Cookies are one of life’s simple pleasures. The word itself is a hold-all term that covers a huge range of sweet, bite-sized, baked goods – from crisp wafers, crumbly meringues and macaroons, and light-as-air madeleines, to buttery shortbread, chewy chocolate chip super-cookies, and rich an gooey bars and brownies. The fact that cookies can be shaped, flavoured and decorated in so many different ways has given rise to a large number of names for them, including some quite colourful ones such as cat’s tongues, Russian cigarettes and gingerbread people. Fill your home with the fragrant smells of freshly baked cookies – the ultimate comfort food. This beautifully illustrated and easy to follow book is filled with over 300 delectable recipes for cookies of every type, from the simplest of drop and refrigerator cookies to the most decadent of brownies and tea cakes. Enjoy! About the authors Carla Bardi is the author of numerous books on cooking including Italian Ice Cream and The Golden Book of Chocolate, both published by Apple Press. ‘A book grows rather like a snow crystal. One doesn’t write it from start to finish but, in greater or less degree, all at the same time ... that is why my book is not in chronological order; for everything is of the present, held in the moment when thought captures it.’ Kurt Diemberger’s Summits and Secrets is a mountaineering autobiography like no other. Writing anecdotally, Diemberger provides an abstract look into his life and climbing career that is both fascinating and awe-inspiring to navigate. Known for surviving the 1986 K2 disaster - an account described in harrowing detail in his award-winning book The Endless Knot - Diemberger provides a captivating insight into his earlier climbs in Summits and Secrets. From climbing his first peak in the Tyrol mountains of Austria, to the epoch-making first ascent of Broad Peak with Hermann Buhl in 1957, and then summiting Dhaulagiri in 1960, where he became one of only two people to have made first ascents of two mountains over 8,000 metres, Diemberger recounts his experiences with wit, honesty and an infectious enthusiasm: ‘Every climber knows the thrill ... the unique inexplicable tension, which the regular shapes of the mountain world awake in him: huge pyramids, enormous rectangular slabs, piled-up triangles of rock, white circles, immense squares - the thrill of simplicity of shape and outline and the excitement of mastering them, to an unbelievable extent, by his own efforts, his own power ... ’ Summits and Secrets is a must-read for those wanting an insight into the life and achievements of one of the toughest high-altitude climbers the world has ever known.

The 'fatal charm of Italy' has held Lord Byron – and millions of tourists ever since – in its spell. Yet, beneath 'the brilliant and vivacious surface', what are the realities of Italian life? Few writers have ever painted a portrait of their compatriots as crisp, frank and fearless as Luigi Barzini's. Cutting through the familiar clichés, he instructs us with a cascade of anecdotes and provides a marvellous guided tour through centuries of history. He examines Machiavelli and Mussolini, popes, pilgrims and prostitutes, cliques and conspiracies, Casanova and the crippling power of the Church. Yet alongside the Baroque exuberance and spectacular display, the love of life and the life of love, he also shows us a divided nation, injustice, ignorance, poverty and fear. All this is Italy, a country of dazzling achievement and an uncanny aptitude for getting round problems; both its virtues and its vices are celebrated in this sparkling book
