You can change your company's culture. Organizational culture often feels like something that has a life of its own. But leaders are the stewards of a company's culture and have the power to shape and even change it. If you read nothing else on building a better organizational culture, read these 10 articles. We've combed through hundreds of Harvard Business Review articles and selected the most important ones to help you identify where your culture can be improved, communicate change, and anticipate and address implementation challenges. This book will inspire you to: See what your company culture is currently like—and what it could be Explore your company's emotional culture Gather input on what needs to be fixed or initiated Improve collaboration Foster a culture of trust Articulate the new culture's mission, values, and expectations Deal with resistance and roadblocks This collection of articles includes "The Leader's Guide to Corporate Culture," by Boris Groysberg, Jeremiah Lee, Jesse Price, and J. Yo-Jud Cheng; "Manage Your Emotional Culture," by Sigal Barsade and Olivia A. O'Neill; "The Neuroscience of Trust," by Paul J. Zak; "Creating a Purpose-Driven Organization," by Robert E. Quinn and Anjan V. Thakor; "Creating the Best Workplaces on Earth," by Rob Goffee and Gareth Jones; "Cultural Change That Sticks," by Jon R. Katzenbach, Irena Steffen, and Caroline Kronig; "How to Build a Culture of Originality," by Adam Grant; "When Culture Doesn't Translate," by Erin Meyer; "Culture Is Not the Culprit," by Jay W. Lorsch and Emily Gandhi; "Conquering a Culture of Indecision," by Ram Charan; and "Radical Change, the Quiet Way," by Debra E. Meyerson.

If you aren't working with a strategy, you're wasting your time. Strategy isn't just a set of plans handed down from the C-suite. To grow as a leader, you need to understand your company's strategy and align your thinking, projects, and team with organizational goals and vision. Master these abilities with the HBR Guides to Building Your Strategic Skills Collection. This three-book set, which includes the HBR Guide to Thinking Strategically, the HBR Guide to Managing Strategic Initiatives, and the HBR Guide to Setting Your Strategy, will help you change the way you think about your work, manage your most important priorities, and craft a strategy for long-term growth. You'll learn how to: Understand what strategy is—and what it isn't Define a clear strategy, whether you're in a start-up or in an established business Manage a portfolio of strategic projects Embed strategic thinking into your daily tasks and decision making Align your team around key objectives Let go of work that doesn't add value Communicate strategy throughout your organization Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Are your employees meeting their goals? Is their work improving over time? Understanding where your employees are succeeding—and falling short—is a pivotal part of ensuring you have the right talent to meet organizational objectives. In order to work with your people and effectively monitor their progress, you need a system in place. The HBR Guide to Performance Management provides a new multi-step, cyclical process to help you keep track of your employees' work, identify where they need to improve, and ensure they're growing with the organization. You'll learn to: Set clear employee goals that align with company objectives Monitor progress and check in regularly Close performance gaps Understand when to use performance analytics Create opportunities for growth, tailored to the individual Overcome and avoid burnout on your team Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges. If you manage a team, you need to be able to measure and manage their performance. From establishing a performance review cycle and building toward your year-end assessment, to providing individual feedback and coaching and establishing group cohesion and accountability, this collection teaches you the skills you need to inspire your team to greater success. This specially priced four-volume set includes books from the HBR Guide Series on the topics of Performance Management, Coaching Employees, Delivering Effective Feedback, and Leading Teams. You'll learn how to: Set—and adapt—employee and team goals Assess performance fairly Coach your employees through tough situations React calmly if someone gets defensive when you deliver feedback Create plans for individual development Rethink how you use performance ratings Avoid burnout on your team Foster group camaraderie and cooperation Hold your team accountable Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Make your career what you want it to be. Women regularly face unfair challenges in the workplace—from being passed over for promotion to being ignored in conversation. Unconscious bias and negative assumptions are working against them. As a woman, how can you break through these barriers and get what you want from your career? The HBR Guide for Women at Work will help you identify and overcome the factors that are holding you back. It provides practical tips and advice so you can face gender stereotypes head-on, make yourself visible when opportunities arise, and demonstrate your leadership skills. You'll learn to: Speak up in meetings in a way that ensures your ideas will be heard Wield influence by building the right relationships Advocate for yourself—and for what you want Align yourself with mentors and sponsors to support your growth Show passion without being perceived as "too emotional" Create your unique vision as a leader

Introducing the Four Components That Make Innovation Repeatable Even the best-performing companies eventually stall. Sustaining momentum—and remaining a great growth company—takes a system. Scott Anthony and David Duncan call this system a "Growth Factory." They've seen it work in a small set of elite companies that have created environments where innovation is both repeatable and reliable, not relegated to an off-site or isolated division that has no real connection to the organization's future. In this HBR Single, Anthony and Duncan draw on their extensive experience working with these growth factory organizations—most notably Procter & Gamble and Citigroup. They highlight the four main components that make innovation repeatable and reliable, citing real examples of what P&G, Citi, and even their own firm, InnoSight, have gone through to stay firmly on a path toward growth despite huge challenges. They offer practical advice on how you can put their system into action in your own company—whether it's a large multinational or a small start-up. HBR Singles provide brief yet potent business ideas for today's thinking professional. They are available digitally at HBR.org and through the Kindle Store, the iBookstore, and other ebook sellers.

HBR Guide to Crafting Your Purpose

HBR Guide to Setting Your Strategy

HBR Guide to Performance Management (HBR Guide Series)

Developing a Business Case

You've got a great idea that will increase revenue or productivity—but how do you get approval to make it happen? By building a business case that clearly shows its value. Maybe you struggle to win support for projects because you're not sure what kind of data your stakeholders will trust, or naysayers always seem to shoot your ideas down at the last minute. Or perhaps you're intimidated by analysis and number crunching, so you just take a stab at estimating costs and benefits, with little confidence in your accuracy. To get any idea off the ground at your company you'll have to make a strong case for it. This guide gives you the tools to do that:—

Managing your boss: Isn't that merely manipulation? Corporate cooziing up? Not according to John Gabarro and John Kotter. In this handy guidebook, the authors contend that you manage your boss for a very good reason: to do your best on the job—and thereby benefit not only yourself but also your supervisor and your entire company. Your boss depends on you for cooperation, reliability, and honesty. And you depend on him or her for links to the rest of the organization, for setting priorities, and for obtaining critical resources. By managing your boss—clarifying your own and your supervisor's strengths, weaknesses, goals, work styles, and needs—you cultivate a relationship based on mutual respect and understanding. The result? A healthy, productive bond that enables you both to excel. Gabarro and Kotter provide valuable guidelines for building this essential relationship—including strategies for determining how your boss prefers to process information and make decisions, tips for communicating mutual expectations, and tactics for negotiating priorities. Thought provoking and practical, "Managing Your Boss" enables you to lay the groundwork for one of the most crucial working relationships you'll have in your career.

Discussions how readers can make persuasive presentations that inspire action, engage the audience, and sell ideas. Navigate the complex decisions and critical relationships necessary to create and sustain a healthy family business—and business family. Though "family business" may sound like it refers only to mom-and-pop shops, businesses owned by families are among the most significant and numerous in the world. But surprisingly few resources exist to help navigate the unique challenges you face when you share the executive suite, financial statements, and holidays. How do you make the right decisions, critical to the long-term survival of any business, with the added challenge of having to do so within the context of a family? The HBR Family Business Handbook brings you sophisticated guidance and practical advice from family business experts Josh Baron and Rob Lachenauer. Drawing on their decades-long experience working closely with a wide range of family businesses of all sizes around the world, the authors present proven methods and approaches for communicating effectively, managing conflict, building the right governance structures, and more. In the HBR Family Business Handbook you'll find: A new perspective on what makes family businesses succeed and fail A framework to help you make good decisions together Step-by-step guidance on managing change within your business family Key questions about wealth, unique to family businesses, that you can't afford to ignore Assessments to help you determine where you are—and where you want to go Stories of real companies, from Marchesi Antinori to Radio Flyer Chapter summaries you can use to reinforce what you've learned Keep this comprehensive guide with you to help you build, grow, and position your family business to thrive across generations. HBR Handbooks provide ambitious professionals with the frameworks, advice, and tools they need to excel in their careers. With step-by-step guidance, time-honed best practices, and real-life stories, each comprehensive volume helps you to stand out from the pack—whatever your role.

HBR Guide to Changing Your Career

HBR's 10 Must Reads on Building a Great Culture (with bonus article "How to Build a Culture of Originality" by Adam Grant)

Dataviz—the new language of business A good visualization can communicate the nature and potential impact of information and ideas more powerfully than any other form of communication. For a long time "dataviz" was left to specialists—data scientists and professional designers. No longer. A new generation of tools and massive amounts of available data make it easy for anyone to create visualizations that communicate ideas far more effectively than generic spreadsheet charts ever could. What's more, building good charts is quickly becoming a need-to-have skill for managers. If you're not doing it, other managers are, and they're getting noticed for it and getting credit for contributing to your company's success. In Good Charts, dataviz maven Scott Berinato provides an essential guide to how visualization works and how to use this new language to impress and persuade. Dataviz today is where spreadsheets and word processors were in the early 1980s—on the cusp of changing how we work. Berinato lays out a system for thinking visually and building better charts through a process of talking, sketching, and prototyping. This book is much more than a set of static rules for making visualizations. It taps into both well-established and cutting-edge research in visual perception and neuroscience, as well as the emerging field of visualization science, to explore why good charts (and bad ones) create "feelings behind our eyes." Along the way, Berinato also includes many engaging vignettes of dataviz pros, illustrating the ideas in practice. Good Charts will help you turn plain, uninspiring charts that merely present information into smart, effective visualizations that powerfully convey ideas.

DON'T LET YOUR WRITING HOLD YOU BACK. When you're fumbling for words and pressed for time, you might be tempted to dismiss good business writing as a luxury. But it's a skill you must cultivate to succeed: You'll lose time, money, and influence if you e-mails, proposals, and other important documents fail to win people over. The HBR Guide to Better Business Writing, by writing expert Bryan A. Garner, gives you the tools you need to express your ideas clearly and persuasively so clients, colleagues, stakeholders, and partners will get behind them. This book will help you: · Push past writer's block · Grab—and keep—readers' attention · Earn credibility with tough audiences · Trim the fat from your writing · Strike the right tone · Brush up on grammar, punctuation, and usage

While some of us enjoy a lively debate with colleagues and others prefer to suppress our feelings over disagreements, we all struggle with conflict at work. Every day we navigate an office full of competing interests, clashing personalities, limited time and resources, and fragile egos. Sure, we share the same overarching goals as our colleagues, but we don't always agree on how to achieve them. We work differently. We rub each other the wrong way. We jockey for position. How can you deal with conflict at work in a way that is both professional and productive—where it improves both your work and your relationships? You start by understanding whether you generally seek or avoid conflict, identifying the most frequent reasons for disagreement, and knowing what approaches work for what scenarios. Then, if you decide to address a particular conflict, you use that information to plan and conduct a productive conversation. The HBR Guide to Dealing with Conflict will give you the advice you need to: Understand the most common sources of conflict Explore your options for addressing a disagreement Recognize whether you—and your counterpart—typically seek or avoid conflict Prepare for and engage in a difficult conversation Manage your and your counterpart's emotions Develop a resolution together Know when to walk away Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Make the connections that will help you succeed—and advance faster. Networking doesn't stop once you've landed the job. Building a high-quality, diverse network is key to learning and growth. Influencing others, and launching your ideas. But how do you move beyond small talk and cold emails to build a network that is strategic and effective, made up of authentic relationships? The HBR Guide to Smarter Networking will give you the tools you need to connect confidently, get your initiatives off the ground, and move up in your career. This guide will help you: Make great first impressions Connect better at conferences—in-person or virtual Reach out to find your next job Overcome obstacles to building your network Avoid networking burnout Keep your network healthy over the long haul Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

HBR Guide to Remote Work

Don't wait for someone else to manage your career. The days of HR-sponsored development plans are over. Managing your career—and the skills you need to be successful—is your responsibility. If you're looking to push yourself to the next level, it can be hard to determine where to start. The HBR Guide to Your Professional Growth will be your coach, transforming your abstract hopes and ideas into a concrete action plan. No matter where you are in your career, this guide will help you: Assess your current skills—and acquire new ones Elicit feedback you can use Set meaningful—and achievable—goals Make time for learning Play to your strengths Identify your next challenge Arm yourself with the advice you need to succeed on the job, from a source you trust. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

This big initiative could make or break this fiscal year—or your career. Managing a successful strategic initiative may be the key to transforming your company—and propelling your career forward. Yet running a cross-functional team on a high-profile project can present a multitude of challenges and risks, causing even the most experienced manager to struggle. The HBR Guide to Managing Strategic Initiatives provides practical tips and advice to help you manage all the stages of an initiative's life cycle, from buy-in to launch to scaling up. You'll learn how to: Win—and keep—support for your new initiative Move rapidly from approval to implementation Assemble transformative, high-performing initiative teams Maintain the confidence of sponsors and stakeholders Stay on schedule and within budget Avoid initiative overload by killing projects that aren't meeting business objectives Make the initiatives in strategic alignment Arm yourself with the advice you need to succeed on the job, from a source you trust. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges. Are you looking for an alternative to a career path at a big firm? Does founding your own start-up seem too risky? There is a radical third path open to you: You can buy a small business and run it as CEO. Purchasing a small company offers significant financial rewards—as well as personal and professional fulfillment. Leading a firm means you can be your own boss, put your executive skills to work, fashion a company environment that meets your own needs, and profit directly from your success. But finding the right business to buy and closing the deal isn't always easy. In the HBR Guide to Buying a Small Business, Harvard Business School professors Richard Ruback and Royce Yudkoff help you: Determine if this path is right for you Raise capital for your acquisition Find and evaluate the right prospects Avoid the pitfalls that could derail your search Understand why a "dull" business might be the best investment Negotiate a potential deal with the seller Avoid deals that fall through at the last minute

Find the right person to help supercharge your career. Whether you're eyeing a specific leadership role, hoping to advance your skills, or simply looking to broaden your professional network, you need to find someone who can help. Wait for a senior manager to come looking for you—and you'll probably be waiting forever. Instead, you need to find the mentoring that will help you achieve your goals. Managed correctly, mentoring is a powerful and efficient tool for moving up. The HBR Guide to Getting the Mentoring You Need will help you get it right. You'll learn how to: · Find new ways to stand out in your organization · Set clear and realistic development goals · Identify and build relationships with influential sponsors · Give back and bring value to mentors and senior advisers · Evaluate your progress in reaching your professional goals

The HBR Guide to Making Smarter, More Persuasive Data Visualizations

HBR Guide to Building Your Business Case

HBR Guide for Women at Work (HBR Guide Series)

Based on a popular class taught by a Harvard Business School professor. If you're not a numbers person, then finance can be intimidating and easy to ignore. But if you want to advance in your career, you'll need to make smart financial decisions and develop the confidence to clearly communicate those decisions to others. In How Finance Works, Mihir Desai—a professor at Harvard Business School and author of The Wisdom of Finance—guides you into the complex but endlessly fascinating world of finance, demystifying it in the process. Through entertaining case studies, interactive exercises, full-color visuals, and a conversational style that belies the topic, Professor Desai teaches a broad range of topics that will give you the knowledge and skills you need to finally understand how finance works. These include: How different financial levers can affect a company's performance The different ways in which companies fund their operations and investments Why finance is more concerned with cash flow than profits How value is created, measured, and maximized The importance of capital markets in helping companies grow Whether you're a student or a manager, an aspiring CFO or an entrepreneur, How Finance Works is the colorful and interactive guide you need to help you start thinking more deeply about the numbers. Don't let a fear of numbers hold you back. Today's business environment brings with it an onslaught of data. Now more than ever, managers must know how to tease insight from data—to understand where the numbers come from, make sense of them, and use them to inform tough decisions. How do you get started? Whether you're working with data experts or running your own tests, you'll find answers in the HBR Guide to Data Analytics Basics for Managers. This book describes three key steps in the data analysis process, so you can get the information you need, study the data, and communicate your findings to others. You'll learn how to: Identify the metrics you need to measure Run experiments and A/B tests Ask the right questions of your data experts Understand statistical terms and concepts Create effective charts and visualizations Avoid common mistakes

Stop searching for purpose. Build it. We're living through a crisis of purpose. Surveys indicate that people are feeling less connected to the meaning of their work, asking, "How do I find my purpose?" That's the wrong question. You don't find your purpose—you build it. The HBR Guide to Crafting Your Purpose debunks three common myths about purpose: that purpose is found, that you have only one, and that it stays the same over time. Packed with stories, tips, and activities, this book teaches you how to cultivate more meaning in your life and work and endow everything you do with purpose. You'll learn how to: Find the reason behind your work Identify what makes you feel happy and fulfilled Use job crafting to transform your role Build positive, fulfilling relationships Connect your work to service Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Are you suffering from work-related stress? Feeling overwhelmed, exhausted, and short-tempered at work—and at home? Then you may have too much stress in your life. Stress is a serious problem that impacts not only your mental and physical health, but also your loved ones and your organization. So what can you do to address it? The HBR Guide to Managing Stress at Work will help you find a sustainable solution. It will help you reach the goal of getting on an even keel—and staying there. You'll learn how to: · Harness stress so it spurs, not hinders, productivity · Create realistic and manageable routines · Aim for progress, not perfection · Make the case for a flexible schedule · Ease the physical tension of spending too much time at your computer · Renew yourself physically, mentally, and emotionally

Set your company up for long-term success. Every company needs a strategy. A focused strategy aligns decision making throughout the organization and helps establish a competitive edge in the marketplace. But with so many options to consider, how do you define a unique strategy that will ensure growth? Whether you're starting a business from scratch or leading an existing company facing new threats, this book offers the direction you need. The HBR Guide to Setting Your Strategy provides practical tips and advice that break down the process of crafting strategy so you can identify the areas your company should build on to help it thrive long into the future. You'll learn to: Understand what strategy is—and what it isn't Define where you'll play and how you'll win Conduct more-effective strategic discussions with your team Test your strategy before you implement it Communicate your strategy to key stakeholders Ensure your strategy is flexible and adaptable Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Bring strategy to your daily work. It's your responsibility as a manager to ensure that your work—and the work of your team—aligns with the overarching objectives of your organization. But when you're faced with competing projects and limited time, it's difficult to keep track of strategy front of mind. How do you keep your eye on the long term amid a sea of short-term demands? The HBR Guide to Thinking Strategically provides practical advice and tips to help you see the big-picture perspective in every aspect of your daily work, from making decisions to setting team priorities to attacking your own to-do list. You'll learn how to: Understand your organization's strategy Align your team around key objectives Focus on the priorities that matter most Spot trends in your company and in your industry Consider future outcomes when making decisions Manage trade-offs Embrace a leadership mindset

Your next act starts now. You're ready for something new, but it's hard to start over. Just the idea of trading the security you have now for the unknown or throwing away the education and time you've invested in your current career can plunge you into a swirl of indecision and anxiety. But mixing things up every few years is an increasingly normal and cyclical part of a healthy work life—a way to gain new skills and stretch your existing ones by applying them to different contexts. Whether you know what you want to do next or you're still evaluating options, the HBR Guide to Changing Your Career will help you: Imagine other professional selves Identify the skills you need—and those you already possess that will transfer to another industry Assess the financial implications of the change you're considering Try out new roles without endangering your current job Explain a seemingly winding career path Pitch yourself into a new role
