Cristian Vega has a talent very  
few people know about: he's a  
musician. And he's quite good.  
The problem he faces is that  
he has no confidence in  
himself and is overly  
concerned about what others  
think of him, and this fear of  
rejection has turned Cristian  
into an introvert. The day after  
his nineteenth birthday,  
Cristian receives a call from  
his girlfriend who tells him  
that she's met someone else.  
Confining himself to his

bedroom, Cristian has become an emotional wreck and vows to never allow himself to fall in love again. After calling his cousin in an attempt to get his mind off of his ex-girlfriend, Cristian sets in motion a chain of events that will change his life forever. And it all begins with the meeting of a girl... Emma Turner is quite sick of dating the same kind of man-tall, clean-cut and handsome-and every guy she meets seems more interested in trying to impress her than they are in learning anything about her. When Cristian Vega begins attending the same

church as her, she finds herself inexplicably drawn to him. None of her friends understands her attraction to Cristian and they are sure to tell her that every chance they get. Emma's problem isn't in getting her friends to accept Cristian, her bigger issue is in getting Cristian to admit his feelings to her before the successes of being a musician tears them apart. THE PATH tells the story of overcoming one's fear of rejection in order to pursue one's dream regardless of what may come. A Sybex guide to Windows Security concepts, perfect for

*As Ruben Wells kneels with a gun pointed at his head all he can do is reflect on the life he spoiled. What has led him here? Was it his willingness to always try to do the right thing that has him staring at the barrel of a gun? Or was that he was too much of a people pleaser having a hard time saying no that has led to him begging for his life? Every thing begins and ends with a choice. The moment a choice is made it only takes a second for a life to change. Ruben made a choice to initiate a relationship with the alluring Bianca Jones. She makes heads turn and every man's dream. She is beautiful as a gazelle,*

*but as dangerous as a lioness, as she's unavailable due to being unhappily married with children. Being married doesn't keep her from wanting to pursue Ruben as well as being pursued by him. Getting involved with Bianca changes Ruben's life in ways he never could have imagined. Choices are a gift constantly given to everyone. The choices made lead to different paths. We all have to choose this day what we're going to do with our own lives not knowing what the end result will be. What kind of impact will Ruben's choices have on his life?*
