In the second half of the nineteenth century Scottish Baptists like other Evangelical Protestant denominations were focusing more on things they had in common, such as a commitment to home evangelization and church-planting; providing a common fund to assist small and struggling congregations; the provision of theological education for the training of prospective pastors, together with the need to disseminate information between the churches concerning their progress in the work of the gospel. From the start of this Baptist Union in 1869 the numbers of churches and members grew steadily until 1935. It was a remarkable story of dedicated Christian service. Scottish Baptists came through two world wars, the social revolution of the 1960s, and the materialistic emphases of the 1980s with a significant degree of success in adapting their evangelistic activities to relate to their social context. There is little doubt that from the late 1980s the growing secularization in this country ensured that mission strategies adopted by these Scottish Christians were less successful than in previous decades. However, a revitalization of its work in the early years of the twenty-first century has given renewed grounds for hope for its work and

witness in the coming years.

No nation on earth has a richer, more colourful, and more long-standing heritage of evangelical awakenings than Scotland - yet many are unfamiliar with its dramatic legacy. It is commonly assumed that very few genuine revivals occurred between the Moody & Sankey Revival of 1873-74 and the Lewis Revival of 1949-53 but Tom Lennie reveals that religious awakenings were relatively common in Scotland between these dates - and provides a comprehensive account of many exciting revivals. "In this fair-minded and thorough book, Tom Lennie has shown that there were evangelical awakenings in many parts of the land down to the inter-war years."-David Bebbington, Professor of History, University of Stirling, Scotland "...it is not new techniques or new schemes we need... It is what many nineteenth and early twentieth-century Scottish Christians, whose experience of true revival is set forth in this well-documented book, knew: the awesome God of holiness himself drawing near to his people and setting mind and heart ablaze with glorious light. Read---and pray!"-Michael A.G. Haykin, Professor of Church History, `Hie Southern Baptist Theological Seminary, Louisville, Kentucky "....a welcome addition to the literature on the evangelical history of Scotland. He has researched the sources - both oral and written - thoroughly, and has assessed, the evidence thoughtfully..."-Iain D. Campbell,

Free Church of Scotland, Back. Isle of Lewis "an intriguing, judiciously balanced, and often inspiring account of movements of the Holy Spirit in Scotland in a period that we do not normally think of as characterized by revivals. It has encouraged me to pray with new expectancy for God to revive His work among us."-Douglas F. Kelly, Richard Jordan Professor of Theology, Reformed Theological Seminary, Charlotte, North Carolina

"Extensively researched and engagingly written. Tom Lennie is to be commended for bringing to life an element of Scottish church history that has not received the attention it deserves."-Sandy Finlayson, Professor of Theological Bibliography, Westminster Theological Seminary, Philadelphia, Pennsylvania

"I have come through the pages of this book with a prayer forming on my breath again and again: `Gome Lord once more to this land. Visit us with another day of Your Power.'" -Kenny Borthwick, Holy Trinity Church, Wester Hailes, Kdinburgh

Boone Adams: He was so smart he wrote half the English papers for the freshman class, when he wasn't getting drunk at night and waking up hung over in the morning. To him life was full of promise . . . just the ones it didn't intend to keep. Jennifer Grayle: She was the campus golden girl, so rich, so pretty, that every boy wanted to take her out. Except Boone. He wanted to marry her. John Merchant: He was tall and blond with blue eyes and a cleft in his chin like Cary Grant's. He didn't have Boone's lively imagination, but he had something else: Jennifer. Praise for Love and Glory "[Robert] Parker writes with economy and precision and wit and passion. . . . Love and Glory [is] one of the best love stories I've ever encountered."—The Press-Chronicle "A straightforward, unrelenting, shamelessly romantic novel that's about a two-year obsession. . . . It works . . . [and] love stories that work are almost an extinct breed. Almost."—Santa Cruz Sentinel "Parker's writing is like fine architecture or music—it's both intricate and direct. There are no false notes."—Chicago Sun-Times

Watkins Glenn, The Street Years

Three-dimensional stereoviews were wildly popular in the mid-19th century. Yet public infatuation fueled highbrow scorn, and even when they fell from favor, critics retained their disdain. Thus a dazzling body of photographic work has unjustly been buried. This book explores how compelling images were made by carefully combining subject matter, composition, lighting, tonality, blocking and depth. It draws upon the fine arts, the mass media, humanities, history, and even geology. Throughout, overlooked photographers are celebrated, such as the one who found extraordinary visual parallels within nature, anticipating Cézanne and Seurat—or the one who refused to play favorites during a bitter war and found humanity on both sides—or the one who took a favorite American glen and found menace all about. Stereographers were actually more like film directors or television producers than large format photographers: the best ones fused artistry with commercial appeal. This volume offers updated accounts of Pentecostalism in Zimbabwe, and explores most of the dominant themes in contemporary Pentecostalism, including leadership, competition, gender, youth and prosperity. In addition, some chapters investigate

emerging themes in studies on Pentecostalism, such as disability. Contributors to this volume situate Zimbabwean Pentecostalism within the larger continuum of global Pentecostalism, and reflect on Pentecostal biblical interpretation, the interface between Pentecostalism and African Traditional Religions, the use of titles in Zimbabwean Pentecostalism and Pentecostalism's engagement with HIV/AIDS. The book will appeal to scholars in religious studies and theology, religious education, disability studies, social sciences, history, political science, development studies, gender, cultural studies, and anthropology, as well as general readers.
