Every year 8,00,000+ students appear for the GATE exam, knowing that the odds of cracking one of the hardest examinations are slim and when they start their preparation probably none of them would know how to prepare for one of the toughest examinations in India. It's only disheartening to know that despite years of examination, not once an engineer thought let me publish a book that will help the young aspirants. When I was in my preparation phase, there was no guidance whatsoever, the only seniors I know provided me bare minimum guidance as they themselves were too busy. I had to fail twice before I finally understood the examination and how to prepare for it. This journey prompted me to do something for the young engineers preparing for the examination and thus to provide guidance and ensure that they do not have to struggle as I did during my preparation phase. I wrote, the book "THE GATE ASPIRANT, After providing guidance for 5 years and

In this accessible guide, Shashi Solluna breaks all preconceptions about Tantra and introduces us to the real philosophy behind this sacred practice. In traditional descriptions, Tantra is often defined as meaning "to weave", and can be compared to the weaving of a fabric. Tantra is therefore a path that weaves together. Ultimately, Tantra points us to the highest level of consciousness in which one merges into Oneness and no longer feels like a separate physical entity. This is sometimes called "Heaven" as opposed to the more tangible experience of "Earth". This book explains how Tantra can allow us to move from a physical solid experience of

reality into the lighter more ethereal
experience - or from Earth to Heaven - and
then ultimately bring Heaven to Earth! This
books explores: • The history of Tantra • The
core principles of Tantra • An understanding
of the tantric approach to sexuality •
Practices to explore your own Tantric
sexuality • A tantric understanding of
relationship, love and intimacy • An
understanding of Tantra as a spiritual path •
Practices for creating spiritual experiences
and higher states of consciousness ...and
much more!
