

## Great Gatsby Web Quest Scavenger Hunt Answers

Arnold Rothstein (1882-1928) was described in the newspapers of the 1920s as “a sportsman.” “a gambler.” “the man who fixed the 1919 World Series.” But he was much more than that. A bootlegger and labor racketeer, he corrupted politicians, promoted crooked stock sales, and imported narcotics. And, perhaps most importantly, he transformed organized crime from a thuggish activity practiced by hoodlums into a big business. run Like a corporation, with himself at the top. For twenty years, the name of Arnold Rothstein symbolized money–big-time money, gambling money, racket money, illegal money, millions upon millions of dollars. His share was ninety percent of any deal; he was never indicted for a single crime: he always won at cards and horses. And, despite his involvement in dozens of murders and hundreds of other crimes, his luck never ran out. At least not until 1928, the year in which he was fatally shot. The perpetrators–and Rothstein’s millions–were never found. The Big Bankroll is the definitive biography of the man known simply as Mr. Big. In it, Leo Katcher reveals not only the sordid details of the life of America’s most powerful gambler, but illuminates the whole era in which crime became king. Leo Katcher was a reporter for the New York Post during Rothstein’s reign, and spent ten years researching this book, interviewing Lucky Luciano. Carolyn Behar (Rothstein’s widow), and dozens of others.-Print ed. “This well-written book–part biography, part social history–is as fascinating as a dozen works of fiction, and a good deal more frightening.”–Spectator “Leo Katcher, who was a newspaperman in the days when Rothstein ruled, has brought not only the man but his times back to life. This is a vivid, fascinating book....Katcher does not glamorize Rothstein: he dissects him skillfully and explains him and his corrupt associates and the conditions which made it possible for such men to become wealthy and powerful....Katcher has done a superb job.”–Quentin Reynolds. Saturday Review

In this toe-tapping jazz tribute, the traditional "This Old Man" gets a swinging makeover, and some of the era's best musicians take center stage. The tuneful text and vibrant illustrations bop, slide, and shimmy across the page as Satchmo plays one, Bojangles plays two . . . right on down the line to Charles Mingus, who plays nine, plucking strings that sound "divine." Easy on the ear and the eye, this playful introduction to nine jazz giants will teach children to count--and will give them every reason to get up and dance! Includes a brief biography of each musician.

Finding a skull on a camping trip in the canyons outside El Paso, Texas, fifteen-year-old Brennan becomes involved with the fate of a young Apache Indian who lived in the late 1800s.

Twelve Years a Slave (1853) is a memoir and slave narrative by Solomon Northup, as told to and edited by David Wilson. Northup, a black man who was born free in New York, details his kidnapping in Washington, D.C. and subsequent sale into slavery. After having been kept in bondage for 12 years in Louisiana by various masters, Northup was able to write to friends and family in New York, who were in turn able to secure his release. Northup’s account provides extensive details on the slave markets in Washington, D.C. and New Orleans and describes at length cotton and sugar cultivation on major plantations in Louisiana.

A Long Way Gone

This book is about teaching writing and the gritty particulars of teaching adolescents. But it is also the planning, the thinking, the writing, the journey: all I've been putting into my teaching for the last two decades. This is the book I wanted when I was first given ninth graders and a list of novels to teach. This is a book of vision and hope and joy, but it is also a book of genre units and minilessons and actual conferences with students. -Penny Kittle What makes the single biggest difference to student writers? When the invisible machinery of your writing processes is made visible to them.

Write Beside Them shows you how to do it. It's the comprehensive book and companion video that English/language arts teachers need to ensure that teens improve their writing. Across genres, Penny Kittle presents a flexible framework for instruction, the theory and experience to back it up, and detailed teaching information to help you implement it right away. Each section of Write Beside Them describes a specific element of Penny's workshop: Daily writing practice: writer's notebooks and quick writes Instructional frameworks: minilessons, organization, conferring, and sharing drafts Genre work: narrative, persuasion, and writing in multiple genres Skills work: grammar, punctuation, and style Assessment: evaluation, feedback, portfolios, and grading All along the way, Penny demonstrates minilessons that respond to students' immediate needs, and her Student Focus sections profile and spotlight how individual writers grew and changed over the course of her workshop. In addition, Write Beside Them provides a study guide, reproducibles, writing samples from Penny and her students, suggestions for nurturing your own writing life, and a helpful FAQ. Best of all, the online videos take you right inside Penny's classroom, explicitly modeling how to make the process of writing accessible to all kids. Penny Kittle's active coaching and can-do attitude alone will energize your teaching and inspire you to write with your students. But her strategies, expert advice, and compelling in-class video footage will help you turn inspiration into great teaching. Read Write Beside Them and discover that the most important influence for all young writers is their teacher. Penny was the recipient of the 2009 NCTE Britton Award for Write Beside Them.

In this classic collection of 14 short stories, Fitzgerald evokes, with a mixture of nostalgia and ironic humor, his experiences growing up in the decade before World War II. The tales were originally written as two separate series for The Saturday Evening Post.

The Second Edition of Curriculum Theory: Conflicting Visions and Enduring Concerns by Michael Stephen Schiro presents a clear, unbiased, and rigorous description of the major curriculum philosophies that have influenced educators and schooling over the last century. The author analyzes four educational visions—Scholar Academic, Social Efficiency, Learner Centered, and Social Reconstruction—to enable readers to reflect on their own educational beliefs and more productively interact with educators who might hold different beliefs.

A hilarious new middle grade novel from beloved and bestselling author Gordon Korman about what happens when the worst class of kids in school is paired with the worst teacher—perfect for fans of Ms.

Bixby's Last Day. A good choice for summer reading or anytime! The Unteachables are a notorious class of misfits, delinquents, and academic train wrecks. Like Aldo, with anger management issues; Parker, who can't read; Kiana, who doesn't even belong in the class—or any class; and Elaine (rhymes with pain). The Unteachables have been removed from the student body and isolated in room 117. Their teacher is Mr. Zachary Kermit, the most burned-out teacher in all of Greenwich. He was once a rising star, but his career was shattered by a cheating scandal that still haunts him. After years of phoning it in, he is finally one year away from early retirement. But the superintendent has his own plans to torpedo that idea—and it involves assigning Mr. Kermit to the Unteachables. The Unteachables never thought they'd find a teacher who had a worse attitude than they did. And Mr. Kermit never thought he would actually care about teaching again. Over the course of a school year, though, room 117 will experience mayhem, destruction—and maybe even a shot at redemption.

***The Great Gatsby by F. Scott Fitzgerald***

Separated from their mother by the harsh social and economic conditions prevalent among blacks in South Africa, thirteen-year-old Naledi and her younger brother make a journey of over 300 kilometers to find her in Johannesburg.

Francis Scott Key Fitzgerald (September 24, 1896 – December 21, 1940) was an American author of novels and short stories, whose works are the paradigmatic writings of the Jazz Age. He is widely regarded as one of the greatest American writers of the 20th century. Fitzgerald is considered a member of the "Lost Generation" of the 1920s. He finished four novels: "This Side of Paradise", "The Beautiful and Damned", "The Great Gatsby" (his most famous), and "Tender Is the Night". A fifth, unfinished novel, "The Love of the Last Tycoon", was published posthumously. Fitzgerald also wrote many short stories that treat themes of youth and promise along with age and despair. Fitzgerald's work has been adapted into films many times. His short story, "The Curious Case of Benjamin Button", was the basis for a 2008 film. "Tender Is the Night" was filmed in 1962, and made into a television miniseries in 1985. "The Beautiful and Damned" was filmed in 1922 and 2010. "The Great Gatsby" has been the basis for numerous films of the same name, spanning nearly 90 years: 1926, 1949, 1974, 2000, and 2013 adaptations. In addition, Fitzgerald's own life from 1937 to 1940 was dramatized in 1958 in "Beloved Infidel".

Shortly before World War II, Etsuko returns to Japan with her infant nephew to dwell in the foreboding samurai home of her estranged mother, where she struggles to find inner peace as the world descends into war. A first novel. Reprint. 12,000 first printing.

Workbook Features: • Ages 12-14, Grades 7-8 • 160 pages, about 8 inches x 10 1/2 inches • Reading, writing, math, science, social studies, and more • Includes fun fitness activities • Flash cards, completion certificate, and answer key included Hands-On Summer Learning: Summer Bridge Activities Workbook helps seventh–eighth graders keep their skills sharp during the summer months to prevent summer learning loss through fun practice pages and activities, engaging fitness activities, and more. What’s Included: This book covers all subjects, focusing on grammar, reading comprehension, graphing, dictionary skills, geometry, social studies, science experiments, fitness activities, and more. Includes flash cards and a completion certificate. How It Works: Each page is numbered by day so kids and parents can track progress and reach monthly learning goals. Each activity features clear, step-by-step instructions and practice pages to help sharpen students’ skills for the school year ahead. Just 15 Minutes A Day: Two months of learning loss occurs during the summer, with the highest losses being in math and spelling. This activity book is designed to prevent summer learning loss in just 15 minutes per day through hands-on activities. Why Summer Bridge: Award-winning Summer Bridge Activities® engage children’s creativity and learning potential and keep kids mentally and physically active to prevent summer learning loss and pave the way for a successful new school year ahead.

The Romantic Egoists

***In this book from the #1 New York Times bestselling series, learn how this vibrant Black neighborhood in upper Manhattan became home to the leading Black writers, artists, and musicians of the 1920s and 1930s. Travel back in time to the 1920s and 1930s to the sounds of jazz in nightclubs and the 24-hours-a-day bustle of the famous Black neighborhood of Harlem in uptown Manhattan. It was a dazzling time when there was an outpouring of the arts of African Americans--the poetry of Langston Hughes; the novels of Zora Neale Hurston; the sculptures of Augusta Savage and that brand-new music called jazz as only Duke Ellington and Louis Armstrong could play it. Author Sherri Smith traces Harlem's history all the way to its seventeenth-century roots, and explains how the early-twentieth-century Great Migration brought African Americans from the deep South to New York City and gave birth to the golden years of the Harlem Renaissance. With 80 fun black-and-white illustrations and an engaging 16-page photo insert, readers will be excited to read this latest addition to Who HQ!***

Problem-solving techniques for all aspects of the English teacher's job This unique time-saving book is packed with tested techniques and materials to assist new and experienced English teachers with virtually every phase of their job from lesson planning to effective discipline techniques. The book includes 175 easy-to-understand strategies, lessons, checklists, and forms for effective classroom management and over 50 reproducible samples teachers can adopt immediately for planning, evaluation, or assignments. It is filled with creative and functional ideas for reading response activities, writing assignments, group and individual projects, and speeches. Offers instructions for creating and implementing an effective classroom-wide behavior management program Shows how to practice the art of teaching English effectively and reduce time on labor intensive tasks Reveals how to work effectively with parents, colleagues, substitute teachers, administrators, and community resources The second edition includes coverage of technology in the classroom, advice for working with reluctant readers, a wealth of sample teaching units and more.

In January 1961, following eighteen months of litigation that culminated in a federal court order, Hamilton Holmes and Charlayne Hunter became the first black students to enter the University of Georgia. Calvin Trillin, then a reporter for Time Magazine, attended the court fight that led to the admission of Holmes and Hunter and covered their first week at the university--a week that began in relative calm, moved on to a riot and the suspension of the two students "for their own safety," and ended with Holmes returning to the campus under a new court order. Shortly before their graduation in 1963, Trillin came back to Georgia to determine what their college lives had been like. He interviewed not only Holmes and Hunter but also their families, friends, and fellow students, professors, and university administrators. The result was this book--a sharply detailed portrait of how these two young people faced coldness, hostility, and occasional understanding on a southern campus in the midst of a great social change.

Grading is one of the most hotly debated topics in education, and grading practices themselves are largely based on tradition, instinct, or personal history or philosophy. But to be effective, grading policies and practices must be based on trustworthy research evidence. Enter this book: a review of 100-plus years of grading research that presents the broadest and most comprehensive summary of research on grading and reporting available to date, with clear takeaways for learning and teaching. Edited by Thomas R. Guskey and Susan M. Brookhart, this indispensable guide features thoughtful, thorough dives into the research from a distinguished team of scholars, geared to a broad range of stakeholders, including teachers, school leaders, policymakers, and researchers. Each chapter addresses a different area of grading research and describes how the major findings in that area might be leveraged to improve grading policy and practice. Ultimately, Guskey and Brookhart identify four themes emerging from the research that can guide these efforts: - Start with clear learning goals. - Focus on the feedback function of grades. - Limit the number of grade categories, and - Provide multiple grades that reflect product, process, and progress criteria. By distilling the vast body of research evidence into meaningful, actionable findings and strategies, this book is the jump-start all stakeholders need to build a better understanding of what works—and where to go from here.

The critical reading section on standardized tests, especially the SAT 1 exam, is often cited as a trouble section for even the best test-takers. Examinees get test-targeted reading comprehension practice questions to score better with LearningExpress' series, Skill Builder in Focus. This specialized drill book provides the focused practice necessary for test-taking success. Plus, all answers are explained, using terms that clarify context, main ideas, themes, and critical thinking skills for effective studying and positive reinforcement. Almost every standardized test in verbal skills, including civil service exams, contains reading comprehension questions. Each practice consists of several passages followed by questions and answer explanations.

Conflicting Visions and Enduring Concerns

NEW YORK TIMES BESTSELLER □ Before The Dante Chamber, there was The Dante Club: “an ingenious thriller that . . . brings Dante Alighieri’s Inferno to vivid, even unsettling life.”—The Boston Globe “With intricate plots, classical themes, and erudite characters . . . what’s not to love?”—Dan Brown, author of The Da Vinci Code and Origin Boston, 1865. The literary geniuses of the Dante Club—poets and Harvard professors Henry Wadsworth Longfellow, Dr. Oliver Wendell Holmes, and James Russell Lowell, along with publisher J. T. Fields—are finishing America’s first translation of The Divine Comedy. The powerful Boston Brahmins at Harvard College are fighting to keep Dante in obscurity, believing the infiltration of foreign superstitions to be as corrupting as the immigrants arriving at Boston Harbor. But as the members of the Dante Club fight to keep a sacred literary cause alive, their plans fall apart when a series of murders erupts through Boston and Cambridge. Only this small group of scholars realizes that the gruesome killings

are modeled on the descriptions of Hell's punishments from Dante's *Inferno*. With the lives of the Boston elite and Dante's literary future in the New World at stake, the members of the Dante Club must find the killer before the authorities discover their secret. Praise for The Dante Club "Ingenious . . . [Matthew Pearl] keeps this mystery sparkling with erudition."—Janet Maslin, *The New York Times* "Not just a page-turner but a beguiling look at the U.S. in an era when elites shaped the course of learning and publishing. With this story of the Dante Club's own descent into hell, Mr. Pearl's book will delight the Dante novice and expert alike."—*The Wall Street Journal* "[Pearl] ably meshes the . . . literary analysis with a suspenseful plot and in the process humanizes the historical figures. . . . A divine mystery."—*People* (Page-turner of the Week) "An erudite and entertaining account of Dante's violent entrance into the American canon."—*Los Angeles Times* "A hell of a first novel . . . The Dante Club delivers in spades. . . . Pearl has crafted a work that maintains interest and drips with nineteenth-century atmospheric."—*San Francisco Chronicle*

F. S. Fitzgerald (1896–1940) was an American writer, whose works illustrate the Jazz Age. «Taps at Reveille» is a collection of brilliant short stories: «The Scandal Detectives», «The Freshest Boy», «He Thinks He's Wonderful», «The Captured Shadow», «The Perfect Life», «First Blood», «A Nice Quiet Place», «A Woman with a Past», «Crazy Sunday», «Two Wrongs», «The Night of Chancellorsville» and many others.

Curious readers can take a trip on the Magic School Bus as it journeys across the country in search of bats of all sizes and shapes. Original. Collects photographs, news clippings, and other memorabilia from the Fitzgeralds' own scrapbooks with excerpts from their writings.

**COLLEGE PHYSICS: REASONING AND RELATIONSHIPS motivates student understanding by emphasizing the relationship between major physics principles, and how to apply the reasoning of physics to real-world examples. Such examples come naturally from the life sciences, and this text ensures that students develop a strong understanding of how the concepts relate to each other and to the real world. COLLEGE PHYSICS: REASONING AND RELATIONSHIPS motivates student learning with its use of these original applications drawn from the life sciences and familiar everyday scenarios, and prepares students for the rigors of the course with a consistent five-step problem-solving approach. Available with this Second Edition, the new Enhanced WebAssign program features ALL the quantitative end-of-chapter problems and a rich collection of Reasoning and Relationships tutorials, personally adapted for WebAssign by Nick Giordano. This provides exceptional continuity for your students whether they choose to study with the printed text or by completing online homework. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.**

**Gulliver Fairborn's novel, Nobody's Baby, changed Bernie Rhodenbarr's life. And now pretty Alice Cottrell, Fairborn's one-time paramour, wants the bookselling, book-loving burglar to break into a room in New York's teeth-achingly charming Paddington Hotel and purloin some of the writer's very personal letters before an unscrupulous agent can sell them. Here's an opportunity to use his unique talents in the service of the revered, famously reclusive author. But when Bernie gets there, the agent is dead . . . and Bernie's wanted for murder. (He really hates when that happens!) Perhaps it's karmic payback; Bernie did help himself to a ruby necklace on his way out. (But it was lying there. And he is a burglar.) Now he's in even hotter water. And he'll need to use every trick in the book—maybe going so far as to entice the hermitic Fairborn himself out of seclusion—to bring this increasingly twisted plot to a satisfying denouement.**

**Young Adult Native American NovelApple Starkington turned her back on her Native American heritage the moment she was called a racial slur for someone of white and Indian descent, not that she really even knew how to be an Indian. Too bad the white world doesn't accept her either. And so begins her quirky habits to gain acceptance. Apple's name, chosen by her Indian mother on her deathbed, has a double meaning: treasured apple of my eye, but also the negative connotation—a person who is red, or Indian, on the outside, but white on the inside.After her wealthy father gives her the boot one summer, Apple reluctantly agrees to visit her Native American relatives on the Turtle Mountain Indian Reservation in North Dakota for the first time. Apple learns to deal with the culture shock of Indian customs and the Native Michif language, while she tries to deal with a vengeful Indian man who loved her mother in high school but now hates Apple because her mom married a white man.As Apple meets her Indian relatives, she shatters Indian stereotypes and learns what it means to find her place in a world divided by color.**

**Wall-E meets Hatchet in this New York Times bestselling illustrated middle grade novel from Caldecott Honor winner Peter Brown Can a robot survive in the wilderness? When robot Roz opens her eyes for the first time, she discovers that she is all alone on a remote, wild island. She has no idea how she got there or what her purpose is—but she knows she needs to survive. After battling a violent storm and escaping a vicious bear attack, she realizes that her only hope for survival is to adapt to her surroundings and learn from the island's unwelcoming animal inhabitants. As Roz slowly befriends the animals, the island starts to feel like home—until, one day, the robot's mysterious past comes back to haunt her. From bestselling and award-winning author and illustrator Peter Brown comes a heartwarming and action-packed novel about what happens when nature and technology collide.**
