

Guide Moab Backroads 4 Wheel Drive Trails

Filled with enticing alternatives for chain-weary-travelers, Roadfood provides descriptions of and directions to (complete with regional maps) the best lobster shacks on the East Coast; the ultimate barbecue joints down South; the most indulgent steak houses in the Midwest; and dozens of top-notch diners, hotdog stands, ice-cream parlors, and uniquely regional finds in between. Each entry delves into the folkways of a restaurant's locale as well as the dining experience itself, and each is written in the Sterns' entertaining and colorful style.

This thoroughly updated edition of The Four-Wheeler's Bible is the ultimate resource for those with a hankering for the sand and mud, whether they plan to stick close to home or venture farther afield.

The Rough Guide to the USA is the most comprehensive and colourful guide to the fifty states available. There are lively accounts of every region and attraction from the bright lights of Broadway to the vast open plains of Wyoming. The guide gives refreshingly opinionated reviews of the established sights and landmarks as well as uncovering many of the lesser-known gems, allowing the visitor to make the most of their trip. There are feature boxes that provide information on a variety of subjects from the Delta blues to the geology of the Grand Canyon. There are also maps and plans to help you navigate around the major attractrions, inner city streets or interstates

Alluvial fans are gently sloping, fan-shaped landforms common at the base of mountain ranges in arid and semiarid regions such as the American West. Floods on alluvial fans, although characterized by relatively shallow depths, strike with little if any warning, can travel at extremely high velocities, and can carry a tremendous amount of sediment and debris. Such flooding presents unique problems to federal and state planners in terms of quantifying flood hazards, predicting the magnitude at which those hazards can be expected at a particular location, and devising reliable mitigation strategies. Alluvial Fan Flooding attempts to improve our capability to determine whether areas are subject to alluvial fan flooding and provides a practical perspective on how to make such a determination. The book presents criteria for determining whether an area is subject to flooding and provides examples of applying the definition and criteria to real situations in Arizona, California, New Mexico, Utah, and elsewhere. The volume also contains recommendations for the Federal Emergency Management Agency, which is primarily responsible for floodplain mapping, and for state and local decisionmakers involved in flood hazard reduction.

Describes 80 easy, moderate, and difficult trails, mostly convenient to Denver and the Front Range. The trails are color-coded, with symbols showing the kinds of vehicles allowed, including unlicensed UTVs, ATVs and dirt bikes. Also includes mileage logs, aerial terrain views, GPS coordinates, and historical highlights.

A motley crew of saboteurs wreak outrageous havoc on the corporations destroying America's Western wilderness in this classic, comic extravaganza. When George Washington Hayduke III returns home from war in the jungles of Southeast Asia, he finds the unspoiled West he once knew has been transformed. The pristine lands and waterways are being strip mined, dammed up, and paved over by greedy government hacks and their corrupt corporate coconspirators. And the manic, beer-guzzling, rabidly antisocial ex-Green Beret isn't just getting mad. Hayduke plans to get even. Together with a radical feminist from the Bronx; a wealthy, billboard-torching libertarian MD; and a disgraced Mormon polygamist, Hayduke's ready to stick it to the Man in the most creative ways imaginable.

By the time they're done, there won't be a bridge left standing, a dam unblown, or a bulldozer unmolested from Arizona to Utah. Edward Abbey's most popular novel, *The Monkey Wrench Gang* is an outrageous romp with ultra-serious undertones that is as relevant today as it was in the early days of the environmental movement. The author who Larry McMurtry (Lonesome Dove) once dubbed "The Thoreau of the American West" has written a true comedic classic with brains, heart, and soul that more than justifies the call from the *Los Angeles Times Book Review* that we should all "praise the earth for Edward Abbey!"

With trips along soaring mountains to high-walled canyons and plunging river gorges, Utah Byways is the ideal guide for adventurous travelers who want to explore the state's extensive network of backcountry roads. This fully updated edition presents 65 trips in Utah's spectacular preserved areas such as Canyonlands, Capitol Reef, and Arches National Parks, Glen Canyon National Recreation Area, and the Grand Staircase-Escalante National Monument. Other adventures follow the routes of the Transcontinental Railroad and the Pony Express. Detailed descriptions are augmented with full-page photographs and two-color maps of each trip. Icons next to each description indicate options for non-driving activities along each route, such as biking, wildlife viewing, camping, hiking, visiting historic sites, and more. Spiral-bound.

Meticulous trail details instruct readers how to safely navigate hundreds of miles of the region's best scenic backroads and four-wheel trails. See ghost towns, numerous old mines and mill workings, and old railroad grades along the more than 35 routes. Directions include GPS coordinates and all trails are rated for difficulty, mileage, driving time, remoteness, and more. Descriptions highlight the ideal places to camp, hike, mountain bike, fish, and sightsee. Histories recount the days of the Wild West. Hundreds of COLOR PHOTOS.

This exposition is rooted first in a thorough analysis of the Hebrew text, employing helpful insights from archaeology and linguistics, and second in the major theological and literary themes discovered in each section. Finally the author brings the fragments together in an expository treatment 'that is not ashamed to stoop to the level of application.'

Records the misadventures of a group of sheep that go riding in a jeep.

• Nearly 100 backcountry trails—most located in the central Wasatch • Written by a ski-obsessed outdoor journalist • Both day trips and overnights included Jared Hargrave averages more than 70 ski days a year, which adds up to a ton of local knowledge. He's exactly the ski partner you'd want to show you the best backcountry routes, from those you can hit on a pre-work dawn patrol to multiday overnight trips. Backcountry Ski & Snowboard Routes: Utah includes tours in the central Wasatch as well as the Uintas, Henry Mountains, and more. As with all books in this series, this Utah guide is designed for intermediate to expert skiers or boarders. Each route includes the following elements: • Detailed route description • Driving directions from nearest major town or junction • Trip rating • Trail distance • Estimated trip time • Skill level • Recommended season • Avalanche routing/finding notes • Map/permit info • Starting point elevation • High point elevation • Alternate route options The guide also includes resources for avalanche, weather, and road conditions; land managers relevant to the routes; ski/snow reports; and general safety information, as well as a foreword by one of Utah's premier avalanche experts, Craig Gordon.

An exuberant, hands-on fly-on-the-wall account that combines the thrill of canyoneering and rock climbing with the intellectual sleuthing of archaeology to explore the Anasazi. David Roberts describes the culture of the Anasazi—the name means " enemy ancestors " in Navajo—who once inhabited the Colorado Plateau and whose modern descendants are the Hopi Indians of Arizona. Archaeologists, Roberts writes, have been puzzling over the Anasazi for more than a century, trying to determine the environmental and cultural stresses that caused their society to collapse 700 years ago. He guides us through controversies in the historical record, among them the haunting question of whether the Anasazi committed acts of cannibalism. Roberts' s book is full of up-to-date thinking on the culture of the ancient people who lived in the harsh desert country of the Southwest.

Utah Trails -- Moab Region guides travelers along spectacular backroads and four-wheel drive trails. Plan day trips and weekend getaways from among 57 destinations and more than 858 miles of trails, and discover endless outdoor adventures.-back cover.

The 4WD Trails travel guides are a series of inexpensive 4WD travel guides that include the trail information for selected regions included in the comprehensive 4WD Adventures series. All three titles provide all the information needed for anyone with a sport utility vehicle to explore about 30 backcountry trails within a selected region of Colorado, from easy to challenging. They feature approximately 50 photographs and step-by-step directions for each trail. Every trail includes a two-color map, ratings for degree-of-difficulty and scenic beauty, driving time, overall and point-to-point distances, and GPS coordinates. Write-ups include brief histories of the trails, the ghost towns, and mining operations in the area.

Take a road trip in Northern Italy, drive the California Big Sur coast, or explore Arches, Canyonlands, Glacier, and Grand Tetons National Parks. You'll find a chapter on small ship luxury cruising and a travel tips section with advice on road trips, cruising, travel photography, and multi-generational travel. So, pull up a chair, grab a cup of coffee, and start reading about active travel for boomers. It's guaranteed to make your travel feet itchy!

This handy 6x9 guidebook is a new, full color volume that navigates 822 miles of backcountry trails in Central Utah, near the towns of Green River, Richfield, Hanksville, Crescent Junction, and Castle Dale. See ghost towns, old mines and mill workings, old railroads and stage lines along the 34 off-road trails. Directions include GPS coordinates and all trails are rated for difficulty, mileage, driving time, remoteness and more. Descriptions highlight places to camp, hike, mountain bike, fish, and sightsee. Histories recount the days of the Wild West.

Erin Hogan hit the road in her Volkswagen Jetta and headed west from Chicago in search of the monuments of American land art: a salty coil of rocks, four hundred stainless steel poles, a gash in a mesa, four concrete tubes, and military sheds filled with cubes. Her journey took her through the states of Utah, Nevada, New Mexico, Arizona, and Texas. It also took her through the states of anxiety, drunkenness, disorientation, and heat exhaustion. Spiral Jetta is a chronicle of this journey. A lapsed art historian and devoted urbanite, Hogan initially sought firsthand experience of the monumental earthworks of the 1970s and the 1980s—Robert Smithson's Spiral Jetty, Nancy Holt's Sun Tunnels, Walter De Maria's Lightning Field, James Turrell's Roden Crater, Michael Heizer's Double Negative, and the contemporary art mecca of Marfa, Texas. Armed with spotty directions, no compass, and less-than-desert-appropriate clothing, she found most of what she was looking for and then some. "I was never quite sure what Hogan was looking for when she set out . . . or indeed whether she found it. But I loved the ride. In Spiral Jetta, an unashamedly honest, slyly uproarious, ever-probing book, art doesn't magically have the power to change lives, but it can, perhaps no less powerfully, change ways of seeing. "—Tom Vanderbilt, New York Times Book Review "The reader emerges enlightened and even delighted. . . . while gamely playing up her fish-out-of-water status. Hogan delivers an ingeniously engaging travelogue-cum-art history."—"Atlantic "Smart and unexpectedly hilarious."—Kevin Nance, Chicago Sun-Times "One of the funniest and most entertaining road trips to be published in quite some time."—June Sawyers, Chicago Tribune "Hogan ruminates on how the work affects our sense of time, space, size, and scale. She is at her best when she reexamines the precepts of modernism in the changing light of New Mexico, and shows how the human body is meant to be a participant in these grand constructions."—"New Yorker

Practical guide for anyone planning a long-distance motorcycling trip. Choosing, preparing and equipping a motorbike, documentation and shipping, life on the road, trans-continental route outlines: Asia, Africa & Latin America. Utah Byways

Falling in Love with the English Countryside

Follow-up to the original guide, this book covers backroads in northern Colorado. Many trails are near Denver, Boulder and Fort Collins. Other trails are near Steamboat Springs, Grand Junction, Overland, Nederland, Grand Lake, Winter Park, Central City, Rollinsville and Battlement Mesa. Most trails are north of Interstate 70. Includes 40 trails, 46 maps and over 140 photographs. Twenty-eight trails are suitable for stock SUBS.

Abbey's explorations include the familiar territory of the Rio Grande in Texas, Canyonlands National Park, and Lake Powell in Utah. He also takes readers to such varied places as Scotland, the interior of Australia, the Sierra Madre, and Isla de la Sombra in Mexico.

This volume consists of comprehensive statistics and descriptions for 33 trails located near the towns of Bullhead City, Lake Havasu City, Parker, Kingman, Prescott (west), and Quartzsite (north). NEW, full COLOR addition to our Trails series! These handy 6x9" books include scenic drives plus a whole lot more! Including some of America's best mountain biking, hiking, camping and fishing areas! Ghost towns galore! Step back into the past while wandering through abandoned mining areas, old buildings, and even entire towns.

INCLUDES GPS coordinates throughout each book. This completely rewritten and redesigned second edition is organised by mountain range-the only book you will need to find the most popular route up each of the 54 Colorado 14ers. Each description includes clear, concise directions for driving to the trailhead, where to park, a map of the route, difficulty rating, elevation profile, distance, and estimated round-trip time. All of the routes have been approved by the Colorado Fourteeners Initiative, the non-profit that has built or rebuilt 21 of these routes and seeks to educate all 14er climbers about protecting and conserving these mountain routes. The Colorado Mountain Club Foundation receives, administers and disburses funds for charitable, scientific, literary and educational organisations that collect and disseminate information regarding the Rocky Mountains.

A Fine Romance - Falling in Love with the English Countryside is travel writing at its best by New York Times best-selling author Susan Branch. This charming book is part love story, part travel guide - a hand-written and watercolored diary/journal of Branch's six-day transatlantic crossing on board the Queen Mary 2 and two-month ramble over the backroads of rural England. There are over three hundred photos, countless watercolor illustrations, wonderful quotes, recipes, a book list, a movie list, hand-drawn maps and much more. Travel with Susan as she makes her way around hedgerows and through wildflower meadows to visit the homes and gardens of her literary and artistic heroes, including Beatrix Potter and Jane Austen. It's a travel guide that will help you plan a trip of your own, lovely for the armchair traveler because Susan really does take you there, and perfect for all Downton Abbey anglophiles. When you are finished, go to Susan's website where there is an interactive Appendix to the book you can experience driving across the Dales with Susan's own videos and find links to everything she writes about, the cottages and gardens you will want to see yourself. A Fine Romance is book three of Susan Branch's autobiographical trilogy. First in order is The Fairy Tale Girl, followed by Martha's Vineyard - Isle of Dreams, and finally A

Fine Romance - Falling in Love with the English Countryside. All three are hand-lettered, watercolored, filled with photos, recipes and quotes and, as Susan says, "as much magic as I could possibly stuff between the covers." Bon Voyage!

Bring out the Overland Chef in you! Go out, explore and make the best meal at camp!

Every red-blooded motorcyclist dreams of making the Big Trip--this updated fifth edition shows them how. Choosing a bike, deciding on a destination, bike preparation, documentation and shipping, trans-continental route outlines across Africa, Asia and Latin America, and back-country riding in SW USA, NW Canada and Australia. Plus--first hand accounts of biking adventures worldwide.
