

Heaven And Hell Emanuel Swedenborg

This fresh translation brings together the most remarkable selections from Swedenborg's works about the wisdom imparted to him by angels. They reveal their natures, their spiritual loves, their heavenly education, and the true source of wisdom and beauty. These spirits share their knowledge for the good of those on earth, who are themselves created to become angels.

This abridged edition of Emanuel Swedenborg's classic Heaven and Hell gives a compact overview of the nature of heaven and hell and how our souls continue to survive after death.

A Treatise Concerning Heaven and Hell is an unchanged, high-quality reprint of the original edition of 1778. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

Swedenborg's Works: Heaven and Hell

The Western Esoteric Traditions

Heaven and Its Wonders and Hell

Heaven and Its Wonders and Hell

Containing the Universal Theology of the New Church, Foretold by the Lord in Daniel VII. 13, 14, and in Revelation XXI. 1, 2

Western esotericism has now emerged as an academic study in its own right, combining spirituality with an empirical observation of the natural world while also relating the humanity to the universe through a harmonious celestial order. This introduction to the Western esoteric traditions offers a concise overview of their historical development. Nicholas Goodrick-Clarke explores these traditions, from their roots in Hermeticism, Neo-Platonism, and Gnosticism in the early Christian era up to their reverberations in today's scientific paradigms. While the study of Western esotericism is usually confined to the history of ideas, Goodrick-Clarke examines the phenomenon much more broadly. He demonstrates that, far from being a strictly intellectual movement, the spread of esotericism owes a great deal to geopolitics and globalization. In Hellenistic culture, for example, the empire of Alexander the Great, which stretched across Egypt and Western Asia to provinces in India, facilitated a mixing of Eastern and Western cultures. As the Greeks absorbed ideas from Egypt, Babylon, Assyria, and Persia, they gave rise to the first esoteric movements. From the late sixteenth to the eighteenth centuries, post-Reformation spirituality found expression in theosophy, Rosicrucianism and Freemasonry. Similarly, in the modern era, dissatisfaction with the hegemony of science in Western culture and a lack of faith in traditional Christianity led thinkers like Madame Blavatsky to look East for spiritual inspiration. Goodrick-Clarke further examines Modern esoteric thought in the light of new scientific and medical paradigms along with the analytical psychology of Carl Gustav Jung. This book traces the complete history of these movements and is the definitive account of Western esotericism.

In his most popular and influential work, Swedenborg describes his journeys through the afterlife--the soul's experience of dying and then being resurrected in heaven, how each of us finds a community there in which to live, and how we can ultimately become angels. "Heaven and Hell "is a powerful affirmation that we are all born for heaven, regardless of background or religion, and that the choices we make in this world shape our destiny in the next.

A wonderful introduction to the beliefs of the New Church and an overview of its theological foundations. Here Emanuel Swedenborg discusses faith, love, goodness and truth, heaven and hell, divine providence, the holy sacraments, and much, much more. For those wishing to explore the writings of Emanuel Swedenborg this is a perfect starting place.

Theological Works

Insights Into Heaven and Hell

A Lecture on Heaven and Hell, as seen by Swedenborg and Mahomet. A companion and a contrast. With an exposition of the life and writings of Emanuel Swedenborg

The Delights of Wisdom Pertaining to Conjugal Love

In 'Heaven and Hell,' Swedenborg gives the reader a detailed description of the afterlife. He deals with God, heaven, hell, angels, spirits, and devils; and he addresses the issues of who is in heaven and hell. Are there any Jews, Muslims, and people of pre-Christian times such as pagan Romans and Greeks in heaven? He posits that the love of self or of the world drives one towards hell, and love of God and fellow men towards heaven. Here is the most influential and important book ever written on the subject! In 'Divine Love and Wisdom,' Swedenborg uses reason and empirical facts to prove the existence of God and God's divine love. He further posits that we are all an essential part of God's Divine plan, and that without us God's plan could not come to fruition. In 'Divine Providence,' Swedenborg explains why it is that we cannot always see God's hand in our chaotic world. Why tragedy and war are allowed to happen and how these things relate to us. If God were to remove all tragedies from our lives, of what worth would free will be?

"Filmed on location in Stockholm, Uppsala and London this new documentary is a perfect introduction to the man Jorge Luis Borges described as 'the most extraordinary man in recorded history'" (container).

The first major theological work of the Swedish scientist-turned-seer Emanuel Swedenborg, *Secrets of Heaven* is in one sense a traveler's account. It reveals the unseen realms that await beyond death—the light, the warmth, and harmony of the angelic heavens and the varied darkness of the multitudinous hells. But in addition, the work offers a detailed examination of Genesis and Exodus, providing a model for a new way to understand the entire Bible. Priced for both the simplicity of its explanation and the breadth and depth of its vision, Swedenborg's reading of Scripture discloses layer upon layer of inner meaning, all without undermining the power and import of the literal word. The New Century Edition of the Works of Emanuel Swedenborg is a modern-language, scholarly translation of Swedenborg's theological works. The series' easy-to-read style retains the dignity, variety, clarity, and gender-inclusive language of Swedenborg's original Latin, bringing his thought to life. This portable edition of *Secrets of Heaven* vol. 1 includes the text of the New Century Edition without the introduction, annotations, and other supplementary of the deluxe hardcover and paperback editions.

Heaven and Its Wonders and Hell – Emanuel Swedenborg

Heaven and Hell has always been Emanuel Swedenborg's most popular book-and for good reason. Yet here we all are living on earth, not in heaven. What good is talking about heaven if it doesn't make a difference for our lives here on earth? Jesus responds with: "On earth as it is in heaven." You can think of this book as a commentary on that one line from the Lord's Prayer. What does it mean for God's will to be done on earth as it is in heaven? What is God's will, anyway? And how do we do it here on earth? Another way of asking these questions is: How do we make earth more like heaven? In eleven reflections originally preached as sermons in the fall of 2003 at the New Jerusalem Church in Bridgewater, Massachusetts, the Rev. Lee Woolenden explores this question, drawing on Jesus' Parables of the Kingdom from the Gospel of Matthew for inspiration, and using Swedenborg's spiritual classic Heaven and Hell as a guide. You are invited to delve into these pages and seek out many pearls of wisdom about the kingdom of heaven and its practical meaning for our everyday lives on earth.

Heaven and Hell, or the Divine Justice according to Spiritism "It is certain that we live, think, and act; it is not less certain that we shall die. But, on leaving Earth, where shall we go? What will become of us? Shall we be better off, or shall we be worse off? Shall we continue to exist, or shall we cease to exist? "To be, or not to be," is the alternative presented to us: it will be for always, or not at all; it will be everything, or nothing; we shall live on eternally, or we shall cease to live, once and forever. The alternative is well worth the consideration." A.K.A Of the four principal works of Allan Kardec, Heaven and Hell is the third. It gives a series of spirit-narratives confirmatory of the Spiritist theory. These works constitute the basis of a religious belief that is equally in harmony with reason, with science, with experience, and with aspiration. They consequently supply the true substitute for the unreasoning faith that is so rapidly dying out from the minds of men, the true antidote to the scientific materialism of the day, the true cure for the selfishness which is the practical outcome of the short-sightedness that regards our present life as the sum of our existence, the true explanation and guide of the sentiment which prompts each human being to desire something better than the unsatisfying conditions among which he finds himself.

Emmanuel Swedenborg's guide to the afterlife, and the importance of the human connection to God, remains one of the most celebrated Enlightenment-era works on the subject. Originally published in Latin during the mid-18th century, Swedenborg's treatise contains rich allusions not merely to the realms of the afterlife, but also to the principles of Christianity. The nature of marriage, an argument against polygamy, and the concept of a spirit world, and how spiritual matters influence human will, are some of the notions raised by Swedenborg that render his thoughts enchanting. According to Swedenborg, the entirety of this text was inspired after he had received a divine revelation from God himself. This was simply the notion that God is the very essence of love in the universe, and that His divine force intends for every human being to go to heaven. He never descends into anger or hatred, and the traversal of every human spirit into heaven was His intention by the very act of Creation.

Swedenborg's Works: Marriage love

A Treatise Concerning Heaven and Hell

Heaven and Hell

A passage from the book...The Swedenborg Foundation has done handsomely by its eponymous visionary with this first volume in a new 25 part set of translations for his of his work. They have begun with a fine new translation of Emmanuel Swedenborg's most famous work, a description of the many heavens and hells that make up the great 18th-century thinker's cosmology, at once perfectly logical and perfectly eccentric. Swedenborg's afterworld is a kind of reflection and amplification of our own, and his vision of moving and active collective of heavens, occupied by the very real blessed dead, has been a tremendous influence on Goethe, Emerson, and Jorge Luis Borges, among many others. Dole's translation has the clarity and simplicity of Swedenborg's Latin, and the notes and supplementary material are wonderfully balanced and informative.

Emmanuel Swedenborg's guide to the afterlife, and the importance of the human connection to God, remains one of the most celebrated Enlightenment-era works on the subject. Originally published in Latin during the mid-18th century, Swedenborg's treatise contains rich allusions not merely to the realms of the afterlife, but also to the principles of Christianity. The nature of marriage, an argument against polygamy, and the concept of a spirit world, and how spiritual matters influence human will, are some of the notions raised by Swedenborg that render his thoughts enchanting. According to Swedenborg, the entirety of this text was inspired after he had received a divine revelation from God himself. This was simply the notion that God is the very essence of love in the universe, and that His divine force intends for every human being to go to heaven. He never descends into anger or hatred, and the traversal of every human spirit into heaven was His intention by the very act of Creation.

The author's mission is to soundly reconcile Christ's teachings with the familiar concepts of the afterlife, with his own philosophical thoughts on the importance of the human spirit, together with scientific considerations such as time and space. Constructing a sound theology in these pages was an ambitious task, yet Emmanuel Swedenborg approached these profound subjects with articulate and deft clarity. This book is also known by its complete title: *Heaven and Its Wonders and Hell From Things Heard and Seen*. It has since been thought an influence upon Mormon theology, particularly the sections in which Swedenborg contemplates the nature of the stars and the astronomical heavens. This translation of *Heaven and Hell* is by John C. Ager, a respected scholar whose English language renditions of Swedenborg remain much-read in the modern day.

"*Spiritual Life and the Word of God*" by Emanuel Swedenborg. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten-or yet undiscovered gems-of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

What Swedenborg Heard in Heaven

A Firsthand Account from an 18th-Century Scientist and Seer

After which Follow the Pleasures of Insanity Pertaining to Scortatory Love

A Guided Tour of Heaven and Its Wonders

Secrets of Heaven

Swedish scientist-turned-seer Emanuel Swedenborg (1688-1772) developed a deep theology that emphasized personal growth as the path to heaven and the presence of God in all of life. This book brings together key sections from Swedenborg's most popular writings in one place. What happens to us after we die? Why is there evil and suffering in the world? What is our purpose in life? Swedenborg answers all these questions and more.

*What happens to us when we die? Is there really a heaven and hell? Are there angels watching over us? These questions follow us from early childhood to old age, particularly in moments when we're confronted with the loss of a loved one. In *Window to Eternity*, Bruce Henderson draws from the teachings of visionary Emanuel Swedenborg to paint a vivid picture of heaven and hell, where the souls of the departed become angels and demons and indescribable wonders await. But far from being a distant destination, Henderson shows that heaven is a choice that each of us makes every day—ours to have or to turn away from, regardless of our background or religious upbringing.*

Afterlife is an abridgement of Emanuel Swedenborg's best-selling, unsurpassed classic Heaven and Hell. It contains the essence of what Swedenborg disclosed on the realities of life after death and the very structure of the realms, which remain invisible to the living.

In this collection of writings from Emanuel Swedenborg's (1688-1772) classic Heaven and Hell, Swedenborg describes the process of dying as he experienced it personally. He goes on to discuss what happens to new souls in the afterlife, and how a process of self-discovery allows everyone to find their ideal eternal home.

In his most popular and influential work, Swedenborg describes his journeys through the afterlife—the soul's experience of dying and then being resurrected in heaven, how each of us finds a community there in which to live, and how we can ultimately become angels. Heaven and Hell is a powerful affirmation that we are all born for heaven, regardless of background or religion, and that the choices we make in this world shape our destiny in the next.

Emanuel Swedenborg became best known for his book on the afterlife, Heaven and Hell. At 53, he entered into a spiritual phase in which he began to experience dreams and visions. His experiences culminated in a "spiritual awakening" in which he received a revelation that Jesus Christ had appointed him to write The Heavenly Doctrine to reform Christianity. The New Church, a new religious movement originally founded in 1787 and comprising several historically-related Christian denominations, reveres Swedenborg's writings as revelation.
