This is the third edition of our perennial bestseller and it's packed with artists, pundits, and experts who contributed essays offer a wealth of practical information. When taken collectively, the book comprises a veritable instruction manual for how to turn 50, everything from how to readjust your stock portfolio to how to readjust your underwear (to allow for more breathing room... wearing comfortable clothing is, after all, a privilege that you have more than earned by now). The underlying message is: relax, now that you're 50, you don't have to prove yourself anymore. Take care of yourself, get your house in order, and these will be the best years of your life.
