Networking guru Susan RoAne shows readers how to exploit chance to create a bigger network of contacts, friends, and acquaintances—the key to new life opportunities. In *How to Create Your Own Luck*, she reveals the eight traits of successful people who make their own luck,

rather than wait for it. Filled with engaging and instructive stories of real people who've turned serendipity into success, her book focuses on the eight counterintuitive traits that they all have in common, including talking to strangers, making small talk, dropping names, and even eavesdropping. This handy, real-world guide reveals the practical ways that anyone can create their own luck—opening up new opportunities in every aspect of life.

"One of the most refreshing, humorous, and radically honest books about practical and comparative religion this reviewer has ever come across."—Library Journal (starred review) Create Your Own Religion is a call to arms—an open invitation to question all the values, beliefs, and worldviews that humanity has so far held as sacred in order to find the answers we need to the very practical problems facing us. Writer, philosopher, and professor of comparative religion, Daniele Bolelli, leads the reader through three thousand years of mythology, misogyny, misinformation, and the flat-out lies about "revealed truth" that continue to muddle our ability to live a peaceful life, free of guilt and shame and the ultimate fear of death. "Our worldviews are in desperate need of some housecleaning," says Bolelli. "We enter the 21st century still carrying on our backs the prejudices and ways of thinking of countless past generations. What worked for them may or may not still be of use, so it is our job to make sure to save the tools that can help us and let go of the dead weight." "With a cheerful, good-natured smile, Daniele Bolelli torpedoes the often luxurious but spiritually leaky battleships that sail under the various flags of the world's organized religions."—Tom Robbins, New York Times bestselling author "Daniele Bolelli is in the house. Minds will be blown. Lives will be changed."—Joe Rogan, comedian and podcast host "Bolelli's direct confrontation with dogma without giving an inch and without prescribing a new dogma is about as fresh as it gets."—Mike Vallely, skateboarder, musician, and actor

Invent your own farm scene by applying 32 reusable stickers (depicting farm boy and girl and a variety of animals) to a background picture complete with barn, farmhouse, and meadows.

Make your own collages with this fantastic and fun book from print designer Lizzie Lees. Packed with both colorful patterned pages and black and white printed pages that can be cut out, colored in, or customized and embellished, as well as pages full of stickers, you have everything you need to create your own collage masterpieces. There are loads of ideas and suggestions for getting the most out of the materials provided in the book, from making beautiful bird collages, to creating a charming cityscape or nautical collage, to designs that can be used to create cards for your family and friends. Plus, some pages are perforated so they can be cut out, or folded and glued. There's even two 4-page double-sided fold-out spreads inside for you to customize and display, so your home, office, or locker will be the envy of all!

These days, photographs live on hard drives and DVDs in the company of several thousand other images, coming to light on a computer screen only for a short moment, if ever. In that respect our computer is a one-image-at-a-time exhibition of our photographic work. But as photographers, we like to print our best images, frame and show them at home or at an exhibition, or present a collection of prints in a portfolio. This book will guide you through the process of creating a printed and bound portfolio of your photographs, or even a bookstore-quality coffee table book. Learn about every step of the process, from selecting a book publishing service all the way through designing and proofing your photo book. You'll get practical advice on how to work with software provided by services such as Blurb or Viovio, and will learn about relevant concepts of book design, color management, and digital printing. Create your Own Photo Book is the perfect guide for the aspiring amateur photographer as well as the seasoned pro.

This book will show you how to break through that self-imposed ceiling. It will challenge you to Take Command of your life by: 1. Awakening you to your beliefs and stories 2. Disrupting your patterns and behaviors 3. Designing a future you can't wait to live into

The second edition of this popular guide shows beginning and experienced actors how to use their acting skills to write, rehearse, and perform successful audition monologues, performance art pieces, and one-person plays. The process is explained in easy-to-follow steps and includes excerpts from critically acclaimed monologues. Learn how to: Develop well-rounded characters, Write convincing dialogue, Organize, rewrite, and edit your material, Choose and work with the right director, Polish your performance onstage, Market your solo show

In this book, the author has developed a framework for us to break away from school and get involved in life-training using academics to assist us in building that foundation of truth.

Congratulations on your retirement. What type of retirement did you select? Retirement with no work? Phased-in retirement with phased-out work? Retirement with part-time work? Or did you select no retirement with continued work? Regardless of which type of retirement you selected, it is the right retirement for you. You are now entering a new phase in your life journey that will last 20 years on average. In many instances it will last a lot longer with many of you living a retirement that equals, or even exceeds, that of your work life. Regardless of the type of retirement you have chosen or how long it lasts, it will be more rewarding if you take charge and create short- and long-term

retirement goals as a guide for your daily life. The time will fly by just like it did when you were working. In order to help you with the next phase of your life journey, *Create Your Own Rewarding Retirement* has been designed as a companion text to *Discover the Right Retirement for You* in which you discovered the type of retirement that was best for you. This book goes beyond that to help you create and complete your goals after you retire. The reader has several choices as to how to use this book. You can use it as a workbook by completing all of the chapter worksheets and creating your retirement goals; or you can use it as a history book to chronical your journey as you create and complete each goal; or you can use it as a storybook about the retirement expectations and experiences of people just like you. Each of choices will be of value to you. Ideally this book is intended to be used in all three ways and it is recommended that you do so to achieve the maximum value from it. Remember that you, and you alone, have the ability to make an ordinary retirement into an extraordinary one.

For all of those who keep reading self-help books and never seem to change the things that aren't working in their lives, this book will be a major wake-up call. No matter how frustrated you are with your job, relationships, health of financial well being, there is a solution and *Create Your Own Reality - The Ancient Wisdom* is a simple compelling story of the author's solutions to overwhelming obstacles that would seem impossible for most to comprehend. Your hearth will be touched by the journey our author has taken and you will be delighted by Sharyn's story telling capacity.

The strong horizontals of bamboo reflected in a dark circle of water; the rhythmic clap of the deer scarer; the contemplative beauty of waves created in sand: combinations of nature and art that soothe and uplift the spirit. Your vision of a Japanese garden need not be confined to Japan. Here is a fully comprehensive guide which will enable you to capture in your home or office environment the elusive spirit of the Japanese garden - no matter where you live. The author, a Japanese landscape architect who has been living and designing Japanese gardens in the West for many years, will show you step by-step how to accomplish this ideal utilizing your own special environment and using materials which are readily available in the West. Since moving to the UK in 1974, the author has designed and created many Japanese gardens, from small private gardens to large public spaces of over two acres. It is from this direct experience that he draws the material for this book. The step-by-step instructions are easy-to-follow, and also included are many drawings and photographs to illustrate the points that are made. Many books on Japanese gardens can be found in bookstores and libraries, but most do not take into account the different environments found outside Japan nor the diverse materials available worldwide. They tend either to be translations of books written by Japanese landscape architects and gardeners living and working in Japan, or books written by those who visit Japan to research the gardens, with the intention of introducing them to the rest of the world... These books are ideal for learning about the history and appearance of Japanese gardens, but lack the practical advice necessary for constructing your own garden.. I believe that as the interest in and understanding of Japanese culture continues to spread, so will the popularity of and desire for Japanese gardens. I hope that this book will give pleasure to all those of you who, like me, are captivated by the gardens of Japan, and that it will help you to create a garden of your own that you can enjoy day after day.

Every small business or organisation needs a website, whether it is a simple online portfolio or a complex online

shop. Expert web design teacher Alannah Moore makes this subject accessible for everyone, even those with no technical or design experience. Avoiding technical language, Alannah provides a summary of the web platforms available, covering, among others, WordPress, Squarespace, Weebly and Shopify. From these the reader can choose the right platform for them, and very quickly get up and running. Drawing on her vast experience of what a novice website builder really needs to know, Alannah covers all the topics they will come across in their online experience: how to choose a good domain name; what content you need for your site; how to work with images and even create your own logo. The reader will also learn how to integrate social media and a blog, so they are set up and in control of their virtual presence from every aspect. This is the perfect book for anyone who doesn't want to pay for an expensive web designer. In Alannah's safe and capable hands, they will find the process of building their site easy and enjoyable, and they'll soon have a successful online presence.

How can this book help me? It will help you to believe in yourself and instill confidence to make the right choices in a relationship or marriage. It will motivate you to change your life if necessary. It will make you become happier and more content with life. First and foremost you must believe in yourself. You must be able to say: "I can do anything I want to in life and believe it." I want to learn about myself and another person so I can make the right decision for my future. I am divorced or widowed and want to start my life over. I am living single and need some suggestions to improve my life and cope with the loneliness. I am in a marriage and want ideas to make it better. I am under stress and need some ideas to control it. I want to learn how to improve my communication skills. I want to improve my image and networking skills. I want some ideas on coping with the death of a loved one. All of a sudden I am single - now what do I do? I need help caring for a loved one. I need to learn how to grieve and move my life forward. Creating Your Own Way To Happiness
