Do you love sitting at home playing guitar, but find yourself trying the same old things over and over without making much progress? When other musicians invite you to jam, do you worry that you won 't be able to keep up? Are you a veteran guitarist who has played for years, but you 're embarrassed to admit you have no idea what 's re doing? If you want to take your guitar playing to the next level, compose songs like you hear on the radio, and improvise your own music, then you need fretboard theory. Fretboard Theory by Desi Serna teaches music theory for guitar including scales, chords, progressions, modes and more. The hands-on approach to theory shows you how music "works" on the guitar fretboard by visualizing shapes and patterns and how they connect to make music. Content includes: • Learn pentatonic and major scale patterns as used to play melodies, riffs, solos, and bass lines • Move beyond basic chords and common barre chords by playing the types of chord inversions and chord voicings used by music's most famous players • Chart guitar chord progressions and play by ear guitar tabs for guitarists • Create new sounds with music modes and get to know Ionian, Dorian, Phrygian, Lydian, Mixolydian, Aeolian and Locrian • Add variety to your playing by using intervals such as thirds, fourths, and sixths • Increase your chord vocabulary by using added chord tones and extensions to play chord types such as major 7, sus2, sus4, add9, and more • Learn how all the different aspects of music fit together to make a great song • See how theory relates to popular styles of music and familiar songs Fretboard Theory will have you mastering music like a pro easier and faster than you ever thought possible. Plus, it's the ONLY GUITAR THEORY RESOURCE in the world that includes important details to hundreds of popular songs. You learn how to play in the style of pop, rock, acoustic, blues, and more! This guitar instruction is perfect whether you want to jam, compose or just understand the music you play better. The material is suitable for both acoustic and electric guitar, plus it features many references to bass. Level: Recommended for intermediate level players on up. Video Fretboard Theory is also available as a 21-hour video series that is sold separately on the author's GuitarMusicTheory.com website. Visit the website and sign up for email lessons to sample the footage. Fretboard Theory Volume II and when you're ready to take your playing to the next level, get the second book in the series, Fretboard Theory Volume II, which is also available as a 12-hour video series.

"A very comprehensive book containing chords from the beginning stages and beyond. Everything is very well explained with no stone left unturned. I'd highly recommend it to anyone who's starting out with the guitar." -- Nigel Elliott, Guitarist & Tutor (N.Ireland) Guitar Chords for Beginners contains 65 different chords arranged in easy fingerings. Technique: Fretting hand technique for playing guitar chords I looked at in detail with diagrams. Where necessary, some chords are taught incrementally because taking on only the harder aspects of a chord's fingering first means our hand is freer to adjust. Other chords are shown with different fingerings for you to choose which you prefer. Playing guitar chords may seem like a contortion for the hands or the begining so I have included basic fingering techniques to keep the hand flexible. Above and beyond the guitar chord has a downloadable audio example of the chord you need to work towards. There is an introduction to moveable power chords and barre chords, in which barre chords are shown as easier cut-down versions of full barre chord shapes. At the back of Guitar Chords for Beginners there is a list of suggested songs that contain chords from within the book. Grab a copy today! "I like what's been put together! The information covered in technical issues for beginners especially explaining the difference between chords on piano and guitar is great. I think starting with the small position chords for C and G etc and building up to full position is also really important for beginners. The picture diagrams of hand position is a nifty feature. I know lots of beginners respond more to visuals and will often revert to looking at the hand pictures rather than the chord diagrams. Also think the added audio clips are a great feature so students can compare the sounds of their chords with the audio for reference. There could be a couple of chord progressions at the end of each section (Apart from the song suggestions at the end of the book) and strumming patterns. That would be an added feature that I think could work nicely, although this would make for a larger book and it is only £1.99 for the eBook. Otherwise I think what's been put together is great :)" -- Anthony Bierman, Bmus(Hons) Contemporary/Jazz Guitar (South Africa) Looks fab. I particularly like the different ways of playing the A chord. The physical warm-up exercises for flexibility are also good. It is good that moveable major and minor barre chords are shown as partial versions to make them initially easier, and beginners might find extra interest where near the back of the book easy open versions of other more exotic chords are shown, such as Dm(maj7), the 'James Bond' chord." -- Campbell Murray, RGT & MU Registered Tutor (Scotland)

Master all the guitar barre chords you need to know to play literally hundreds of songs on the guitar with this step-by-step guitar method book including downloadable audio practice tracks. Many guitar players struggle with barre chords for months or even years.... but with No Bull Barre Chords for Guitar you can systematically learn and master all of the essential barre chord shapes and techniques guitar players and singer-songwriters need to know, and in a fraction of the time it takes most other guitar players. This book is perfect for you if: -You are a beginner guitarist who wants to use barre chords to take your playing to the next step -You've always struggled to play barre chords (and want to finally crack them!) -You're looking for a systematic way to massively grow your knowledge of chord shapes on the guitar -You're frustrated with not being able to play all the chords you need to play many of your favourite songs -You know you need to learn about barre chords but are confused about where to begin -You've tried playing barre chords but found them impossible -You want to use just a handful of chord shapes to play almost any chord you'll ever need to play! This step-by-step guitar method book gives you the exact process that I've used in over 30,000 hours of hands-on teaching and shows you the practice techniques, exercises and "insider tips" I've used to help hundreds of guitar players master barre chords and play the music they enjoy. Inside No Bull Barre Chords for Guitar you'll discover: -How to quickly learn and remember any chord shape...fast -Barre chord hand position tips for crystal-clear sounding chords every time -How to combine barre chords with other chord shapes like open chords to play literally thousands of potential songs -Tips to get you smoothly changing between barre chord shapes (without it taking ages)! -How to add strumming rhythm to your barre chords, common barre chord "embellishments" and much more! -Exercises and routines demonstrated in 100% confusion-free language with no music reading necessary. No Bull Barre Chords for Guitar can help you: -Avoid most of the common barre chord mistakes which hold players up -Avoid the common barre chord problems (dead sounding strings etc) that can stop you in your tracks and make playing barre chords seem impossible! -Practice and conquer the music-know barre chords you need to be able to play literally thousands of possible chord progressions and songs -"Unlock" the guitar neck to massively expand your chord library and be able to find a shape for almost any chord you'll ever need to play With exact practice exercises and routines to follow plus free downloadable practice tracks, No Bull Barre Chords for Guitar is the answer to those barre chord blues, so grab your copy now and start your journey towards mastering barre chords today! If you can play basic "open position" chords, you're ready for this book. Barre chords are one of the great advantages guitarists have. Because barre chords are "moveable" (transposable to any key), after learning just a few simple fingerings you'll be able to play virtually any chord, in any key! Topics include "E" type barre chords, "A" type barre chords, major, minor and dominant 7th forms, rock & roll style power chords and boogie progressions, simple "jazz" chords to spice up the blues, and much more.

Level 3 of Guitar Lessons in Real Time (G-Res-T) builds on the skills learned in levels 1 and 2 to bring the most exciting learning experience yet. Created for guitar players who play both fingerstyle and flat picking (plectrum) styles, who have completed those first two parts of G-Res-T, or who have similar knowledge and experience. It will help you to take 3 giant leaps in your guitar playing ability. Leap 1 - You will master barring technique, that is using one finger to control more than one string. It is mostly associated with bar chords but is incredibly effective with single note playing too. Mastering barring is a true landmark in your guitar playing journey and with this book providing a series of exercises that build to give you the skills to play full 6-string guitar chords. You'll also learn slash and diminished chords AND get to know the theory behind them that is so important to your music. Leap 2 - You are immersed in the fretboard itself. Here, you learn the full fretboard, so that you can remember where each note is, along with how to read and write them all. This gives you the tools to be the music creator you want to be, while a series of exercises and performance pieces cover the whole fretboard, building playing skills and progressing as a guitarist. Leap 3 - The course adds new percussive sounds and slides (Glissandos) to give you new ways to express your feelings and vision. You will also learn to apply dynamics, articulations, hammer-ons and pull-offs to bar chords and create your personal interpretation of music. In addition to all of this, Level 3 also includes practical guidance on improvisation and transposing music, while the theory section progresses to harmonized triads and four-part chords, allowing you to understand how they can be used to great effect in your own compositions. Backed up with a range of audio and visual support content online at <https://guitarinrealttime.com>, Level 3 is a comprehensive course that will take your guitar playing and musical understanding to a whole new level. Are you ready to take the leap?

Country Guitar Lessons for Beginners**Guitar Lesson World: The Book****Learn and Master the Essential Barre Chords that all Guitar Players Need****Ultimate Guitar Chords****Country Fingerstyle Guitar Lessons****How to Play Guitar for Kids (Free Video Available)**

The Perpetual Beginner is part memoir, part musical instruction manual. Relating stories of his experiences as a young musician and music student in 1980's New York, author Dave Isaacs describes the key lessons that shaped his musical life and how they can help any aspiring musician at any age. The title refers to the average music hobbyist with more enthusiasm than skill or time to practice. Many people play for years without developing more than rudimentary abilities, and some become so frustrated by the struggle that they stagnate or quit. The stories in the book and the musical lessons they impart give these "perpetual beginners" the ideas, techniques, and encouragement that will help them begin to progress again. The title also references the Zen concept of "beginner's mind", a way of approaching any endeavor with the openness and zeal of a beginner regardless of experience. Maintaining a beginner's mindset removes many of the self-limiting beliefs and inhibitions that hold many people back, thus enabling the learning process - hence the book's subtitle, "A musician's path to lifelong learning." Author Dave Isaacs is a musician, performing songwriter, an teacher based in Nashville, where he is known as the "Guitar Guru of Music Row". Learning to play the guitar has never been easier! This book begins with an introduction to different types of guitars and their parts, followed by helpful information on how to choose a guitar. You'll learn how to tune the guitar, how to correctly hold it, how to read tablature, and about basic rhythm. Much of the remainder of the book gives you easy-to-follow instructions on learning chords, and each lesson is followed by a fun practice session and a simple song with which to practice the newly learned chords. In addition to over-the-shoulder color photos showing fingering positions and accompanying two-color chord charts that show exactly what to do, the reader can hear the tuning techniques, chords, exercises, and songs performed with tappable, embedded audio.
