subjects in the U.S. Customs Broker License Examination. Textbook breaks down archaic and hard to read laws into reader friendly format, with bold and italicized and underlined keywords and topics. Textbook does not cover every topic, but rather focuses on the most relevant ones. Prospective examinees are instructed to regularly review each subject in order to easily recall the appropriate regulation during the exam. To help exam takers succeed in passing the exam, Textbook comes with Web Supplements. Web Supplements bring to prospective examinees video lectures (which are based on the Textbook's material), charts, exhibits, tables and flashcards designed to improve understanding of the tested topics. Concise text, charts, exhibits, tables, and flashcards alone are not enough to pass the examination.
