revolutionised the way in which teachers of geography can work with pupils and students. "Education for Digital Earth" is now possible. As such, the exclusive use of traditional approaches to the teaching of geography is no longer reasonable today. The European Commission-funded network initiative, [digital-earth.eu](http://digital-earth.eu), promotes innovation and best practices in the implementation of geo-media as a digital learning environment for school learning and teaching. This book, supported by EUROGEO, analyses the main
