books present a wonderful combination of fun, innocence and the Catholic Faith.

They teach the Faith in a simple way, and they inspire children's hearts to love God.

The pictures are truly beautiful, unlike the cartoon illustrations found in many

Misinformation, disinformation, and fake news abound and it ’ s increasingly difficult to know

what ' s true. Our media environment has become hyperpartisan. Science is conducted by press release. Startup culture elevates bullshit to high art. We are fairly well equipped to spot the sort of old-school bullshit that is based in fancy rhetoric and

through the most intimidating data. You don't need a lot of technical expertise to call out problems with data. Are the numbers or results too good or too dramatic to be true? Is the claim comparing like with like? Is it confirming your personal bias?

Drawing on a deep

susceptibility of science to modern bullshit. We have always needed people who call bullshit when necessary, whether within a circle of friends, a community of scholars, or the citizenry of a nation. Now that bullshit has evolved, we need to relearn the art of
