anything in the outside world? Never breathe in the fresh air, feel the sun warm your face . . . or kiss the boy next door? In Everything, Everything, Maddy is a girl who’s literally allergic to the outside world, and Olly is the boy who moves in next door . . . and becomes the greatest risk she’s ever taken. My disease is as rare as it is famous. Basically, I’m allergic to the world. I don’t leave my house, have not left my house in seventeen years. The only people I ever see are my mom and my nurse, Carla. But then one day, a moving truck arrives next door. I look out my window, and I see him. He’s tall, lean and wearing all black–black T-shirt, black jeans, black sneakers, and a black knit cap that covers his hair completely. He catches me looking and stares at me. I stare right back. His name is Olly. Maybe we can’t predict the future, but we can predict some things. For example, I am certainly going to fall in love with Olly. It’s almost certainly going to be a disaster. Everything, Everything will make you laugh, cry, and feel everything in between. It’s an innovative, inspiring, and heartbreakingly romantic debut novel that unfolds via vignettes, diary entries, illustrations, and more. And don’t miss Nicola Yoon’s The Sun Is Also A Star, the #1 New York Times bestseller in which two teens are brought together just when it seems like the universe is sending them in opposite directions.

What happens when Cooper, a newly adopted puppy, takes up residence in Henry's home? The little pooch sure is adorable, but who knew he had so much to learn! Love Me Gently is a kid's guide to man's best friend. It captures the everyday challenges of raising a pup through a child's eye. But who is teaching who? Henry may be coaching Cooper, but he is also discovering valuable lessons about responsibility, unconditional love, patience, and kindness along the way!

This is a not for profit project to help empower women and give support through our stories of survival, overcoming abuse, self-doubt, our environment and cultures to find true freedom and love ourselves as well as others.The mission was to tell raw unfiltered stories of faith, love, tragedy and get down to what really makes us who we are. We have not censored or edited out any of the triggers, language, or voice of our authors..this is as raw as you can get!Find out what we are up to next on Facebook:Wild Woman Sisterhood Anthology

Do you want to climb a mountain? Drive a fire engine? Become prime minister? Join the girls in the pages of this book to see the incredible things they do every day and find out what you might like to do, too! A picture book for every girl with a dream.

1st Place Gold Award in the 2015 Feathered Quill Book Program for Science Fiction/Fantasy! Finalist in the 2014 Book Pipeline Contest! Travel to the future - it will only cost you everyone you love. Attacked and injected with a drug which slows his metabolism to a fraction of normal, Martin James becomes an unwilling time traveler who hurtles through the years. His children grow up, his wife grows older, and his only hope is finding the people who injected him in the first place- not an easy task when one day for Martin lasts four years. And while Martin James strives to find a cure before everyone he loves is gone, others are uncertain if his journey can be stopped at all. W. Lawrence weaves a dystopian future filled with the best and worst of humanity, highlights the blessings and curses of technology, and pushes the limits of faith and hopelessness. Above all, Syncing Forward is a tale of one man's love for his family, and their devotion to saving him from being lost forever.

The Essentials

Brave women from diverse backgrounds make the world a better place through their businesses in this inspiring companion to the best-selling Girls Think of Everything by Sibert-winner Catherine Thimmesh and Caldecott Honor winner Melissa Sweet. For fans of Women Who Dared and Women in Science. Women all over the globe are asking questions that affect lives and creating businesses that answer them. Like, can we keep premature babies warm when they're born far from the hospital? Or, can the elderly stay in their homes and eat a balanced diet? Women are taking on and solving these issues with their ingenuity and business acumen. How did they get their ideas? Where does the funding for their projects come from? And how have some of these businesses touched YOUR life? Girls Solve Everything answers these questions, inspiring today's kids to learn from entrepreneurs and take on some of the world's biggest problems, one solution at a time.

As a writer for AskMen.com, Examiner.com, co-founder and Dating and Relationship Consultant for Suave Lover International and the Suave Lover Podcast, long term bartender and public health professional, I have direct client, personal and social experiences towards improving and solving pick up, dating and relationship situations. The young straight men I've seen and worked with, initially want two things, to meet more women and have more sex. What they don't know is that the success for those two things relies on more than specific pick up lines and rico suave moves, it involves becoming a better man. The current market for pickup and dating self-help material is overwhelming, objectifying, lacks universality and misses out on this concept. The Essentials provides quick answers for men who want to improve their success with women but with a focus on overall development. Packaged as a travel-friendly, one-stop summary of the very best advice, with sections ranging from self-improvement to creating and sustaining relationships, The Essentials is what you need to improve your current status as a Man. Problem: The current market for pickup and dating self-help material is overwhelming, objectifying, and lacks universality. Solution: The Essentials, packaged as a travel-friendly, one-stop summary of advice, avoids pick-up lines or rico suave moves, and provides expert and concise answers for men who want to improve their success with women but with a focus on overall internal development. Short and to the Point: Read this - Meet more people, Have more sex, Improve yourself

A practical and humorous guide provides instructions and tips for everyday life, covering such topics as how to pose for a picture, explain tardiness, deal with bullies, save the planet, walk a dog, and cope when zombies attack.

Despite scientific evidence to the contrary, as far as the health care profession is concerned the standard operating design of the human body in male. So when a book comes along as beautifully written and endlessly informative as Natalie Angier's Woman: An Intimate Geography, it's a cause for major celebration. Written with whimsy and eloquence, her investigation into female physiology draws its inspiration not only from scientific and medical sources but also from mythology, history, art, and literature, layering biological factoids with her own personal encounters and arcane anecdotes from the history of science. Who knew, for example, that the clitoris-with 8,000 nerve fibers-packs double the pleasure of the penis; that the gene controlling cellular sensitivity to male androgens, ironically enough, resides on the X-chromosome; or that stress hormones like cortisol and corticosterone are the true precursors of friendship?The mysteries of evolution are not a new subject for Angier, a Pulitzer Prize-winning biology writer for the New York Times whose previous books include The Canon and Natural Obsessions. The strengths of Woman begin with Angier's witty and evocative prose style, but its real contribution is the way it expands the definition of female 'geography' beyond womb, breasts, and estrogen, down as far as the bimolecular substructure of DNA and up as high as the transcendent infrastructure of the human brain.

Girls Solve Everything

An Intimate Geography

In high school, everyone's talking about college. What to do. Where to go. Why it's important. Classes are given on it. Books are written about it. But details get left out. Every year, college graduates learn this the hard way as they step into adulthood. I was one of them. After earning a four-year degree, I went through two of the worst years of my life. Not that my situation is unique. I am a part of a generation that was told to go to college first and sort out the details later. Most of us did. We chased the promise of a big shiny future, and we ended up being chased by the mistakes of our past. That's not to say we completely regretted going. This book isn't a list of privileged or unprivileged complaints. It's a collection of wisdom gained in less than pleasant ways. It's a story of hardship, failure, victory, and perseverance. It's all of the things we wish someone had told us. And it takes place before college, in college, after college, and without college. This is the wild, painful, awkward, hilarious, depressing, & beautiful journey from youth to maturity. This is the college book that no one ever gave us.

James Ramos adds a quirky new spin to a beloved classic in his modern, gender-swapped retelling of Pride and Prejudice. Fans will feel they are meeting their favorite characters for the first time as they encounter new laughs, endless high school drama, and a timeless romance with a twist.

"Sixty years later, Jaffe's classic still strikes a chord, this time eerily prescient regarding so many of the circumstances surrounding sexual harassment that paved the way toward the #MeToo movement." -Buzzfeed When Rona Jaffe's superb page-turner was first published in 1958, it changed contemporary fiction forever. Some readers were shocked, but millions more were electrified when they saw themselves reflected in its story of five young employees of a New York publishing company. Almost sixty years later, The Best of Everything remains touchingly—and sometimes hilariously—true to the personal and professional struggles women face in the city. There's Ivy League Caroline, who dreams of graduating from the typing pool to an editor's office; naive country girl April, who within months of hitting town reinvents herself as the woman every man wants on his arm; and Gregg, the free-spirited actress with a secret yearning for domesticity. Jaffe follows their adventures with intelligence, sympathy, and poise as sharp as a paper cut.

Women and men are equally capable as leaders, but women have been trained to be nice. Being nice can take us only so far then it trips us up. To be effective, we need to reach inside ourselves and realize that just as mothers would walk in front of a bus to save their child, so we each can find a similar passion and commitment that push us onward removing fear and doubt so we simply do what we know to be right.Do you have to be born a leader? Have a title? Be a man? A certain age? The answer is: no. Each of us has leadership potential within and when we do our inner work, we can be the leader of our family, company, or community.Failure and mistakes are not general accepted as the road to success, but they are often our most powerful tools to growth. Read how others, including Abraham Lincoln, used failed attempts to spur them on.Read stories of leaders and find out their secrets. Learn to recognize mercenaries and real leaders, and decide which you want to be. There are challenges throughout the book that provide valuable lessons to enhance your leadership skills.In Feisty & Fearless: Nice Girls CAN Be Leaders:* The characteristics of effective leaders* 14 Exercises to guide you through your work in becoming a more effective leader* Discover that Caring is one of the keys to authentic leadershipRead stories of women leaders:* An artist who empowers children* A successful CEO who puts her family first* A divorced mother who reinvented herself to provide for her children* An actress turned successful business owner who heals a family rift* A child leader* A company leader who thinks empowering others is her main job* A world-renowned expert and author who puts her ego aside* A feminist who lets nothing stop her in her work to have women learn how to be safe"Wow, at last! Here is a feminist voice that covers discrimination of all colors and sizes - bigotry against women, Jews, immigrants, having red hair, too little money and too much, fat, bossy. The list is endless." Carolyn Howard-Johnson, award-winning author of Imperfect Echoes"We all have a back story, the failures and the poor decision making we recognise when we look back on our lives, and Pauline is refreshingly frank about her own ups and downs. Her determination to step up and show responsibility is a practical manual in leadership skills which will inspire and motivate many women."Karen Abrams Lawyer/Lecturer, U.K.

Emma Wants to Be a Grown- Up

From the engineers to the suit testers, the story of the many people in various professions who worked behind-the-scenes to get Apollo 11 on the moon and safely back is presented through quotes, transcripts, national archives, and full-color NASA photos.

Hide your children, lock your doors, and load your guns because zombies are real and they are coming. Danny Terrence knows this better than anyone. He spent months preparing for the inevitable moment the disease would reach his small town. What he didn't prepare for is the fact that nobody really believes him. Luckily for him, an old classmate and bully just happens to be the first one bitten. The bad news is that the family with the biggest arsenal of guns just packed up and left town, leaving them defenseless from an oncoming zombie horde. Being a leader isn't turning out the way Danny imagined. Yet four other survivors easily have it worse than him. Between a thirteen-year-old girl on a road trip from hell, a family of paranoid hunters having to deal with their feelings for the first time ever, a stubborn doctor butting heads with a cold-hearted sergeant and an amoral British professor carrying the fate of humanity in his hands, Danny has it easy. Unless, of course, they all end up in his town, messing with his already messed up life. Follow these five people as their paths cross and their lives and hopes are challenged in this thrilling novel. Those Who Remain: Book One is part of a trilogy.

Brave orphan Mina dreams of becoming a great scientist, even though she's just a beginner. But when her parents' killer escapes from prison and threatens to kill again, she must make the terrifying leap from apprentice to master sooner than planned if she wants to survive.Book 1 of The Naturalist combines historical fantasy with thrilling adventure and a touch of Renaissance romance.
