A Traveler's Guide

The Story of Hilton Hotels

This intimate, shocking-and thoroughly unauthorized--portrait of the Hiltons chronicles the family's amazing odyssey from poverty and obscurity to glory and glamour. From Conrad Hilton, the eccentric "inkeeper to the world" who built a global empire beginning with a fleabag in a dusty Texas backwater, to Paris Hilton, his great-granddaughter, whose fame took off with a sex video, House of Hilton is the unauthorized, eye-popping portrait of one of America's most outrageous dynasties. If you want to know how Paris Hilton became who she is, you have to know where she came from. From scores of candid and exclusive interviews, from private documents and public records, New York Times bestselling author Jerry Oppenheimer has dug deeply into her paternal and maternal family roots to reveal the often shocking, tragic, and comic lives that helped shape the world's most famous and fabulous "celebutante." The cast of characters includes Paris's maternal grandmother, a materialistic "stage mother from hell." There is Paris's maternal grandfather, who became an alcoholic housepainter. The life of Paris's mother, Kathy Hilton, groomed by her mother to be a star and marry rich, is candidly revealed, too, as is that of Paris's father, Rick, Conrad's grandson. Paris's tabloid antics are truly in the Hilton tradition. Set against a glittery Hollywood backdrop--with appearances by stars like Elizabeth Taylor, Zsa Zsa Gabor, Natalie Wood, and Joan Collins--House of Hilton brings to light a cornucopia of closely held Hilton family secrets and sexual peccadilloes, such as the many affairs and the nightclub-brawling, boozing, and pill-popping life of Paris's great-uncle, Nick Hilton. The story of his hellish marriage to Liz Taylor alone rivals any of today's Hollywood breakups. Behind it all was Conrad Hilton, who built his worldwide empire through the Great Depression while others were jumping out of windows. A devout Catholic publicly, his personal life was that of an unrepentant sinner. His first marriage was to Mary Barron Hilton, a sexy, hard-drinking, gambling Kentucky teenager half Conrad's age. Wife number two was the gorgeous Zsa Zsa, who, like Paris, was famous for being famous. Their tumultuous marriage and headline-making divorce are revealed here in all their juicy glory. In all, House of Hilton is a gripping American saga, from the fire and passions that built a business empire to the debauchery and amorality passed on from one generation to the next.

The True Story of an American Dynasty

The Story of Hilton Hotels'Little Americas'Goodfellow Publishers Ltd

In postwar Europe and the Middle East, Hilton hotels were quite literally "little Americas." For American businessmen and tourists, a Hilton Hotel—with the comfortable familiarity of an English-speaking staff, a restaurant that served cheeseburgers and milkshakes, trans-Atlantic telephone lines, and, most important, air-conditioned modernity—offered a respite from the disturbingly alien. For impoverished local populations, these same features lent the Hilton a utopian aura. The Hilton was a space of luxury and desire, a space that realized, permanently and prominently, the new and powerful presence of the United States. Building the Cold War examines the architectural means by which the Hilton was written into the urban topographies of the major cities of Europe and the Middle East as an effective representation of the United States. Between 1953 and 1966, Hilton International built sixteen luxury hotels abroad. Often the Hilton was the first significant modern structure in the host city, as well as its finest hotel. The Hiltons introduced a striking visual contrast to the traditional architectural forms of such cities as Istanbul, Cairo, Athens, and Jerusalem, where the impact of its new architecture was amplified by the hotel's unprecedented siting and scale. Even in cities familiar with the Modern, the new Hilton often dominated the urban landscape with its height, changing the look of the city. The London Hilton on Park Lane, for example, was the first structure in London that was higher than St. Paul's cathedral. In his autobiography, Conrad N. Hilton claimed that these hotels were constructed for profit and for political impact: "an integral part of my dream was to show the countries most exposed to Communism the other side of the coin—the fruits of the free world." Exploring everything the carefully drafted contracts for the buildings to the remarkable visual and social impact on their host cities, Wharton offers a theoretically sophisticated critique of one of the Cold War's first international businesses and demonstrates that the Hilton's role in the struggle against Communism was, as Conrad Hilton declared, significant, though in ways that he could not have imagined. Many of these postwar Hiltons still flourish. Those who stay in them will learn a great deal about their experience from this new assessment of hotel space.

Galveston—a small, flat island off the Texas Gulf coast—has seen some of the state's most amazing history and fascinating people. First settled by the Karankawa Indians, later suspected of cannibalism, it was where the stranded Cabeza de Vaca came ashore in the 16th century. Pirate Jean Lafitte used it as a hideout in the early 1800s and both General Sam Houston and General James Long (with his wife, Jane, the "Mother of Texas") stayed on its shores. More modern notable names on the island include Robert Kieberg and the Moody, Sealy and Kemper families who dominated commerce and society well into the twentieth century. Captured by both sides during the Civil War and the scene of a devastating sea battle, the city flourished during Reconstruction and became a leading port, an exporter of grain and cotton, a terminal for two major railroads, and site of fabulous Victorian buildings—homes, hotels, the Grand Opera House, the Galveston Pavilion (first building in Texas to have electric lights). It was, writes Cartwright, "the largest, bawdiest, and most important city between New Orleans and San Francisco." This country's worst natural disaster—the Galveston hurricane of 1900—left the city in shambles, with one sixth of its population dead. But Galveston recovered. During Prohibition rum-running and bootlegging flourished; after the repeal, a variety of shady activities earned the city the nickname "The Free State of Galveston." In recent years Galveston has focused on civic reform and restoration of its valuable architectural and cultural heritage. Over 500 buildings are listed on the National Register of Historic Places, and an annual "Dickens on the Strand" festival brings thousands of tourists to the island city each December. Yet Galveston still witnesses colorful incidents and tells stories of descendants of the ruling families, as Cartwright demonstrates with wry humor in a new epilogue written specially for this edition of Galveston. THE HILTONS is a sweeping saga of the success-and excess-of an iconic American family. Demanding and enigmatic, patriarch Conrad Hilton's visionary ideas and unyielding will established the model for the modern luxury hotel industry. But outside the boardroom, Conrad struggled with emotional detachment, failed marriages, and conflicted Catholicism. Then there were his children: Playboy Nicky Hilton's tragic alcoholism and marriage to Elizabeth Taylor was the stuff of tabloid legend. Barron Hilton, on the other hand, deftly handled his father's legacy, carrying the Hilton brand triumphantly into the new millennium. Eric, raised apart from his older brothers, accepted his supporting role in the Hilton dynasty with calm and quiet-a stark contrast to the boys' much younger half-sister Francesca, whose battle for recognition led her into courtrooms and conflict. The cast of supporting players includes the inimitable Zsa Zsa Gabor, who was married to Conrad briefly and remained a thorn in his side for decades, and a host of other Hollywood and business luminaries with whom the Hiltons crossed paths and swords over the years.

Hilton Hotel Secrets

The Palmer House Hilton, the Drake, and the Hilton Chicago

Presents a pictorial history of Chicago's grand hotels, including the Palmer House, the Drake, and the Conrad Hilton Hotel.

This is the most controversial Book, containing complex shocking revelations, in the series of Books by the Author, wherein most difficult topics are excellently and diligently dealt with, exposing realities in politics, and non-dispensation of justice, with judiciary acting sans jurisdiction, ultra-vires the Constitution, denying natural justice, making a mockery of the `rule of law`, paying scant regard to United Nations Conventions on Human Rights. The range of cases and topics dealt with is indeed amazing making exhorbing reading. Commencing with his own exposure to politics, paying high tribute to minority Tamils in Sri Lanka, the Author brings out stunning prevalent reality. Makes startling disclosures on Sri Lanka's most controversial Presidential Election of 2010, and incarceration, as a villain, a Presidential Candidate, a trusted Army General, once hailed, as the `best Army General in Asia`, having led the country's armed forces to crush one of the most feared terrorists organizations, internationally banned, Liberation Tigers of Tamil Ilam. The most difficult and delicate subject of `judicial bias and disqualification' at highest levels of the judiciary is dealt with, including the controversy which reverberated on the endeavour by the Legislature to impeach a Chief Justice, whose husband, having held high profile political office, was impleaded in a dubious share scandal, involving the country's leading Savings Bank. Author incisively delves into an important case of abduction of a Tamil businessman, and the horrendous anonymous allegations of trading in human body parts, during the war against the terrorists, allegedly with Indian and Israeli connections. Author analyses real case studies, involving foreign investments, demonstrating classic instances of dubious judicial processes, including subversion of action, vis-à-vis, fabricated forged documents of public officers tendered to Court, involving questionable professional conduct, and indifference by law enforcement authorities, including Attorney General, Chief Law Officer of the State.
