

History Of Company G Ninth S C Regiment Infantry S C Army And Of

With To the North Anna River, the third book in his outstanding five-book series, Gordon C. Rhea continues his spectacular narrative of the initial campaign between Ulysses S. Grant and Robert E. Lee in the spring of 1864. May 13 through 25, a phase oddly ignored by historians, was critical in the clash between the Army of the Potomac and the Army of Northern Virginia. During those thirteen days -- an interlude bracketed by horrific battles that riveted the public's attention -- a game of guile and endurance between Grant and Lee escalated to a suspenseful draw on Virginia's North Anna River. From the bloodstained fields of the Mule Shoe to the North Anna River, with Meadow Bridge, Myers Hill, Harris Farm, Jericho Mills, Ox Ford, and Doswell Farm in between, grueling night marches, desperate attacks, and thundering cavalry charges became the norm for both Grant's and Lee's men. But the real story of May 13--25 lay in the two generals' efforts to outfox each other, and Rhea charts their every step misstep. Realizing that his bludgeoning tactics at the Bloody Angle were ineffective, Grant resorted to a fast-paced assault on Lee's vulnerable points. Lee, outnumbered two to one, abandoned the offensive and concentrated on anticipating Grant's maneuvers and shifting quickly enough to repel them. It was an amazingly equal match of wits that produced a gripping, high-stakes bout of warfare -- a test, ultimately, of improvisation for Lee and of perseverance for Grant.

When the Civil War erupted in April 1861, many German immigrants in Illinois rushed to enlist in the Union Army. Volunteers from Illinois towns in St. Clair County - Belleville, Millstadt, Mascoutah, Lebanon, and others - marched to Springfield under the command of August Mersy, a veteran of the failed 1848 revolt in Baden, Germany. When these German immigrants reached Springfield, however, Mersy was rejected as commander because of his limited facility with English. Replaced by Colonel Eleazer A. Paine, an Ohioan and West Point graduate, Lieutenant Colonel Mersy fell to second in command of the Ninth Illinois Infantry Volunteers. As the two officers led the Ninth off to war, Mersy condemned Paine as a martinet and a politician. Within a few months, however, Paine received a promotion to general that left Mersy in charge of the Ninth. Once Grant began his Tennessee River campaign, the Ninth found itself in the thick of battle, bearing the brunt at Fort Donelson of the Confederate attempt to break Grant's siege lines. Less than two months later, the Ninth shored up sagging Union lines after the surprise Confederate attack at Shiloh Church, retreating only when their ammunition was gone. Depleted in numbers, the Ninth received 103 men from the 128th Illinois from Williamson County and 105 imprisoned deserters, who, under the influence of the veterans of the Ninth, became acceptable soldiers. After eighteen months of heavy fighting, the Ninth guarded supply lines. When the original three-year enlistment expired, only forty veterans from the original regiment reenlisted.

The second volume in Gordon C. Rhea's peerless five-book series on the Civil War's 1864 Overland Campaign abounds with Rhea's signature detail, innovative analysis, and riveting prose. Here Rhea examines the maneuvers and battles from May 7, 1864, when Grant left the Wilderness, through May 12, when his attempt to break Lee's line by frontal assault reached a chilling climax at what is now called the Bloody Angle. Drawing exhaustively upon previously untapped materials, Rhea challenges conventional wisdom about this violent clash of titans to construct the ultimate account of Grant and Lee at Spotsylvania.

History of the Ninth Mass. Battery

Few wartime cities in Virginia held more importance than Petersburg. Nonetheless, the city has, until now, lacked an adequate military history, let alone a history of the civilian home front. The noted Civil War historian A. Wilson Greene now provides an exper study of the city that was second only to Richmond in size and strategic significance. Industrial, commercial, and extremely prosperous, Petersburg was also home to a large African American community, including the state's highest percentage of free black elected a conservative, pro-Union approach to the sectional crisis. Little more than a month before Virginia's secession did Petersburg finally express pro-Confederate sentiments, at which point the city threw itself wholeheartedly into the effort, with large serving. Over the next four years, Petersburg's citizens watched their once-beautiful city become first a conduit for transient soldiers from the Deep South, then an armed camp, and finally the focus of one of the Civil War's most protracted and damaging collapse of the Confederate war effort in Virginia followed close on Grant's ultimate success in Petersburg.) At war's end, Petersburg's antebellum prosperity evaporated under pressures from inflation, chronic shortages, and the extensive damage done by U tracks both Petersburg's civilian experience and the city's place in Confederate military strategy and administration. Employing scores of unpublished sources, the book weaves a uniquely personal story of thousands of citizens--free blacks, slaves and their h of whom shared a singular experience in Civil War Virginia.

The History of the Fifty-Ninth Regiment

The Siege at Petersburg, The Battles of Chaffin's Bluff and Poplar Spring Church, September 29 - October 2, 1864

Richmond Redeemed pioneered study of Civil War Petersburg. The original (and long out of print) award-winning 1981 edition conveyed an epic narrative of crucial military operations in early autumn 1864 that had gone unrecognized for more than 100 years. Readers will rejoice that Richard J. Sommers's masterpiece, in a revised Sesquicentennial edition, is once again available. This monumental study focuses on Grant's Fifth Offensive (September 29 Ð October 2, 1864), primarily the Battles of Chaffin's Bluff (Fort Harrison) and Poplar Spring Church (Peebles' Farm). The Union attack north of the James River at Chaffin's Bluff broke through Richmond's defenses and gave Federals their greatest opportunity to capture the Confederate capital. The corresponding fighting outside Petersburg at Poplar Spring Church so threatened Southern supply lines that General Lee considered abandoning his Petersburg rail center six months before actually doing so. Yet hard fighting and skillful generalship saved both cities. This book provides thrilling narrative of opportunities gained and lost, of courageous attack and desperate defense, of incredible bravery by Union and Confederate soldiers from 28 states, Maine to Texas. Fierce fighting by four Black brigades earned their soldiers thirteen Medals of Honor and marked Chaffin's Bluff as the biggest, bloodiest battle for Blacks in the whole Civil War. In addition to his focused tactical lens, Dr. Sommers offers rich analysis of the generalship of Ulysses S. Grant, Robert E. Lee, and their senior subordinates, Benjamin Butler, George G. Meade, Richard S. Ewell, and A. P. Hill. The richly layered prose of Richmond Redeemed, undergirded by thousands of manuscript and printed primary accounts from more than 100 archives, has been enhanced for this Sesquicentennial Edition with new research, new writing, and most of all new thinking. Teaching future strategic leaders of American and allied armed forces in the Army War College, conversing with fellow Civil War scholars, addressing Civil War audiences across the nation, and reflecting on prior assessments over the last 33 years have stimulated in the author new perspectives and new insights. He has interwoven them throughout the book. His new analysis brings new dimensions to this new edition. Dr. Sommers was widely praised for his achievement. In addition to being a selection of the History Book Club, the National Historical Society awarded him the Bell Wiley Prize as the best Civil War book for 1981-82. Reviewers hailed it as 'a book that still towers among Civil War campaign studies' and 'a model tactical study [that] takes on deeper meaning . . . without sacrificing the human drama and horror of combat.' Complete with maps, photos, a full bibliography, and index, Richmond Redeemed is modeled for a new generation of readers, enthusiasts, and Civil War buffs and scholars, all of whom will welcome and benefit from exploring how, 150 years ago, Richmond was redeemed.

The History of Cedar County, Iowa

Excerpt from The History of the Fifty-Ninth Regiment: Illinois Volunteers, or a Three Years' Campaign Through Missouri, Arkansas, Mississippi, Tennessee and Kentucky, With a Description of the Country, Towns, Skirmishes and Battles Incidents, Casualties and Anecdotes Met With on the Way; And Embellished Wit Early in the month of May, 1861, C. H. Frederick and David McGibbon, two prominent citizens of St. Louis, Mo., called on General Lyon, and proffered to raise a regiment of infantry, to serve for three years, or during the war. C. H. Frederick, having previously served his country in a military capacity, and being familiar with military tactics, was deemed by General Lyon, a very suitable person to engage in the undertaking, and immediately authorized to recruit and organize a regiment, and to have command of the same. Colonel Frederick, at the breaking out of the rebellion, was engaged in a lucrative business in St. Louis, but at the call of his country he sacrificed his profitable interets, and gave his energies to the preservation of the Union. After an immense amount of difficulty. Colonel Frederick and his co-worker, Major McGibbon, working night and day, succeeded in enlisting enough loyal friends in and around St. Louis, to enable them to accomplish their purpose. By the middle of June three companies, and a nucleus of the fourth, was collected and rendezvoused at the St. Louis arsenal. Captains Hale, Renfrew, Veatch, and Elliott commanding. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Race of the Soil

"This comprehensively researched, well-written book represents the definitive account of Robert E. Lee's triumph over Union leader John Pope in the summer of 1862. . . . Lee's strategic skills, and the capabilities of his principal subordinates James Longstreet and Stonewall Jackson, brought the Confederates onto the field of Second Manassas at the right places and times against a Union army that knew how to fight, but not yet how to win."—Publishers Weekly
