Lissa Randall's future was bright with academic promise until the tragic accident that took her mother's life--and brought her own plans to a screeching halt. Eighteen months later Lissa is still unable to get back behind the wheel. Ev McAllistair's driving school looks like Lissa's best hope for getting her life back on the road again.

His patience and fatherly wisdom seem to transcend the driving experience. But Ev's own complicated past is about to resurface, with consequences for everyone in his orbit...

The hunter spreads a hind inside the beast's track, shocked by the sheer enormity of the thing. Dusk settles through the forest but there is just enough light to make out the tiny red droplets along the edge of the print. An hour ago it had been a steady flow. The trail leads down into a valley the sun has already given up to shadow, and the moon won't be up for hours. Under any other circumstances it would be wise to wait for the moonlight, but the warm trickle of the hunter's own blood has not stopped and there is no time to wait. The hunt is on. BLOOD TRAILS marks the 4th volume in the Legends of the Monster Hunter series and welcomes 24 brand new stories to the family. Fans of LEATHER, DENIM & SILVER, THE TRIGGER REFLEX and USE ENOUGH GUN will be well pleased with these tales and newcomers to the series will be very glad to discover it.

A twig snaps in the mist behind you, and you turn to see lantern eyes hanging over slavering jaws... Most would panic, run, and within moments, die. But not the Monster Hunter. Reflexes like coiled springs unleash with fury into the beast, and the never-ending struggle between hunter and nightmare begins with blood... Behold LEATHER, DENIM & SILVER, a collection of monster hunting tales ranging from the frozen halls of a Russian orphanage to the steamy jungles of the Congo. Hunt the foggy streets of London, moonlit New Orleans, and prowl the Old West as hunters square off against bloodthirsty werewolves, vampires, demonic spirits, and devils escaped from legend. Creatures will die. Hunters will die. But no one will go without a fight...
