Going Down in FlamesEntangled: Teen

I remember when I thought my life would be like the fairy tales I read about. I'd do anything to go back in time when everything was so simple. When my knight in shining armor had a face and a name. When my biggest secret was that I snuck out at night to watch the stars. I' worried that there's a sickness in me, swallowing me whole. I don't understand what's happening to me. I don't understand why the only person I can find solace in is someone I can't see. I should want justice. But I don't. I want revenge. I need vengeance like I need the air I breathe. No one can feel my pain. No one can see just how badly I've been burned. I've danced in the flames my whole life. I know how to live in the fire. But I've never come out unscathed. A piece of me always turns to ash and there is no going back. I can never be that little g again. I'm no princess. I'm the villain. I've been consumed by the flames, and I want everything in my path to burn.

Bryn is back for her senior year at the Institute for Excellence, also known as shape-shifting dragon school. She isn't sure which is scarier, the life-force sucking dragons stalking campus or the fact that she's officially betrothed to Jaxon, a guy who will never love her. Not that she could ever love him, either... That's just ridiculous. Senior year should be fun. Her parents are alive, she's finally fitting in, and she's learning how to be a Medic. But what's with Jaxon giving her strange looks? He runs hot and cold, and he doesn't even have the excuse of being a hybrid fire-and-ice-breathing dragon like her. One minute they're having a great time and the next, she wants to blast a fireball at his head. The marriage contract of doom looms over them--unless this match not made in heaven kindles a flame... Sixteen million Americans served in World War II . . . This is one man's incredible story. "War and captivity -- life and death -- fear and bravery. A remarkable true story of World War II that takes us along through the hell of aerial combat against high odds, and the harsh life of survivors in Nazi prison camps. A tale well told, it gives us insight into the courage and character of our gallant young airmen who paved the way for the invasion of Fortress Europe and our ultimate victory over Hitler's Germany." -Major General Donald Ross, USAF (ret.) "Once I started reading 'Down in Flames, 'I couldn't put it down. It's well written and kept me turning the pages. Ray Parker was head writer on my daily CBS-TV show, 'House Party,' but he never talked about bombing missions over Germany during World War II and surviving a Nazi prison camp. What a surprise! I can certainly recommend this book." -Art Linkletter

My father is back from the dead. He won't leave town without me and no one can figure out why. Is it because of what I am? Does he want to use me as part of his religious cult? My mates are furious and I can't help but feel like I have brought this trouble on them. The supernatural community is upset by the light I've brought on them with the rightful murder of my mother and Jed. My classmates have been swayed by the cruel rumors that my bully has put out. Worst of all? The boys keep saying I can shift but I have had no luck. And what is this about a possibly mating heat? I don't miss the basement but it sure as heck was less complicated than this. This is a slow/medium burn fantasy RH that features a naive but strong MFC with a troubled past and a secret about what she really is. Percy Jackson is about to be kicked out of boarding school...again. And that's the least of his troubles. Book #1 in the NYT best-selling series, with cover art from the feature film, The Lightning Thief.

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

"David Sedaris's ability to transform the mortification of everyday life into wildly entertaining art," (The Christian Science Monitor) is elevated to wilder and more entertaining heights than ever in this remarkable new book. Trying to make coffee when the water is shut off, David considers using the water in a vase of flowers and his chain of associations takes him from the French countryside to a hilariously uncomfortable memory of buying drugs in a mobile home in rural North Carolina. In essay after essay, Sedaris proceeds from bizarre conundrums of daily life-having a lozenge fall from your mouth into the lap of a fellow passenger on a plane or armoring the windows with LP covers to protect the house from neurotic songbirds-to the most deeply resonant human truths. Culminating in a brilliant account of his venture to Tokyo in order to quit smoking, David Sedaris's sixth essay collection is a new masterpiece of comic writing from "a writer worth treasuring" (Seattle Times). Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel Hatchet with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. Hatchet has also been nominated as one of America's bestloved novels by PBS's The Great American Read. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

Ice-princess, Sara Sinclair, is the most un-Blue Blue Dragon of her Clan. And now her parents signed a marriage contract to an absolute asshat. Sara has no interest in being one half of a snobby Blue power couple. In fact, all she can dream about is biting her obnoxious fiance's head off and burying him in the garden. Since that can't happen, her future seems like a lost cause, until she meets Ian, a fire-breathing Red Dragon—who is everything her fiancé is not. Now Sara's jumped from the frying pan into the fire because dating outside of your Clan is against Directorate law. Ian could be thrown in jail or executed without a trial. But now that she knows what love feels like, she can't imagine being with anyone else. Talk about a rock and a hard place...

Since discovering she is a shape-shifting dragon, Bryn McKenna has seen her world thrown into chaos. Being a "crossbreed"—part Red dragon and part Blue—means Bryn will never fit in. Not with dragon society. Not with the archaic and controlling Directorate. And definitely not when she has striped hair and a not-so-popular affection for rule-breaking... But sneaking around with her secret boyfriend, Zavien, gets a whole lot harder when he's betrothed to someone else. Someone who isn't a mixed breed and totally forbidden. And for an added complication, it turns out Bryn's former archnemesis Jaxon Westgate isn't quite the evil asshat she thought. Now she's caught between her desire to fit in and a need to set things on fire. Literally. Because if Bryn can't adapt to the status quo...well, then maybe it's time for her to change it. Out of the Flames is an extraordinary story - providing testament to the power of ideas, the enduring legacy of books, and the triumph of individual courage. Out of the Flames tracks the history of The Chrisitianismi Restituto, examining Michael Servetus's life and times and the politics of the first information during the sixteenth century. The Chrisitianismi Restituto, a heretical work of biblical scholarship, written in 1553, aimed to refute the orthodox Christianity that Michael Servetus' old colleague, John Calvin, supported. After the book spread through the ranks of Protestant hierarchy, Servetus was tried and agonizingly burned at the stake, the last known copy of the Restitutio chained to his leg. Servetus's execution marked a turning point in the quest for freedom of expression, due largely to the development of the printing press and the proliferation of books in Renaissance Europe. Three copies of the Restitutio managed to survive the burning, despite every effort on the part of his enemies to destroy them. As a result, the book became almost a surrogate for its author, going into hiding and relying on covert distribution until it could be read freely, centuries later. Lawrence and Nancy Goldstone follow the clandestine journey of the three copies through the subsequent centuries and explore its author's legacy and influence over the thinkers that shared his spirit and genius, such as Leibniz, Voltaire, Rousseau, Jefferson, Clarence Dorrow, and William Osler.

King of Flames

"Buried in the many myths surrounding notorious Chicago gangland history lies the hidden, mostly forgotten 'shadow stories' of the era--intensely personal family stories evoking the terrible human toll exacted on ordinary people, caught in the web of Chicago's crime-ridden sin streets and the not-so-pastoral North Woods of Wisconsin."--Back cover.

Everything about my life has been pretty normal working as a forensic autopsy technician. Until the day I woke up with a mysterious symbol tattooed on my arm. Suddenly normal no longer existed. The barrier between Earth and a world called Under, dissolved...

Now I'm trapped with dozens of other people. Held prisoner by the creators of myths and legends, where the realm is ruled by two masked kings who want to turn us into creatures like them. But even though I didn't choose to be here, this new world manages to pull me deeper, affecting me differently than other humans. Unfortunately King Edu, also known as the King of Flames, notices this and I'm now considered a threat. If I want to survive King Edu and the dangers of Under, I need to escape. The only problem is, there's another masked king who seems to have an interest in me. Aon, the King of Shadows, wants me here in this world, and he wants me alive. I just need to figure out why.

Sarah J. Maas's sexy, richly imagined series continues with the journey of Feyre's fiery sister, Nesta. Nesta Archeron has always been prickly-proud, swift to anger, and slow to forgive. And ever since being forced into the Cauldron and becoming High Fae against her will, she's struggled to find a place for herself within the strange, deadly world she inhabits. Worse, she can't seem to move past the horrors of the war with Hybern and all she lost in it. The one person who ignites her temper more than any other is Cassian, the battle-scarred warrior whose position in Rhysand and Feyre's Night Court keeps him constantly in Nesta's orbit. But her temper isn't the only thing Cassian ignites. The fire between them is undeniable, and only burns hotter as they are forced into close quarters with each other. Meanwhile, the treacherous human queens who returned to the Continent during the last war have forged a dangerous new alliance, threatening the fragile peace that has settled over the realms. And the key to halting them might very well rely on Cassian and Nesta facing their haunting pasts. Against the sweeping backdrop of a world seared by war and plagued with uncertainty, Nesta and Cassian battle monsters from within and without as they search for acceptance-and healing-in each other's arms.

"Nineteen Eighty-Four" A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

He had millions of social media followers who constantly told him they loved him. But what would they think if they knew his true story? If they knew where he came from and the things he had done? Now, Colton bravely pulls back the curtain on his life and career, revealing the incredible highs and devastating lows. From his unorthodox childhood in a small Kansas town, to coming to terms with his sexuality, he keeps nothing back. By sixteen, he had been signed by the world's top modeling agency and his face appeared on billboards. But he was still a broke, lonely, confused teenager, surrounded by people telling him he could be a star as long as he never let anyone see his true self. As his career in television took off, the stress of wearing so many masks and trying to please so many different people turned his use of drugs and alcohol into full-blown addiction. A lyrical and intimate confession, apology, and cautionary tale, Miss Memory Lane is an unforgettable story of dreams deferred and dreams fulfilled; of a family torn apart and rebuilt; and of a man stepping into the light as no one but himself.
