Softbound Interactive Student Text is divided into a two-volume set that is perfed and 3-hole punched for easy organization for middle school students. This is volume 1.

"The text is suitable for a typical introductory algebra course, and was developed to be used flexibly. While the breadth of topics may go beyond what an instructor would cover, the modular approach and the richness of content ensures that the book meets the needs of a variety of programs."--Page 1.
