Autobiography

A guide to the unique resources available from 327 national park system facilities.

The \$22 trillion opportunity that can be unlocked only if you rethink everything you think you know about people over sixty. In the time it takes you to read this, another twenty Americans will turn

Read Online Golden Guide For Social Studies

sixty-five. Ten thousand people a day are crossing that threshold, and that number will continue to grow. In fifteen years, Americans aged sixty-five and over will outnumber those under age eighteen. Nearly everywhere in the world, people over sixty are the fastest-growing age group. Longevity presents an

Read Online Golden Guide For Social Studies

opportunity that companies need to develop a strategy for. Estimates put the global market for this demographic at a whopping \$22 trillion across every industry you can imagine. Entertainment, travel, education, health care, housing, transportation, consumer goods and services, product design,

Read Online Golden Guide For Social Studies

tech, financial services, and many others will benefit, but only if marketers unlearn what they think they know about this growing population. The key is to stop thinking of older adults as one market. Stage (Not Age) is the concise guide to helping companies understand that people over sixty are a deeply diverse

Read Online Golden Guide For Social Studies

population. They're traveling through different life stages and therefore want and need different products and services. This book helps you reset your understanding of what an "old person" is. It demonstrates how three people, all seventy years old, may not even be in the same market segment. It identifies the

Read Online Golden Guide For Social Studies

systemic barriers to entering this market and provides ways to overcome them. And it shares the best practices of companies that have successfully shifted to a Stage (Not Age) mentality. This practical guide prepares companies and marketers for an inevitable shift they can't ignore.

Read Online Golden Guide For Social Studies

The Handbook of Critical Literacies aims to answer the timely question: what are the social responsibilities of critical literacy academics, researchers, and teachers in today's world? Critical literacies are classically understood as ways to interrogate texts and contexts to address injustices and they are

Read Online Golden Guide For Social Studies

an essential literacy practice. Organized into thematic and regional sections, this handbook provides substantive definitions of critical literacies across fields and geographies, surveys of critical literacy work in over 23 countries and regions, and overviews of research, practice, and conceptual connections

Read Online Golden Guide For Social Studies

to established and emerging theoretical frameworks. The chapters on global critical literacy practices include research on language acquisition, the teaching of literature and English language arts, Youth Participatory Action Research, environmental justice movements, and more. This pivotal handbook

Since 1980, the number
of people in U.S.
prisons has increased
more than 450%.

Despite a crime rate that
has been falling steadily
for decades, California
has led the way in this
explosion, with what a
state analyst called "the
biggest prison building

Read Online Golden Guide For Social Studies

project in the history of the world." Golden Gulag provides the first detailed explanation for that buildup by looking at how political and economic forces, ranging from global to local, conjoined to produce the prison boom. In an informed and impassioned account, Ruth Wilson Gilmore examines this

Read Online Golden Guide For Social Studies

issue through statewide, rural, and urban perspectives to explain how the expansion developed from surpluses of finance capital, labor, land, and state capacity. Detailing crises that hit California's economy with particular ferocity, she argues that defeats of radical struggles, weakening of labor, and

Read Online Golden Guide For Social Studies

shifting patterns of capital investment have been key conditions for prison growth. The results—a vast and expensive prison system, a huge number of incarcerated young people of color, and the increase in punitive justice such as the "three strikes" law—pose profound and troubling questions for the future

Read Online Golden Guide For Social Studies

of California, the United States, and the world.

Golden Gulag provides a rich context for this complex dilemma, and at the same time challenges many cherished assumptions about who benefits and who suffers from the state's commitment to prison expansion.
