

No wonder hamsters are one of today's most popular pets. They are one of nature's cleanest animals and leave few odors around the house. Best of all, they're natural food storers, so you can go away for a weekend and your hamsters won't mind at all. Here is the latest information on housing, feeding, breeding, and disease prevention. Robert wants to be a star in the movies. He has invented a system with his computer that could put the old stars back on the screen, alongside him. He has the script and the money, but Hollywood isn't keen. Could the perfect partnership lie with Ernest Fudgepacker of Fudgepacker's Emporium?

The master of the short story and literary champion Cam Rascoe returns with a work of ironic truncated tales, offering readers an array of essays, stories and poems that edify and enrich the spirit. Faithful fans of the Writings of Rascoe are taken on a sometimes jarring journey of probing prose offering intriguing insight into the human existence that nourish the soul. Rascoe navigates natural narratives in his readily relatable curious characters. Sustained suspense, controlled chaos and love lessons articulated with an ironic twist and incongruous tone are experienced in this powerful composition of literature. Ironies, an intriguing, entertaining and educationally instructive work of art for the masses.

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, The Atlantic

Imagine a world, much as ours, but upon which humankind have never evolved, but in their place the rodent stands atop the pedestal of life. Imagine the society that might have formed, and the adventures that might have ensued within it. Well you don't have to, because here is the tale of Lionel Flugelhorn - a young male hamster that has been thrown out of the family home, and who has sought refuge inside

**The Where House** - a mysterious depository for all the alien artefacts discovered within the mighty walls of the legendary Area 99. Follow his adventures as he develops from a boring fart who likes nothing more than collecting plastic models - into a sort-of-hero-thingy that can step across the devides of time and inter-dimensional space!
