An empowering book about standing your ground while dating, in marriage, in your career, and anywhere else. As an author and a coach who has been helping women for more than a decade, I noticed some women were in trouble. Not just in their relationships, some had unfulfilling jobs, didn't get paid what they were worth, had always dreamt of starting their own business but never did, felt lonely even though they had a husband and kids... the list goes on and on. So many women try to be the perfect girlfriends, wives, mothers, friends, sisters, colleagues, business owners, bosses, and more. They love to serve and want to succeed in the many roles they have to play. They are compliant, even to the people who don't really deserve that kind of treatment. They give it all they have, every single day. Regardless of their tremendous efforts, some women get little in return. They feel used. They get men that keep flaking out, careers that don't feel meaningful, and possibly a body that starts to feel and look more and more tired. Did you ever notice that burnout tends to afflict women much more often than men? There's a reason for that, as you'll learn. This should stop. Some women seem to have found a loophole, a backdoor in the current system. There are women out there who have designed the life they live. I call these women the high-value women. This value has nothing to do with money. It turns out the high-value woman follows a set of strategies and principles. I'll share them with you throughout this book. You might have seen and met her. She's the woman who is self-employed, doing the thing she loves, and making a living off of it. She's the woman who might have decided to have a normal career, with a twist. It's the type of career she enjoys and she is actually appreciated for the hard work and hours she puts into it.

When she speaks, others listen, even the men in her office with over-inflated egos. Her job almost never feels like work and is deeply fulfilling. It doesn't cost her energy; she gets energy from it. When she wakes up, she can't wait to get started with her day. She is the woman who has found and created herself a loving relationship with a man she loves. She is also the woman who is happily single, the woman who doesn't need a man to be happy. She has a supportive circle of great friends, and she has the time to hang out with them, even when she has kids. She knows how to set the world to her hand, so it seems, and some women wonder how she does it. That's what this book is about, I'll uncover her strategies. I've been studying and interviewing her for so long now that I can't wait to share everything with you. We'll dive in what to do in your romantic relationships, in your career, in your personal life, and most importantly, in your own mind. I'm sure you already are a high-value woman in many ways. Some parts of the book will reaffirm that you're on the right track; others will provide a new way of thinking to take you to the next level. Are you curious to find out how the high-value woman does it all? Then hit the buy button at the top of this page and start your high value woman journey right away!

Singles are getting conflicting messages from today's culture, both Christian and secular. Is it okay to want to be married? Is there anything a never-married woman can do, within a biblical framework, to "assist" the process? Candice Watters gives women permission to want Christian marriage, encourages them to believe it's possible, and supplies the tools to get there - despite our anti-marriage culture. This book blends the author's personal journey from singleness to marriage with the biblical perspective on marriage. As an editor for Focus on the Family's Boundless webzine, Candice Watters knows the target audience inside and out. Whether a woman has been told to "get married" or marriage is on her lifelong wish list, Get Married points her to the source!

*Who wants to be a Nice Guy, eternally on the friendship track, forever finishing last? Yet many men choose the Nice Guy life without even realizing it, without really understanding what lurks in the sub-basement of Nice Guy Syndrome. Consider the following examples: * Debbie thinks Bill is kind, considerate, and decent, but after months of dating, she feels no spark, no special tingle, no attraction. "I feel so bad," she says. "I really ought to love him, but I don't, even though I want to" * John has just been dumped again after weeks of bending over backwards to keep the relationship alive. "Now she'll start seeing some macho asshole," he says. "Why do I always get dumped?" * Everyone in the office is talking about it. Bob, the perfect husband, the avid churchgoer, the devoted family man, split with his wife when she discovered him having an affair. "An affair?! Bob?! I can't believe it." Each is suffering Nice Guy Syndrome, not always easy to identify and even harder to overcome-- but that's because nobody is talking honestly about the root of the problem. In the spirit of He's Not That Into You and other books that speak hard truth about relationships, I offer*

No More Nice Guys, a field guide for the men who suffer from NGS and the women whose lives they mess up.

With this e-book, you will learn the ways of women, what attracts them, and what discourages them! Educating yourself is extremely important for success with women. You will soon know how to read women, how to approach women and how to talk to women in order to get them interested in being with you. You will also learn more about yourself, and how your mind helps you attain goals. You will practice meeting women, you will talk to them, and you will undoubtedly face rejection, especially in the beginning. All you need to do is learn these basic techniques and use them effectively. Once you master the tricks of creating a connection with a woman, the sexual chemistry will follow shortly. The final step of seducing a woman (and the

next step after sexual chemistry!) is to act on the mutual sexual attraction, and is described in the last chapter *How to Get Women to Sleep with You*.

Our mindsets drive the emotions we have, the decisions we make, and the women we attract into our lives. This book outlines the very best dating mindsets I've tested, experienced, and found most successful. Getting the girl isn't just a Hollywood fantasy; attracting beautiful women isn't the sole domain of the super rich, the super hunk, or the outrageously gifted. Attracting and dating beautiful women isn't about magic and pickup lines, it's about your mindsets, basic human insights, and a little female psychology. This book outlines the **FOUR FOUNDATIONS** of successful dating: **Attraction, Rapport, Leading, and Escalation**. **ATTRACTION** is about tension and her emotional response to you. **RAPPORT** is about intimacy and her emotional connection with you. **LEADING** is about challenging your fears and taking action while communicating sincerity through your actions. **ESCALATION** is about consistently increasing the intensity of your relationship via attraction and rapport so that it goes where ever you want it to go. When you learn how to inspire **ATTRACTION** and **RAPPORT** in a woman through your actions of **LEADING** and **ESCALATION**, you'll create a compelling chemistry between you and her that most men will **NEVER** achieve. **QUESTIONS THIS BOOK ANSWERS:** - What's the best way to avoid the "friend zone"? - Why do some women resist guys they're **REALLY** into? And how can you tell the difference? - How can you remove the fear of rejection when approaching a woman? - What are 5 easy ways to make a woman feel at ease and comfortable with you? - What are 6 powerful ways to prevent yourself from feeling jealous? - What are 14 ways she is trying to tell you she's into you that most guys miss? - When is the right time to kiss her? - What are 5 things you should do or say when in bed with a woman?! - Etc, etc, etc...

s I'm sure you know, it can be **VERY** hard to meet women. This is doubly so if you are shy or have little experience with women. And it isn't even that women reject you - it's that they **IGNORE** you completely! Every time you go out to a bar or club, you end up standing around alone (or with your equally shy buddies) watching people have a good time. And trust me - I know this can be **SUPER** frustrating. So the key to really improve your success with women is to learn how to get yourself **NOTICED**. Find more inside this book.

*Dating is a Game, and those with the knowledge—win. This book levels the playing field, giving women the edge in the dating game. "How to be a Female Player" teaches women how to date strategically and effectively, just like men DO and have done for ages. It teaches women how to date smart, how to get what they want from men, and how to use what they have to turn men ON and OUT! There are women who get played and women who know how to play the game. Attracting men, holding their interest, being the kind of woman men pursue...is all a GAME...a head game any woman can learn. And that's what being a female player is--snagging 'em, grabbing 'em, and bagging 'em. You can be the girl who has her pick of the litter or the girl perpetually crying over spilled milk. You can be the girl who's dating calendar is full or the girl who is waiting for a guy to think of her and call. You can be the chick with a **GAME PLAN** or the chick with no **GAME**. No matter what age you are or how long you've been in the dating game, "How to be a Female Player" has a tip or trick **YOU CAN USE TODAY** to get more out of dating--certainly more than the effort you put in! Don't hate the player, learn her **GAME!** Peep Game from *The Female Mack*, Butta 'Fly' Jonez*

By Choosing To Do NOTHING... Are You CHOOSING To Live Your Life As The Man Who Beautiful Women Ignore? Take Action Right Now. Click the button h Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating

and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And

much, much more... Would You Like to Know More? Get started right away and learn how to become the attractive man that has zero difficulty keeping a woman's respect, desire, and unwavering support. Scroll to the top of the page and select the 'buy button' now.

*Despite real progress, women remain rare enough in elite positions of power that their presence still evokes a sense of wonder. In *Through the Labyrinth*, Alice Eagly and Linda Carli examine why women's paths to power remain difficult to traverse. First, Eagly and Carli prove that the glass ceiling is no longer a useful metaphor and offer seven reasons why. They propose the labyrinth as a better image and explain how to navigate through it. This important and practical book addresses such critical questions as: How far have women actually come as leaders? Do stereotypes and prejudices still limit women's opportunities? Do people resist women's leadership more than men's? And, do organisations create obstacles to women who would be leaders? This book's rich analysis is founded on scientific research from psychology, economics, sociology, political science, and management. The authors ground their conclusions in that research and invoke a wealth of engaging anecdotes and personal accounts to illustrate the practical principles that emerge. With excellent leadership in short supply, no group, organisation, or nation can afford to restrict women's access to leadership roles. This book evaluates whether such restrictions are present and, when they are, what we can do to eliminate them.*

As boys, we are wrongly taught on how to be men because of society's standards and stereotypes that make us be, most of the time, what we are not supposed to be. We eventually tend to make our decisions on those standards and stereotypes that do not do any good to us. In this book, I am trying to break those stereotypes by coaching you how to be a real man: confident, strong, and able to make the right decisions for you and just you, forgetting about those stereotypes, standards, and doing what you are supposed to. I'll be step-by-step coaching you on what to do that should work for you as it did to me. Through my research, experience, and applying everything I learned to myself, I am able to coach you through life events that you'll do or that will eventually happen to you and how to deal with it and, at last, be able to get the woman you want or the woman you should have and stay with. But that part will only depend on you.

Dr. Oliver and Dr. Wright extensively surveyed women from many walks of life, exploring with them what they believe about anger and charting a new and healthy plan for handling this important emotion. With sensitivity and understanding, they provide

tools for expressing anger constructively in the various spheres of a woman's life.

here to lay it all out for you. Whether you are a divorcee, newly single, a single mom, or a soon-to-be married woman, this book is for you. It functions as a quintessential primer to allow modern women everywhere to get ahold of their relationships. A testament to the author's many failed and successful relationships over the past twenty years, Michelle sets out to help you get the relationship you want and deserve. While most dating books for single women focus on the goal of being successful in finding the perfect mate, "Dating in the Age of Narcissism" focuses on past failures as a way of obtaining the proper knowledge that leads to success. Written like a letter between girlfriends, you'll come away from these words armed with the real truth about dating-in its purest and rawest form.

Are you a strong, independent, financially driven woman who's sick and tired of traditional dating advice that isn't working? Are you attracting enough quality men who meet your standards? Does online dating make you want to pull your hair out? This New Dating Playbook will empower you to go from "Dating Sucks" to "We're in love!" faster and easier, or to simply have a lot more fun dating than you're likely having now. How does it work? The New Dating Playbook for Badass Women is based on the latest gender and behavioral psychology, brain science, and three universal laws of human nature. Apply these little-known dating and relationship strategies and you will have a huge advantage over other women-a proven shortcut from "I quit" to "He put a ring on it!"

How to Get Hitched (and Stay Hitched) is a 12-step program that liberates women from the lies they've absorbed about men and marriage and offers a new, foolproof roadmap for navigating life and love. America is single. It's divorced, under committed, and hopelessly out of touch with how to build a relationship that lasts. Women, in particular, are now groomed for a life centered around career and being fiercely independent—as though marriage and family were a nice idea, or a possible accompaniment, to an otherwise satisfying life. But if flying solo is so great, why are online dating sites a billion-dollar industry, replete with clients looking to get hitched? Because for most women, at their core, nothing is more important than finding Mr. Right. In *How to Get Hitched (and Stay Hitched)*, author and marriage coach Suzanne Venker tells the hard-to-hear truth women need to hear: You've been fed a pack of lies about men and marriage, about sex and love, and about work-family "balance." Here's a brand-new idea: Stop focusing so myopically on careers! Work is only part of life—and not even the best part. The best part is finding someone to love who loves you back. There's nothing more extraordinary than an extraordinary marriage. Moreover, whom you marry, and how that marriage fares, will have the single greatest effect on your happiness and wellbeing than anything else you do. It

will literally determine the direction your life will go. What sense does it make, then, to prioritize career over love? This book will challenge your worldview and possibly ruffle your feathers. It will cause you to pause and ask, "Why didn't anyone tell me this stuff?" But that's just a sign that you're on the right track. Because if you want to get married and stay married, trust me—you need a radical new roadmap. How to Get Hitched (and Stay Hitched) is the antidote you need to reject the lies you've been fed by our culture when it comes to women and men. It's about what you really want vs. what you've been told you should want, and about what is true of men and marriage vs. what you've been told is true. Get ready. This book will rock your world.

The Dating Playbook for Men

Ten years of eye-opening experiences on the Christian dating scene equipped Amy Bonaccorso to offer hard-hitting advice that will help you get real, get practical, and get married. As a happily married woman, she knows what works (internet dating), what doesn't (living a nun-like existence), and gives you the confidence to date strategically with an eye toward marriage. Forget about Prince Charming--he doesn't exist--but plenty of good men are waiting for a woman like you to throw away the checklist of idealized mate material and settle down with a real man. If you're feeling the pain, frustration and agony of getting dumped... if the woman who was the love of your life told you to leave her alone... if she won't even speak to you -- then this could be the most important book you will ever read. Here's why. You can win your woman back. You can do it within just 30 days. And this system works no matter how complicated your situation is... no matter how bad you screwed up... and even if she's now dating another guy!

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand

them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. "Engaging, well-researched and frequently hilarious, From Shy To Social is one of those rare self-help books that feels like you're being coached and encouraged by a trusted friend. "You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, The Subtle Art of Not Giving A F*ck, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In Models he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, Models is a mature and honest guide on how a man can attract women by giving up the bullsh*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck . . .
