This daring speculative novel tackles terrorism and anti-immigrant hysteria, combining lyric intensity with the tools of science fiction.

Based on up-to-date original research, Heart And Soul brings together established and newly emerging scholars who provide detailed examinations the many layers of this multi-faceted and influential band and their singer, the late Ian Curtis, in particular.

"Nebula Award finalist Barbara Krasnoff's debut crosses many genres, spinning tales of sorcery, ghosts, time travel, virtual reality, alien contact, and elemental confrontations between good and evil. The book follows two Jewish immigrant families, one from Eastern Europe, one from Western Europe, whose destinies are mysteriously intertwined."--Publisher's description.

"Zanna Sloniowska writes beautifully; with empathy, sensitivity, and with real political impact . . . an important new voice in Polish literature" OLGA TOKARCZUK, Nobel Prize-winning author of Flights "Remarkable, a gripping, Lvivian evocation of a city and a family across a long and painful century . . . A novel of life and survival across the ages" PHILIPPE SANDS, author of East West Street Amid the turbulence of 20th century Lviv, meet four generations of women from the same fractious family, living beneath one roof and each striving to find their way across the decades of upheaval in an ever-shifting city. First there is Great-Granma, tiny and terrifying, shaped by a life of exile, hardship and doomed love, now fighting to keep her iron grip on the lives of her daughter, granddaughter and great-granddaughter. Then there is Aba, arthritic but devoted; cowed and despised by her mother, her one chance of happiness thwarted and her hopes of studying painting crushed. Thirdly, Marianna, the brilliant opera star: bold, beautiful and a fearless crusader for Ukrainian independence, who is shot during a demonstration and whose life and martyrdom casts a shadow upon the young life of the fourth and final woman, her daughter. More important even than these four women though is the character of the city of Lviv (or Lwów, or Lvov, depending on the point in history). A city of markets and monuments, streets and spires, where history and the present collide, civilisations clash and stories rise up on every corner. Translated from the Polish by Antonia Lloyd-Jones

It searches for a new historical and political grammar for relating and narrating their complicated intersections.

This book traces the ways Berlin has been narrated across three centuries by some 100 authors. It presents a composite landscape not only of the German capital, but of shifting subtexts in American society.

Skalde and her mother Edith live in a protected area on the brink of climate disaster when a young girl called Meisis upends their world, a modern-day fairy tale directly confronting our climate reality.

Mirrors of Destruction examines the relationship between total war, state-organized genocide, and the emergence of modern identity. Here, Omer Bartov demonstrates that in the twentieth century there have been intimate links between military conflict, mass murder of civilian populations, and the definition and categorization of groups and individuals. These connections were most clearly manifested in the Holocaust, as the Nazis attempted to exterminate European Jewry under cover of a brutal war and with the stated goal of creating a racially pure Aryan population and Germanic empire. The Holocaust, however, can only be understood within the context of the century's predilection for applying massive and systematic methods of destruction to resolve conflicts over identity. To provide the context for the "Final Solution," Bartov examines the changing relationships between Jews and non-Jews in France and Germany from the outbreak of World War I to the present. Rather than presenting a comprehensive history, or a narrative from a single perspective, Bartov views the past century through four interrelated prisms. He begins with an analysis of the glorification of war and violence, from its modern birth in the trenches of World War I to its horrifying culmination in the presentation of

genocide by the SS as a glorious undertaking. He then examines the pacifist reaction in interwar France to show how it contributed to a climate of collaboration with dictatorship and mass murder. The book goes on to argue that much of the discourse on identity throughout the century has had to do with identifying and eliminating society's "elusive enemies" or "enemies from within." Bartov concludes with an investigation of modern apocalyptic visions, showing how they have both encouraged mass destructions and opened a way for the reconstruction of individual and collective identities after a catastrophe. Written with verve, *Mirrors of Destruction* is rich in interpretations and theoretical tools and provides a new framework for understanding a central trait of modern history.

Though the author survived two years in Auschwitz, the memories of the horrors he experienced gripped him mercilessly for years until he found relief through psychotherapy. This book is the author's unforgettable memoir of that experience.

A Man Lies Dreaming

An Introduction

The Eighties were about big ideas writ large - new money, new style, gender fluidity, gay pride, attritional politics, the 'special relationship', nuclear fear, AIDS, cocaine, ecstasy, tabloid royalty, the rise of urban pop, and ultimately geopolitical chaos. Using a big narrative approach, Dylan Jones' history of the decade in pop frames the decade through some of its most important and popular hits, choosing records which either epitomised their time, or ushered in a new cultural shift. So we move seamlessly from Rapper's Delight and the genre defining moment of hip hop into The Specials' spectral, Ghost Town; from ABC and the apotheosis of New Pop (The Look of Love) to Madonna's breakthrough moment with Like a Virgin, and so on. In the '80s each year brought a new twist as technology shifted and genres snowballed, MTV reigned supreme and the story of pop became globalised. It was a decade of excess in all areas, especially ambition, but it was in the transcendent moments of pop perfection that the '80s found its true art-form. Subjective and idiosyncratic, SHINY AND NEW takes us from downtown New York to post-industrial Manchester, in the first widescreen attempt to weave together the stories, the songs and events that re-shaped music and society.

By the Book is Ramona Koval's love letter to books and writing. What is it about reading that we love so much? Why do books make our lives so much richer? Ramona Koval's *By the Book* is about reading and living, and about the authors that have written themselves into her life: from Oliver Sacks to Oscar Wilde, Christina Stead to Grace Paley. It is about learning to read (and asking her mother to buy her a copy of the *Kama Sutra*), about love and science (and her childhood ambition to be Marie Curie), about arctic exploration (and her ruminations on what part of a husky she would eat if she had to), about poetry and travel and falling in love. In our book-devouring nation, this is a book for every avid reader and every avid listener who has been spellbound by Ramona's interviews over the years. *By the Book* is quintessentially Ramona: warm, bright, erudite, unmissable. Ramona Koval is a writer, journalist and broadcaster. She is the editor of *Best Australian Essays* and was the presenter of ABC Radio National's 'The Book Show' for many years. She now interviews writers for The Monthly's online book club. textpublishing.com.au 'After 16 years as the host of Australian Broadcasting Corporation's The Book Show, Koval has a knack for conveying the essence of a book without spoiling it. She also recounts key exchanges with interviewees as diverse as Grace Paley, Oliver Sacks and Paul Theroux.' starred review Shelf Awareness 'By the Book takes us on intriguing journeys through books...The excitement with which Koval still approaches each new book, plunging in 'head first, heart deep', furnishes the last words of this urbane and enlightening work of her own.' Weekend Australian 'By the Book is a reminder of the role books can play in our lives. If you celebrate their contribution and appreciate their influence and artistry, then this is a story you will want to treasure. I certainly do.' Weekly Review 'A love letter to the act of reading...an ideal read for any bibliophile...Her tone is warm and inviting, just a touch short of wry...genuine and infectious.' Readings Monthly 'She's a shining presence in the world of literature, here in Australia and right across the globe...The book reads smoothly, it flows along from mood to mood, full of wit and beauty and grace...Her voice is always recognisable, invigorating, familiar to us and greatly loved: the voice of [a] highly literate woman.' Helen Garner 'As keen readers know, a book is more than an ordered pile of paper and cardboard - or these days, a collection of e-reader pixels. A companion, a refuge, a happy distraction, a gift to share - it can be all or any of these things, plus a bookmark of important times of one's life. The wise and warm Ramona Koval has written a literary memoir which focuses on this last quality, the books that marked and made her - from childhood through teens, student years to adulthood.' Australian Women's Weekly 'An irresistible study of the symbiotic relationship, for the bookish, between life and books...The voice is easily recognisable as the one we know from [Koval's] decades in radio: generous, warm and fearless.' Kerryn Goldsworthy, Australian Book Review 'The last chapters of *By the Book* reveal the quality of mind that made [Ramona Koval] such a brilliant interviewer, as much at home with scientists and travel writers as with novelists and poets.' Brenda Niall, Age 'Koval's enthusiasm bubbles from the page. It confirms the erudite and talented Koval is a treasure, whose voice is sorely missed on our airwaves.' Australian Bookseller and Publisher 'An entertaining, funny and instructive memoir about the real value of books.' Good Reading

300 Years of Irish Genre Fiction: A History in Stories

All hardbacks in the first print run will be signed by the author. The story of genre fiction - horror, romantic fiction, science fiction, crime writing, and more - is also the story of Irish fiction. Irish writers have given the world Lemuel Gulliver, Dracula, and the world of Narnia. They have produced pioneering tales of detection, terrifying ghost stories and ground-breaking women's popular fiction. Now, for the first time, John Connolly's one volume presents the history of Irish genre writing and uses it to explore how we think about fiction itself. Deeply researched, and passionately argued, SHADOW VOICES takes the lives of more than sixty writers - by turns tragic, amusing, and adventurous, but always extraordinary - and sets them alongside the stories they have written, to create a new way of looking at genre and literature, both Irish and beyond. Here are vampires and monsters, murderers and cannibals. Here are female criminal masterminds and dogged detectives, star-crossed lovers and vengeful spouses. Here are the SHADOW VOICES.

Holocaust History and the Readings of Ka-Tzetnik provides the first extensive exploration of the reception of Ka-Tzetnik's work and the role that his books have played in the larger discussion of the Holocaust and its memorialization around the world. Including contributions from an international and interdisciplinary group of experienced scholars, the book examines the literary merits, historical context and public resonance of Ka-Tzetnik's stories. It also places his novels in the context of post-WWII debates about how the memories and testimonies of the victims of the Holocaust can be represented and made publicly accessible through literature. There is also detailed coverage of key topics, like Holocaust memory and sexual violence in the concentration camps, and thorough historical analysis of key works like House of Dolls included throughout. This is an important study for all scholars and students with an interest in the Holocaust and Holocaust literature.

The Faith and Doubt of Holocaust Survivors reveals the victims' frank and thought-provoking answers to searching questions about their experiences: Was the Holocaust God's will? Was there any meaning or purpose in the Holocaust? Was Israel worth the price six million had to pay? Did the experience in the death camps bring about an avowal of faith? A denial of God? A reaffirmation of religious belief? Did the Holocaust change beliefs about the coming of the Messiah, the Torah, the Jews as the chosen people, and the nature of God? Drawing on the responses of seven hundred survivors, Reeve Robert Brenner reveals the changes, rejections, reaffirmations, doubts, and despairs that have so profoundly affected the faith, practices, ideas, and attitudes of survivors, and, by extension, the entire Jewish people. Many survivors carried their deepest secrets and innermost beliefs silently, from internment to interment. But Brenner's quest provided the impetus for many survivors to end their silence about the past and come forth with their feelings. In poignant vignettes scattered throughout the book, their answers to these profound questions are offered, disclosing ardent, overpowering passions and sensibilities.

A treasure trove of personal writings by the great post-punk singer-songwriter—with a foreword by his wife Deborah and an

introduction by Jon Savage. So This Is Permanence presents the lyrics and personal notebooks of one of the most enigmatic and influential music artists of the late twentieth century, Joy Division's Ian Curtis. The fact of the band's relatively few releases belies the power and enduring fascination its music holds, especially in light of Curtis's tragic suicide in 1980 on the eve of the band's first American tour. This volume features Curtis's never-before-seen handwritten lyrics, accompanied by earlier drafts and previously unpublished pages from his notebooks that shed fascinating light on his writing and creative process. Also included are an insightful and moving foreword by Curtis's widow Deborah, a substantial introduction by writer Jon Savage, and an appendix featuring books from Curtis's library and a selection of fanzine interviews, letters, and other ephemera from his estate.

What have the hippies ever done for us? Matthew Ingram explores the relationship between the summer of love and wellness, medicine, and health. The counterculture of the Sixties and the Seventies is remembered chiefly for music, fashion, art, feminism, computing, black power, cultural revolt and the New Left. But an until-now unexplored, yet no less important aspect -- both in its core identity and in terms of its ongoing significance and impact -- is its relationship with health. In this popular and illuminating cultural history of the relationship between health and the counterculture, Matthew Ingram connects the dots between the beats, yoga, meditation, psychedelics, psychoanalysis, Eastern philosophy, sex, and veganism, showing how the hippies still have a lot to teach us about our wellbeing.

To observe an eclipse is to witness a rare and unusual event. Under darkened skies the sun becomes a negative image of itself, its corona transforming the landscape into a strange space where anything might happen, and any story may be true... In the spirit of classic science fiction anthologies such as Universe, Orbit, and Starlight, master anthologist Jonathan Strahan (The Best Science Fiction and Fantasy of the Year) presents the non-themed genre anthology Eclipse: New Science Fiction and Fantasy. Here you will find stories where strange and wonderful things happen--where reality is eclipsed by something magical and new. Continuing in the footsteps of the multiple-award-nominated anthologies Eclipse One and Eclipse Two, Eclipse Three delivers new fiction by some of the genre's most celebrated authors, including Karen Joy Fowler's story of a family's desperation and a rebellious young woman's strange incarceration; Ellen Klages's fable of a practical girl, an unusual tortoise, and an ancient mathematical puzzle; Pat Cadigan's story of a mysterious photograph and two friends' journey through space and time in order to solve its riddle; Jeffrey Ford's tale of a legendary sword imbued with the power to turn flesh to coral, and of the artist that wields it; Daniel Abraham's story of divine providence, sacred oaths, and the omens that indicate whether a man is fit to be king; and Caitlin R. Kiernan's chronicle of an astronaut whose memories of a lover lost to an alien intelligence haunt her.

"I Think That Before All Else I Am a Human Being, Just As Much As You Are—Or At Least I will Try to Become One." —Henrik Ibsen in A Doll's House A Doll's House, the three-act play by Henrik Ibsen, which premiered at the Royal Theatre in Copenhagen, Denmark in 1879, is one of the most well-known and frequently performed of modern plays. It richly displays the genius with which Ibsen pioneered modern, realistic prose drama. The play is significant for the way it deals with the fate of the central character Nora, a married woman, who at that time in Norway lacked opportunities for self-fulfillment in a male-dominated world. Ibsen was inspired by the belief that "a woman cannot be herself in modern society," since it is "an exclusively male society, with laws made by men and with prosecutors and judges who assess feminine conduct from a masculine standpoint." \ The play aroused great controversy at the time, as it concludes with Nora leaving her husband and children because she wants to discover herself. The outrage went far beyond the theater to the world of news-papers and society. In Nora, Ibsen epitomized the human struggle against the humiliating constraints of social conformity. Even today many agree that the theme of the play is the need of every individual to be able to find out the kind of person he or she is and to be allowed to become that person.

This volume focuses on coalitions and collaborations formed by refugees from Nazi Germany in their host countries, connecting the NS- other forms of displacement and persecution and locating it within the ruptures of civilization dominant in the twentieth and twenty-first centuries.

Folding and refolding origami frogs, extracting the symmetrical veins from leaves, retreating to an imaginary world in his closet: after Tom walked out the door one July afternoon in 1994, her son filled the void she left with a series of unusual rituals. Twenty-three years later, he awakes, reconstructing the events surrounding his mother's disappearance. Did she actually join the Zapatistas in the jungles of Chiapas, as he had led to believe? He dissects his memories of that fateful summer until a startling discovery shatters his conception of his family's story. Saldaña Paris (Among Strange Victims) returns with an emotionally rich anti-coming-of-age novel that wrestles with the inherited privileges and crimes of masculinity.

Appearing together in English for the first time, two masterpieces that take on the jazz age, the Nuremberg trials, postwar commercialism, and the feat of writing a book, presented in one brilliant volume The Death of My Brother Abel and its delirious sequel, Cain, constitute the

opus of Gregor von Rezzori's prodigious career, the most ambitious, extravagant, outrageous, and deeply considered achievement of this original and never less than provocative master of the novel. In *Abel and Cain*, the original book, long out of print, is reissued in a fully new translation; *Cain* appears for the first time in English. The *Death of My Brother Abel* zigzags across the middle of the twentieth century, 1918 to 1968, taking in the Jazz Age, the Anschluss, the Nuremberg trials, and postwar commercialism. At the center of the book is the narrator, holed up in a Paris hotel and writing a kind of novel, a collage of sardonic and passionate set pieces about love and work, sex and writing, families and nations, and human treachery and cruelty. In *Cain*, that narrator is revealed as Aristide Subics, or so at least it appears. Subics' identity is as unstable as the fictional apparatus that contains him and the times he lived through. Questions abound: How can a man who lived in a time of lies know himself? And is it even possible to tell the story of an era of lies truthfully? Primarily set in the bombed-out and strewn Hamburg of the years just after the war, the dark confusion and deadly confrontation of *Abel and Cain*, inseparable brother and enemy.

For centuries, Jews have been accused of something called "blood libel" or "ritual murder": the killing of non-Jews, often children, to use their blood in bizarre religious ceremonies or to make food. For centuries, this has been denied by Jews. But in fact there may be some truth to such claims after all.

THE SUNDAY TIMES BESTSELLER 'A unique and thoughtful musical memoir' Observer 'Gritty coming-of-age story . . . plenty of anecdotes to keep us hooked, and his memories of Joy Division's Ian Curtis are poignant' Daily Mirror Before he was responsible for some of the most iconic drumming in popular music, Stephen Morris grew up in 1960s and '70s industrial Macclesfield, on a quiet road that led seemingly to nowhere. Far removed from the bright lights and manic energy of nearby Manchester, he felt stifled by suburbia and feared he might never escape. Then he joined Joy Division - while they were still known as Warsaw - a pioneer of the rousing post-punk sound that would revolutionise twentieth-century rock. Following two landmark albums and widespread critical acclaim, Joy Division were at the height of their powers and poised to break the US, when lead singer, Ian Curtis, committed suicide. Part memoir, part scrapbook and part aural history: Stephen Morris's innate sense of rhythm and verve pulses through *Record Play Pause*. From recollections of growing up in the North West to the founding of New Order, Morris never strays far from the music. And by turns profound and wry, this book subverts the mythology and allows us to understand music's power to define who we are and what we become.
