The Common Core State Standards initiated major changes for language arts teachers, particularly the emphasis on “informational text.” Language arts teachers were asked to shift attention toward informational texts without taking away from the teaching of literature. Teachers, however, need to incorporate nonfiction in ways that enhance rather than take away from their teaching of literature. The Using Informational Text series is designed to help. In this fourth volume (Volume 1: Using Informational Text to Teach *To Kill a Mockingbird*; Volume 2: Using Informational Text to Teach *A Raisin in the Sun*; Volume 3: *Connecting Across Disciplines: Collaborating with Informational Text*), we offer challenging and engaging readings to enhance your teaching of *Gatsby*. Texts from a wide range of genres (a TED Talk, federal legislation, economic policy material, newspaper articles, and 1920s political writing) and on a variety of topics (income inequality, nativism and immigration, anti-Semitism, the relationship between wealth and cheating, the Black Sox scandal and newspaper coverage, and prohibition) help students answer essential questions about F. Scott Fitzgerald’s novel. Each informational text is part of a student-friendly unit, with media links, reading strategies, vocabulary, discussion, and writing activities, and out-of-the-box class activities.

A young man's close-knit family is nearly destitute when his uncle founds a successful spice company, changing their fortunes overnight. As they move from a cramped, ant-infested shack to a larger house on the other side of Bangalore, and try to adjust to a new way of life, the family dynamic begins to shift. Allegiances realign; marriages are arranged and begin to falter; and conflict brews ominously in the background. Things become “ghachar ghochar”—a nonsense phrase uttered by one meaning something tangled beyond repair, a knot that can't be untied. Elegantly written and punctuated by moments of unexpected warmth and humor, *Ghachar Ghochar* is a quietly enthralling, deeply unsettling novel about the shifting meanings—and consequences—of financial gain in contemporary India. “A classic tale of wealth and moral ruin.” —The New Yorker “*Ghachar Ghochar* introduces us to a master.” —The Paris Review Named a Best Book of the Year by the Guardian, Globe and Mail, and Publishers Weekly Shortlisted for the ALTA National Translation Award in Prose Longlisted for the International Dublin Literary Award

It is a study of the psychology of guilt, often paired in analysis with Poe's "The Tell-Tale Heart". In both, a murderer carefully conceals his crime and believes himself unassailable, but eventually breaks down and reveals himself, impelled by a nagging reminder of his guilt.

This Side of Paradise is the debut novel by F. Scott Fitzgerald, published in 1920. The book examines the lives and morality of post-World War I youth. Its protagonist Amory Blaine is an attractive student at Princeton University who dabbles in literature. The novel explores the theme of love warped by greed and status seeking, and takes its title from a line of Rupert Brooke's poem Tiare Tahiti. The novel famously helped F. Scott Fitzgerald gain Zelda Sayre's hand in marriage; its publication was her condition of acceptance.

*Traditional critics of film adaptation generally assumed a) that the written text is better than the film adaptation because the plot is more intricate and the language richer when pictorial images do not intrude; b) that films are better when particularly faithful to the original; c) that authors do not make good script writers and should not sully their imagination by writing film scripts; d) and often that American films lack the complexity of authored texts because they are sourced out of Hollywood. The 'faithfulness' view has by and large disappeared, and intertextuality is now a generally received notion, but the field still lacks studies with a postmodern methodology and lens. Exploring Hollywood feature films as well as small studio productions, *Adaptation Theory and Criticism* explores the intertextuality of a dozen films through a series of case studies introduced through discussions of postmodern methodology and practice. Providing the reader with informative background on theories of film adaptation as well as carefully articulated postmodern methodology and issues, Gordon Slethaug includes several case studies of major Hollywood productions and small studio films, some of which have been discussed before (*Age of Innocence*, *Gangs of New York*, and *Do the Right Thing*) and some that have received lesser consideration (*Six Degrees of Separation*, *Smoke*, *Smoke Signals*, *Broken Flowers*, and various *Snow White* narratives including *Enchanted*, *Mirror Mirror*, and *Snow White and the Huntsman*). Useful for both film and literary studies students, *Adaptation Theory and Criticism* cogently combines the existing scholarship and uses previous theories to engage readers to think about the current state of American literature and film.*

Students are asked to give thoughtful consideration of the text through creative and evaluative short-answer questions and journal prompts. Also included are writing tasks, graphic organizers, comprehension quiz, test prep, word search, and crossword to further develop students' critical thinking and writing skills, and analysis of the text. About the Novel: *The Great Gatsby*, written by F. Scott Fitzgerald, is a story about a man prospering from the Jazz Age, and his inevitable downfall. Told through the eyes of Nick Carraway, we are introduced to his mysterious neighbor—Jay Gatsby—who spends every evening throwing lavish parties. One such night, Nick is extended an invitation. There, we learn of Gatsby's intention of using Nick to facilitate a reunion between Gatsby and his lost love, Daisy Buchanan.. Daisy, who lives across the lake in the house with the green light at the end of the dock, also happens to be Nick's cousin. Daisy and Gatsby reunion leads to a tragic love affair that changes the lives of each character forever. *The Great Gatsby* is a classic tale of the rise and fall, and perseverance of mankind. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy.

*Thady Quirk*, steward to the decaying estate of the Rackrent family, narrates a story of four generations of a dying dynasty in *Castle Rackrent*. This volume also includes *Ennui*, the entertaining confessions of the Earl of Glenthorn, a bored aristocrat. Both novels offer a darkly comic and satirical expose of the Irish class system.

*The Satyricon* is a Latin work of fiction in a mixture of prose and poetry. It is believed to have been written by Gaius Petronius Arbiter, though the manuscript tradition identifies the author as a certain Titus Petronius. As with the *Metamorphoses* of Apuleius, classical scholars often describe it as a "Roman novel", without necessarily implying continuity with the modern literary form. The surviving portions of the text detail the misadventures of the narrator, Encolpius, and his lover, a handsome sixteen-year-old boy named Giton. Throughout the novel, Encolpius has a hard time keeping his lover faithful to him as he is constantly being enticed

away by others. Encolpius's friend Ascyltus (who seems to have previously been in a relationship with Encolpius) is another major character. Of the many masterpieces which classical antiquity has bequeathed to modern times, few have attained, at intervals, to such popularity; few have so gripped the interest of scholars and men of letters, as has this scintillating miscellany known as the *Satyricon*, ascribed by tradition to that Petronius who, at the court of Nero, acted as arbiter of elegance and dictator of fashion. The flashing, wit, the masterly touches which bring out the characters with all the detail of a fine old copper etching; the marvelous use of realism by this, its first prophet; the sure knowledge of the perspective and background best adapted to each episode; the racy style, so smooth, so elegant, so simple when the educated are speaking, beguile the reader and blind him, at first, to the many discrepancies and incoherences with which the text, as we have it, is marred. The more one concentrates upon this author, the more apparent these faults become and the more one regrets the lacunae in the text.

Notwithstanding numerous articles which deal with this work, some from the pens of the most profound scholars, its author is still shrouded in the mists of uncertainty and conjecture. He is as impersonal as Shakespeare, as aloof as Flaubert, in the opinion of Charles Whibley, and, it may be added, as genial as Rabelais; an enigmatic genius whose secret will never be laid bare with the resources at our present command.

"There are two things that men should never weary of, goodness and humility; we get none too much of them in this rough world among people. - Robert Louis Stevenson, *Kidnapped* (1886) by Robert Louis Stevenson is a coming-of-age novel that recounts the adventures of a teenager named David Balfour during the Jacobite Rebellions in 18th century Scotland. This book investigates an important but under-researched aspect of dictionary making: the use of a controlled vocabulary in definitions. The concern of the author is the role of a definition vocabulary in how foreign learners understand and perceive dictionary definitions. The author leads the reader through a detailed historical account of controlled vocabularies and examines definitions in a range of English dictionaries with restricted vocabulary loads. He performs a series of experiments with university students to reveal merits and shortcomings of restricted vocabulary. This monograph has been written with the aim to fill a gap in the literature on defining vocabulary. It is intended for lexicographers, dictionary course designers, teachers, and students, as well as anyone who wishes to explain words in an intelligible way.

These vocabulary activities for *The Great Gatsby* incorporate key skills for college and career readiness. The activities integrate vocabulary from the text. Includes text-dependent questions, definitions, and text-based sentences.
