from "career experts." While common wisdom holds that we must first know what we want to do before we can act, Ibarra argues that this advice is backward.

Knowing, she says, is the result of

conflicting expectations from subordinates, your supervisor, peers, and customers. You're not alone. As Linda Hill and Kent Lineback reveal in *Being the Boss*,

becoming an effective manager is a painful, difficult journey. It's trial and error, endless effort, and slowly acquired personal insight. Many managers never complete

the journey. At best, they just learn to get by. At worst, they become terrible bosses. This new book explains how to avoid that fate, by mastering three imperatives: ·
Manage
