

Glencoe Julius Caesar Study Guide

On a warm afternoon in the fall of 1861 Carter Druse is on picket duty on top of a cliff overlooking a valley where five regiments of the Union army are resting. The enemy is near, and the Union force means to surprise them in the night unless "accident or vigilance" forewarns them. Druse had been sleeping but wakes to see a man on a horse surveying the activity in the valley below. He sights his rifle, but hesitates when the rider turns and seems to look straight at him. In a crisis of conscience, Druse questions where his duty lies. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Hiding from the Nazis in the "Secret Annexe" of an old office building in Amsterdam, a thirteen-year-old girl named Anne Frank became a writer. The now famous diary of her private life and thoughts reveals only part of Anne's story, however. This book completes the portrait of this remarkable and talented young author. Tales from the Secret Annex is a complete collection of Anne Frank's lesser-known writings: short stories, fables, personal reminiscences, and an unfinished novel. Here, too, are portions of the diary originally withheld from publication by her father. By turns fantastical, rebellious, touching, funny, and heartbreaking, these writings reveal the astonishing range of Anne Frank's wisdom and imagination--as well as her indomitable love of life. Anne Frank's Tales from the Secret Annex is a testament to this determined young woman's extraordinary genius and to the persistent strength of the creative spirit.

More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.

For centuries it has been assumed that democracy must refer to the empowerment of the People's voice. In this book, Green argues that it is both possible and desirable to understand democracy in terms of what the People gets to see instead of the traditional focus on what it gets to say.

Exploring Theatre focuses on the development of the total student, which includes developing personal resources, self-confidence, the ability to work well with others, and a life-long appreciation of theater; learning to bolster self-concepts, build an ensemble, observe people and places more closely, move expressively, and become more aware of the senses; learning basic acting skills such as improvisation, characterization, role preparation, and stage movement; exploring a range of career or avocational opportunities in theater and theater education; understanding the various aspects of the production process; and studying special topics such as storytelling, clowning, oral interpretation, readers theater, and puppetry. This text is an ideal introductory theater text for both middle and high school.

Teaching Shakespeare

Examines the interactions between sociological theory and research in various approaches to the study of social structure, evaluating the limitations and functions of each. Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized.

In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.

Set in the waning days of the British Empire in Burma (currently Myanmar), *Burmese Days* is a moving and insightful story of colonial life where socio-economic divisions are strictly upheld and corruption is rife within the local administration. An Indian, Dr. Veraswami has incurred the enmity of U Po Kyin, the local magistrate, and only membership in the white-only Club will protect him. John Flory, a white timber-merchant, is positioned to help Veraswami, but finds his own life changing when he falls in love with the newly-arrived Elizabeth Lackersteen. The first of George Orwell's novels, *Burmese Days* is based on Orwell's observations and experiences as a policeman in Burma in the 1920s, and explores such themes as imperialism and racism. First published in 1934,

Burmese Days received a mixed reaction from the press, simultaneously lauded and criticized for its unflinching portrayal of colonial life. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Covers the events surrounding and including the Montgomery Bus Boycott, the end of segregation on buses.

Governance is a word that is increasingly heard and read in modern times, be it corporate governance, global governance, or investment governance. Investment governance, the central concern of this modest volume, refers to the effective employment of resources—people, policies, processes, and systems—by an individual or governing body (the fiduciary or agent) seeking to fulfil their fiduciary duty to a principal (or beneficiary) in addressing an underlying investment challenge. Effective investment governance is an enabler of good stewardship, and for this reason it should, in our view, be of interest to all fiduciaries, no matter the size of the pool of assets or the nature of the beneficiaries. To emphasize the importance of effective investment governance and to demonstrate its flexibility across organization type, we consider our investment governance process within three contexts: defined contribution (DC) plans, defined benefit (DB) plans, and endowments and foundations (E&Fs). Since the financial crisis of 2007–2008, the financial sector’s place in the economy and its methods and ethics have (rightly, in many cases) been under scrutiny. Coupled with this theme, the task of investment governance is of increasing importance due to the sheer weight of money, the

retirement savings gap, demographic trends, regulation and activism, and rising standards of behavior based on higher expectations from those fiduciaries serve. These trends are at the same time related and self-reinforcing. Having explored the why of investment governance, we dedicate the remainder of the book to the question of how to bring it to bear as an essential component of good fiduciary practice. At this point, the reader might expect investment professionals to launch into a discussion about an investment process focused on the best way to capture returns. We resist this temptation. Instead, we contend that achieving outcomes on behalf of beneficiaries is as much about managing risks as it is about capturing returns—and we mean “risks” broadly construed, not just fluctuations in asset values.

A poetic translation of the classic Arthurian story is an edition in alliterative language and rhyme of the epic confrontation between a young Round Table hero and a green-clad stranger who compels him to meet his destiny at the Green Chapel. Reprint. 20,000 first printing.

The amazing New York Times bestseller about what you can do when life gives you a second chance.

Chase's memory just went out the window. Chase doesn't remember falling off the roof. He doesn't remember hitting his head. He doesn't, in fact, remember anything. He wakes up in a hospital room and suddenly has to learn his whole life all over again . . . starting with his own name. He knows he's Chase. But who is Chase? When he gets back to school, he sees that different kids have very different reactions to his return. Some kids treat him like a hero. Some kids are clearly afraid of him. One girl in particular is so angry with him that she pours her frozen yogurt on his head the first chance she gets. Pretty soon, it's not only a question of who Chase is -- it's a question of who he was . . . and who he's going to be. From the #1 bestselling author of *Swindle and Slacker*, *Restart* is the spectacular story of a kid with a messy past who has to figure out what it means to get a clean start.

After defeating enemies in battle, Roman citizens celebrate in the streets as Julius Caesar and his entourage make their way through the city. As Caesar passes a soothsayer, he receives an ominous

warning: "Beware the ides of March," which he immediately disregards. Meanwhile, some of his closest followers are convinced their leader has become too powerful and plot his removal. Plutarch's Lives of the Noble Grecians and Romans was Shakespeare's primary source for Julius Caesar. This Standard Ebooks edition is based on William George Clark and William Aldis Wright's 1887 Victoria edition, which is taken from the Globe edition. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Teaching Shakespeare has been a major contribution to the knowledge and expertise of all teachers of Shakespeare from primary upwards for two decades. This full-colour second edition is in a larger format, updated to reflect modern classroom practice. It includes new contributions by leading practitioners from Shakespeare's Globe, the Shakespeare Schools Festival, the Shakespeare Birthplace Trust and the Cambridge School Shakespeare editorial team. Teaching Shakespeare makes explicit the 'Active Shakespeare' principles which underpin Cambridge School Shakespeare and includes activities and advice to help teachers develop their existing good practice, making the learning of Shakespeare valuable and enjoyable for all involved. 35 reproducible exercises in each guide reinforce basic reading and comprehension skills as they teach higher order critical thinking skills and literary appreciation. Teaching suggestions, background notes, act-by-act summaries, and answer keys included.

A Sociological Study of the Oligarchical Tendencies of Modern Democracy

A comprehensive resource for hands-on pursuits in everyday and less-common areas features updated advice on topics ranging from going green and selling a home in a down market to job hunting in a challenged economy and traveling on a budget. 50,000 first printing.

In the mid 1700s, around the age of eleven, Olaudah Equiano and his sister were kidnapped from their village in equatorial Africa and sold to slavers. Within a year he was aboard a European slave ship on his way to the Caribbean. The Interesting Narrative of the Life of Olaudah Equiano, or Gustavus Vassa, the African was published by the author in 1789 and is part adventure story, part treatise on the corrupting power of slavery, and part tract about the transformative powers of Christianity. Equiano's story takes him from Africa to the Americas, back across the Atlantic to England, into the Mediterranean, and even north to the ice packs, on a mission to discover the North-East passage. He fights the French in the Seven Year's War, is a mate and merchant in the West Indies, and eventually becomes a freedman based in London. The Interesting Narrative of the Life of Olaudah Equiano was one of the first popular slave narratives and was reprinted eight times in the author's lifetime. While modern scholars value this account as an important source on the life of the eighteenth-century slave and the transition from slavery to freedom, it remains an important literary work in its own right. As a valuable part of the African and African-American canons, it is still frequently taught in both English and History university courses. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

At a time when the relevance of literary theory itself is frequently being questioned, Richard Wilson makes a compelling case for French Theory in Shakespeare Studies. Written in two parts, the first half looks at how French theorists such as Bourdieu, Cixous, Deleuze, Derrida and Foucault were themselves shaped by reading Shakespeare; while the second part applies their theories to the plays, highlighting the importance of both for current debates about borders, terrorism, toleration and a multi-cultural Europe. Contrasting French and Anglo-Saxon attitudes, Wilson shows how in France, Shakespeare has been seen not as a man for the monarchy, but a man of the mob. French Theory thus helps us understand why Shakespeare's plays swing between violence and hope. Highlighting the recent religious turn in theory, Wilson encourages a reading of plays like Hamlet, Julius Caesar, A Midsummer Night's Dream and Twelfth Night as models for a future peace. Examining both the violent history and promising future of the plays, Shakespeare in French Theory is a timely reminder of the relevance of Shakespeare and the lasting value of French thinking for the democracy to come.

A Guide to the Study and Use of Military History

Julius Caesar

Using an introduction to mythology by the master storyteller Ovid himself, the authors have prepared a unique teaching tool designed to achieve proficiency at Latin in one year at the college level, two years at the high school or intermediate level. The volume provides students with imaginative, connected reading, beginning with introductory prose versions of Ovid's simple myth tales and progressing to the rich poetry of Ovidian Latin (with appropriate teaching aids) within forty lessons. The grammatical approach is traditional, but the central emphasis is on reading. In each chapter the reading appears first, followed by the vocabulary, the grammar, exercises, and etymology relating to the vocabulary. The exercises begin with a group of questions in Latin (based on the reading), to be answered in Latin. Each tale is preceded by a brief discussion in English of the story and its mythological

significance. The myths retold by Ovid and the attractive format are conceived to impel the student into acquiring the skill to read the author in the original language. For additional complimentary materials on this topic, please see Latin Via Ovid Audio materials (available via downloadable flash drive and cassette tapes) by Norma Goldman and Jacob E. Nyenhuis and the accompanying text Practice, Practice: A Latin Via Ovid Workbook by Norma Goldman and Michael Rossi.
