**“Revealing and well-written. . . . A significant book.”—Houston Chronicle** It is one of the most enduring mysteries of the twentieth century: how, exactly, Adolf Hitler died and what happened to his remains. With access to the Russians' Hitler Archive, this book reveals not only what happened after the Russians captured Hitler's bunker but also why the Soviets felt the details of his death had to be suppressed.

Already well-known for his bestselling series of exposés on secret Nazi technology and the survival of the Third Reich after the end of World War II, Oxford-educated historian and physicist Joseph P. Farrell here delves ever deeper into the activities of this nefarious group. In his previous works, Farrell has clearly demonstrated that the Nazis were clandestinely developing new and amazing technologies toward the end of WWII, and that the key scientists involved in these experiments were exported to the Allied countries at the end of the conflict, mainly the United States, in a move called Operation Paperclip. NASA director and developer of the Saturn V rocket that sent Americans to the moon, Werner von Braun, was one of these scientists. Farrell has traced the links between ongoing Reich activities and the newly-formed CIA and other defense/ military/ industrial establishments. Now, Farrell has meticulously reviewed the best-known Roswell research from UFO-ET advocates and skeptics alike, as well as some little-known source material, and comes to a radically different scenario of what happened in Roswell, New Mexico in July 1947, and why the US military has continued to cover it up to this day. Farrell presents a fascinating case sure to disturb both ET believers and disbelievers, namely, that what crashed may have been representative of an independent postwar Nazi power—an extraterritorial Reich monitoring its old enemy, America, and the continuing development of the very technologies confiscated from Germany at the end of the War.

A brilliant line-up of international contributors examine the implications of the portrayals of Nazis in low-brow culture and that culture's re-emergence today

Physicist and Oxford educated historian Joseph P. Farrell continues his best-selling series of exposés on secret Nazi technology, Nazi survival, and post-war Nazi manipulation of various manufacturing technologies, economies and whole countries. Beginning with pre-War corporate partnerships in the USA, including the Bush family, he moves on to the surrender of Nazi Germany, and evacuation plans of the Germans. He then covers the vast, and still-little-known recreation of Nazi Germany in South America with help of Juan Peron, I.G. Farben and Martin Bormann. Farrell then covers Nazi Germany's Penetration of the Muslim World including Wilhelm Voss and Otto

Skorzeny in Gamel Abdul Nasser's Egypt before moving onto the development and control of New Energy Technologies including the Bariloche Fusion Project, Dr. Philo Farnsworth's Plasmator, and the Work of Dr. Nikolai Kozyrev. Finally, Farrell discusses the Nazi desire to control space, and examines their connection with NASA, the esoteric meaning of NASA Mission Patches, plus final chapters on: Alchemy, Esotericism, The SS and the Unified Field Theory Craze; 1943-1945: Strange Events from the end of World War II and other "Postwar Shenanigans." This book is literally packed with information.

At the heart of the evil of Nazism was Hitler's "witch doctor," Heinrich Himmler, and his peculiar and deadly organization with the mundane name Schutzstaffel, literally "protective squadron." Undoubtedly you know them better as the feared SS, the very essence of Nazism. Their threatening double lightning bolt is perhaps the most dreaded symbol of the Third Reich. The facts of the SS's origins are truly stranger than fiction. If you thought Raiders of the Lost Ark was an inspired Hollywood fiction, think again. Hitler's Master of the Dark Arts reveals the hidden "truths" of the SS in full and morbidly fascinating detail. Explores the role of ETs in the military, government, technology, history, and the coming new age • Surveys contact with ETs, abductions, alien technology and exopolitics, genetic tampering by ETs, and the history behind the Nazis and UFOs • Contains interviews with Jesse Marcel, Michael Salla, Paul LaViolette, Robert Bauval, Helen Wambach, and others at the forefront of the ET-derived New Science movement The extraterrestrial presence on Earth is widening and, as we enter the Aquarian Age, will be admitted officially, causing shock and an urgent universal need to understand the social and technological changes derived from our space brothers. A primer for the explosive advances humanity will experience scientifically and spiritually in the coming years, this compendium explores the ET phenomenon and its influence on humanity past and present. The book surveys contact with ETs and abduction accounts, unexplained public and undisclosed military technology from aliens including anti-gravity devices, exopolitics (the influence of ETs in human affairs), the Iraqi Stargate, the Hybrid Project of alien interbreeding by abduction, Nazi ties to UFOS and their secret underground base in Antarctica, government cover-ups of alien interactions including Roswell, and the transformation triggered by the Hale-Bopp comet. Based on interviews with people who are witnessing the coming changes as well as those visionaries who are actually bringing them about--including John Mack, Major Jesse Marcel, Paul LaViolette, Robert Bauval, Michael Salla, and Helen

Wambach--this book sketches out a breathtaking vision of the planetary revolution just around the corner.

A gripping historical thriller set in 1930s Munich, *Prisoner of Night and Fog* is the evocative story of an ordinary girl faced with an extraordinary choice in Hitler's Germany. Fans of *Code Name Verity* will love this novel full of romance, danger, and intrigue! Gretchen Müller grew up in the National Socialist Party under the wing of her uncle Dolf—who has kept her family cherished and protected from that side of society ever since her father sacrificed his life for Dolf's years ago. Dolf is none other than Adolf Hitler. And Gretchen follows his every command. When she meets a fearless and handsome young Jewish reporter named Daniel Cohen, who claims that her father was actually murdered by an unknown comrade, Gretchen doesn't know what to believe. She soon discovers that beyond her sheltered view lies a world full of shadowy secrets and disturbing violence. As Gretchen's investigations lead her to question the motives and loyalties of her dearest friends and her closest family, she must determine her own allegiances—even if her choices could get her and Daniel killed.

In 1977 in the quiet English countryside a film called *Alternative Three* was aired. It was so shocking that for more than 30 years it's been discussed and analyzed. But what if *Alternative Three* was in fact real? Was it the blueprint for surviving the end of the world? How does it connect to the Secret Space Program, Nazi UFO's, SDI and even Chemtrails? Are there bases on the Moon? For the first time ever shocking details about the Secret Space Program and *Alternative Three* are exposed as is the connections

between some of the greatest conspiracies of all time and a secret government program to move to Mars to survive the coming global apocalypse. Contents includes: Coming of Age in the Secret Space Race; Alternative Three—The Most Dangerous Show Ever Produced; Geoengineering, Chemtrails and Global Dimming; D.U.M.B Projects and the End of the World; Agenda 21, The Population Bomb and the Georgia Guidestones; The Nazi Flying Saucers; Close Encounters of the Totally Germanic Kind; Lasers, UFOs, and SDI—Evidence of the War in Space, Space Warden and the Hidden Military Machine in Orbit; Weapons in Orbit—Arming the High Frontier; Moon Bases, Mars Bases and The Great Beyond; Staffing the Solar War Machine—Mysterious Disappearances, National Parks, and the Break Away Civilization; more. Includes 4-page color section.

Examining the flaws of mainstream society, this collection of conspiracy theory, esoteric knowledge, and fringe subjects seeks to present solutions to current social, economic, and environmental world issues. This book encourages the exploration and integration of modern science with ancient wisdom, which will lead modern society towards advancement and enlightenment. Topics discussed include religious mythos, government manipulation, technological advances, and utopia.

Defying Hitler was written in 1939 and focuses on the year 1933, when, as Hitler assumed power, its author was a 25-year-old German law student, in training to join the German courts as a junior administrator. His book tries to answer two questions people have been asking since the end of World War II: "How were the Nazis possible?" and "Why did no one stop them?" Sebastian Haffner's vivid first-person account, written in real time and only much later discovered by his son, makes the rise of the Nazis psychologically comprehensible. "An astonishing memoir... [a] masterpiece." — Gabriel Schoenfeld, The New York Times Book Review "A short, stabbing, brilliant book... It is important, first, as evidence of what one intelligent German knew in the 1930s about the unspeakable nature of Nazism, at a time when the overwhelming majority of his countrymen claim to have know nothing at all. And, second, for its rare capacity to reawaken anger about those who made the Nazis possible." — Max Hastings, The Sunday Telegraph "Defying Hitler communicates one of the most profound and absolute feelings

of exile that any writer has gotten between covers." – Charles Taylor, Salon "Sebastian Haffner was Germany's political conscience, but it is only now that we can read how he experienced the Nazi terror himself – that is a memoir of frightening relevance today." – Heinrich Jaenicke, Stern "The prophetic insights of a fairly young man... help us understand the plight, as Haffner refers to it, of the non-Nazi German." – The Denver Post "Sebastian Haffner's Defying Hitler is a most brilliant and imaginative book – one of the most important books we have ever published." – Lord Weidenfeld

Richard Overy's essays, collected here for the first time with a substantial new introduction, explore the tension between Hitler's vision of an armed economy and the reality of German economic and social life. ***David Childress, popular author and star of the History Channel show Ancient Aliens, brings us the incredible tale of the German flying disk known as the Haunebu. Although rumors of German flying disks have been around since the late years of WWII it was not until 1989 when a German researcher named Ralf Ettl living in London received an anonymous packet of photographs and documents concerning the planning and development of at least three types of unusual craft—craft which we would classify today as UFOs or flying saucers. Ettl went on to make several television documentaries based on the material in the packet and released most of the documents and photos to researchers in Austria and other parts of Europe. What the Ralf Ettl document dump shows us is what many have suspected for a long time: that WWII did not end in the manner in which we have been told, and a remnant of the Nazi military—particularly the SS—continued to operate flying saucers and submarines around the world in the decades after the end of the war. This activity—involving a flying saucer known as the Haunebu—was particularly notable in South America, but it ultimately involved all the continents of the world including Antarctica. Join Childress as he shows us the secret files involving the Haunebu, the Vrill craft, the Andromeda craft, and others. Includes a 16-page color section. Over 120 photographs and diagrams.***

Nazi technology extended far further than has generally been acknowledged, in fact to almost unfathomable levels. This book provides a glimpse into German research. It contains reports of structured bombs of nipolit, N-stoff bombs, cold bombs, oxygen bombs which could destroy all life, atomic bombs and rumours of the mysterious molecular bomb.

This is the story of the Terror Weapons developed by Hitler and Nazi Germany that were intended to be unleashed with devastating effect on the rest of the World. The book charts the development of the V rockets and their successes against allied targets. It then goes on to look at the even more sinister deadly weapons that Hitler was planning and developing, but fortunately did not succeed in producing. Hitler's Terror Weapons tells of the desperate efforts of the Nazis to produce war-winning weapons, and the measures taken by the Allies at the high levels to frustrate them in their aim.

WWII expert Stevens shows us the incredible and suppressed technology of the Third Reich and their desire to create highly advanced "wingless" aircraft—yes, flying saucers! Learn why the Schriever-Habermohl project was actually two projects and read the written statement of a German test pilot who actually flew one of these saucers; about the Leduc engine, the key to Dr. Miethes saucer designs; how US government officials kept the truth about foo-fighters hidden for almost sixty years and how they were finally forced to come clean about the German origin of foo fighters. Learn of the Peenemuende saucer project and how it was slated to go atomic. Read the testimony of a German eyewitness who saw magnetic discs. Read the U.S. government's own reports on German field propulsion saucers. Read how the post-war German KM-2 field propulsion rocket worked. Learn details of the work of Karl Schappeller and Viktor Schaubergger. Learn how their ideas figure in the quest to build field propulsion flying discs. Find out what happened to this technology after the war. Find out how the Canadians got saucer technology directly from the SS. Find out about the surviving Third Power of former Nazis. Learn of the US government's methods of UFO deception and how they used the German Sonderbueroll as the model for Project Blue Book. Nazi Nexus is the long-awaited wrap-up in a single explosive volume that details the pivotal corporate American connection to the Holocaust. The biggest names and crimes are all there and its facilitation of the identification and accelerated destruction of the Jews; General Motors and its rapid motorization of the German military enabling the conquest of Europe and the capture of Jews everywhere; Ford Motor Company for its political inspiration; the Rockefeller Foundation for its financing of deadly eugenic science and the program that sent Mengele to Auschwitz; the Carnegie Institution for its proliferation of the concept of race science, racialism, and the very mathematical formula used to brand the Jews for systematic destruction; and The groundbreaking first edition of Secret and Suppressed influenced many in the conspiratorial 1990s (including Chris Carter and his X-Files). Now comes the second edition, presenting a new wave of revelations, rants, visions and nightmares that illuminate the paranoid and nightmarish post-9/11 world.

'No one can deny Paul Roland is a complete master of his subject.' Colin Wilson, author of The Occult and A Criminal History of Mankind Why did the country which produced Goethe, Beethoven, Bach, Schiller, Einstein, Kant and Hegel allow itself to be led to the precipice of self-destruction by a ragged collective of criminals, misfits, sadists and petty bureaucrats? The book and the Occult reveals the true nature of the Third Reich's link with arcane influences and occultism itself, as well as explaining how an illeducated, psychologically unbalanced nonentity succeeded in mesmerizing an entire nation. Forget what you have read, seen and heard. This is the real secret history of Nazi Germany and its dark Messiah - Adolf Hitler.

*"A dense and scholarly book about . . . the relationship between the Nazi party and the occult . . . reveals stranger-than-fiction truths on every page."—Daily Telegraph The Nazi fascination with the occult is legendary, yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty. Preposterous though it was, however,*

supernatural thinking was inextricable from the Nazi project. The regime enlisted astrology and the paranormal, paganism, Indo-Aryan mythology, witchcraft, miracle weapons, and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion. In this eye-opening history, Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward. Even as popular occultism and superstition were intermittently rooted out, suppressed, and outlawed, the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power, shape propaganda and policy, and pursue their dreams of racial utopia and empire. "[Kurlander] shows how swiftly irrational ideas can take hold, even in an age before social media."—The Washington Post "Deeply researched, convincingly authenticated, this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish."—The Spectator "A trustworthy [book] on an extraordinary subject."—The Times "A fascinating look at a little-understood aspect of fascism."—Kirkus Reviews "Kurlander provides a careful, clear-headed, and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits."—National Review

Evil isn't simply an abstract theological or philosophical talking point. In our society, the idea of evil feeds entertainment, manifests in all sorts of media, and is a root concept in our collective psyche. This accessible and appealing book examines what evil means to us. • Includes the insights of scholars from widely different academic fields to inspect evil from various points of view, giving readers a broader perspective on the topic • Compiles expert opinions from American, American expatriate, European, Asian, and Middle Eastern contributors • Covers the portrayal of evil in many different forms of media—film, television, music, art, video games, literature, poetry—as well as in politics, current events, and the legal arena

Human Rights after Hitler reveals thousands of forgotten US and Allied war crimes prosecutions against Hitler and other Axis war criminals based on a popular movement for justice that stretched from Poland to the Pacific. These cases provide a great foundation for twenty-first-century human rights and accompany the achievements of the Nuremberg trials and postwar conventions. They include indictments of perpetrators of the Holocaust made while the death camps were still operating, which confounds the conventional wisdom that there was no official Allied response to the Holocaust at the time. This history also brings long overdue credit to the United Nations War Crimes

*Commission (UNWCC), which operated during and after World War II. From the 1940s until a recent lobbying effort by Plesch and colleagues, the UNWCC's files were kept out of public view in the UN archives under pressure from the US government. The book answers why the commission and its files were closed and reveals that the lost precedents set by these cases have enormous practical utility for prosecuting war crimes today. They cover US and Allied prosecutions of torture, including "water treatment," wartime sexual assault, and crimes by foot soldiers who were "just following orders." Plesch's book will fascinate anyone with an interest in the history of the Second World War as well as provide ground-breaking revelations for historians and human rights practitioners alike.*

*As the Nazi advance across Europe stalled, Adolf Hitler repeatedly told his military advisers and inner circle that Germany possessed Wunderwaffen - miracle weapons - that would turn the tide and bring the Germans ultimate victory. But was he simply boasting out of desperation, or were the 'miracle weapons' real? Ideas that other governments considered too outrageous were funded by the Third Reich. At this time, German scientists and engineers led the world in the fields of aviation research, rocketry, and the quest for alternative sources of energy. They even came perilously close to beating the British and Americans in the search to build the first atomic bomb. This book describes the Nazis' secret plans to produce weapons of mass destruction, and shows how they almost succeeded in defeating the Allies in World War II.*

*Even though dozens of top Nazi scientists were persuaded to switch their allegiance to the United States (or other Allied nations) through Operation Paperclip at the end of World War II, many innovators continued working under their original allegiance to the Third Reich. Operating from secret bases in Norway, Greenland, the Canary Islands, Antarctica and South America, these scientists developed astonishing technologies and a postwar Nazi power structure called the 'Dritte Macht' or Third Power. Stevens painstakingly provides the details, function and location, of several of these bases while revealing the underlying technologies being developed—they are*

*interrelated in unexpected ways, and Stevens' fluency in German aids in his being able to present brand new evidence from documents and testaments translated by him for the first time. Stevens details how Hans Kammler survived the war, and set up shop in Prague. Together with Otto Skorzeny and his South American group and Reinhard Gehlen and his crew in Munich, Kammler lifted the 'Nazi International' into the Third Power, an information-based organization integral to the functioning of the Cold War.*

*Now we know what spooked the Allies in the closing months of the war and why they were in such a panic to win quickly. The Allies assembled intelligence reports of supermetals, electric guns, and ray weapons able to stop the engines of Allied aircraft in addition to their worst fears of x-ray and laser weaponry. Then there were the bombs.*

*Contained in this book are reports of structured bombs of nipolit, N-stoff bombs, cold bombs, oxygen bombs which destroyed all life, atomic bombs and rumors of the mysterious molecular bomb. The true history of the fuel-air bomb is revealed by our own military. There is even a probability that the SS black alchemists of the 3rd Reich were experimenting with red mercury bomb technology. This book documents very large mystery rockets under development in Germany, far beyond the V-2. Technological history is also examined. Guess who invented the computer, magnetic tape and computer programs? How about refining crude oil using sound waves or producing gasoline for 11 cents per gallon or the synthetic penicillin substitute, "3065"? Very exotic technologies are also discussed including German experiments in time, sustained fusion reactions, zero point energy and travel in deep space. Chapters include: The Kammler Group; German Flying Disc Update (Witness to a German Flying Disc); The Electromagnetic Vampire; Liquid Air; Synthetic Blood; German Free Energy Research; German Atomic Tests; "Project Hexenkessel" The Fuel-Air Bomb; Supermetals; Red Mercury; Means To Stop Engines; Magnetic Wave-Motorstopppmittel; "Death Rays"; Distillation of Crude Oil Using Sound Waves; What is Happening in Antarctica?; Large German Mystery Rockets; Experiments in Time; tons more.*

**Why were the Allies worried about an atom bomb attack by the Germans in 1944? Why did the Soviets threaten to use poison gas against the Germans? Why did Hitler in 1945 insist that holding Prague could win the war for the Third Reich? Why did US General George Patton's Third Army race for the Skoda works at Pilsen in Czechoslovakia instead of Berlin? Why did the US Army not test the uranium atom bomb it dropped on Hiroshima? Why did the Luftwaffe fly a non-stop round trip mission to within twenty miles of New York City in 1944? Reich of the Black Sun**

takes the reader on a scientific-historical journey in order to answer these questions. Arguing that Nazi Germany actually won the race for the atom bomb in late 1944, Reich of the Black Sun then goes on to explore the even more secretive research the Nazis were conducting into the occult, alternative physics and new energy sources. The book concludes with a fresh look at the "Nazi Legend" of the UFO mystery by examining the Roswell Majestic-12 documents and the Kecksburg crash in the light of parallels with some of the super-secret black projects being run by the SS. Reich of the Black Sun is must-reading for the researcher interested in alternative history, science, or UFOs!

In a fascinating, unique and alternative history, author of The Philosophers' Stone Joseph P. Farrell outlines the consistent pattern and strategy of bankers in ancient and modern times, and their desire to suppress the public development of alternative physics and energy technologies. He unravels how financiers usurped the money creating power of the state to substitute a facsimile of money-as-debt. Here, Farrell peels back the layers of deception to reveal the possible deep physics that the 'banksters' have used in their financial policies.

This story of an anti-fascist's dramatic and remarkable victory against Nazism in 1935 is an inspiration to anyone compelled to resist when signs of oppression are on the horizon. By 1935, Hitler had suppressed all internal opposition and established himself as Germany's unchallenged dictator. Yet many Americans remained largely indifferent as he turned his dangerous ambitions abroad. Not William Bailey. Just days after violent anti-Semitic riots had broken out in Berlin, the SS Bremen, the flagship of Hitler's commercial armada, was welcomed into New York Harbor. Bailey led a small group that slipped past security and cut down the Nazi flag from the boat in the middle of a lavish party. A brawl ensued, followed by a media circus and a trial, in which Bailey and his team were stunningly acquitted. The political victory ultimately exposed Hitler's narcissism and violent aggression for all of America to see. The Agitator is the captivating story of Bailey's courage and vision in the Bremen incident, the pinnacle of a life spent battling against fascism. Bailey's story is full of drama and heart--and it's an inspiration to anyone who seeks to resist tyranny.

'Tim Tate, in Hitler's British Traitors, [explores] the entire grimy landscape of British treachery during the Second World War and the astonishing rogues' gallery of traitors working to help Nazi Germany win. [He makes] excellent use of the vast trove of material declassified by MI5 in recent years.' - Ben Macintyre, The Times

Hitler's British Traitors is the first authoritative account of a well-kept secret: the British Fifth Column and its activities during the Second World War. Drawing on hundreds of declassified official files - many of them previously unpublished - Tim Tate uncovers the largely unknown history of more than 70 British traitors who were convicted, mostly in secret trials, of working to help Nazi Germany win the war, and several hundred British Fascists who were interned without trial on evidence that they were working on behalf of the enemy. Four were condemned to death; two were executed. This engrossing book reveals the extraordinary methods adopted by MI5 to uncover British traitors and their German spymasters, as well as two serious wartime plots

*David Childress, popular author and star of the History Channel show Ancient Aliens, brings us the incredible tale of Nazi submarines and secret weapons in Antarctica and elsewhere. He looks into the strange life and death of Rudolf Hess, as well as the mystery of James Forrestal and the secret group called MJ-12. He examines Operation Highjump led by Admiral Richard Byrd in 1947 and the battle that he apparently had in Antarctica with flying saucers. Through "Operation Paperclip," the Nazis infiltrated aerospace companies, banking, media, and the US government, including NASA and the CIA after WWII. He reveals that the Nazis had built secret bases in a variety of places during WWII, including Greenland, the Canary Islands, Tibet and Antarctica. Childress discusses the secret U-boat fleet that patrolled the Atlantic and Antarctic Oceans for decades after the war. He looks into the secret German space program and its flying disks and tubular aircraft; the secret technology involved, including anti-gravity propulsion technology; underground and under ice bases; strange things happening in South America; and secret bases on the Moon and Mars. Childress looks at the possible merger of Nazi assets in Antarctic with the Americans' and the use of Antarctica as a space base for traffic to secret space stations in orbit and below the surface of the Moon. The author looks at military space programs such as Solar Warden, Lunex and Project Horizon. Does the US Space Force have a secret space program that maintains huge ships in orbit around the Earth and employs hundreds of astronauts as crew for these vehicles? Between 1939 and 1945, more than seventy Allied men and women were convicted—mostly in secret trials—of working to help Nazi Germany win the war. In the same period, hundreds of British Fascists were also interned without trial on specific and detailed evidence that they were spying for, or working on behalf of, Germany. Collectively, these men and women were part of a little-known Fifth Column: traitors who committed crimes including espionage, sabotage, communicating with enemy intelligence agents and attempting to cause disaffection amongst Allied troops. Hundreds of official files, released piecemeal and in remarkably haphazard fashion in the years between 2002 and 2017, reveal the truth about the Allied men and women who formed these spy rings. Several were part of international espionage rings based in the United States. If these men and women were, for the most part, lone wolves or members of small networks, others were much more dangerous. In 1940, during some of the darkest days of the war, two well-connected British Nazi sympathizers planned overlapping conspiracies to bring about a “fascist revolution.” These plots were foiled by Allied spymasters through radical—and often contentious—methods of investigation.
