

How To Make A Jumping Frog With Square Paper

James Russell Lowell had already pronounced the "Frog" story "the finest piece of humorous writing yet produced in America." We are sure he would also have bestowed this word of praise upon the remaining stories that make up this small volume, though the title sketch is definitely the redeeming feature of the collection.

A frog jumps. Boing! A kitten jumps. Boi-ing! A dog jumps. Boiyyyyyyoiingg! . . . "And I jump too--BOING!" This joyful book gets children joining in the fun of each animal's jump--sharing the sounds and actions.

A Molly's Barn Guide to Show Jumping

Volumes 1-3

Brett Rocha retired from pro-hockey while still at the top of his game. Co-owner of a chain of restaurants and an inherited ice skating academy, he seems to have it all. Despite his fame, wealth, and good fortune, though, Brett suddenly finds himself painfully alone. Ex-Olympic figure skating star Rylan Hennessy transitioned to professional ice dancing with Celia, Brett's sister and Rylan's lifelong partner on the ice. Then tragedy strikes, and Rylan's world is turned upside down, too. With the unexpected death of Celia, Brett and Rylan are drawn together through their mutual grief. Their bond strengthens when Brett introduces Rylan to BDSM, a lifestyle Rylan has never experienced before. While the mystery of Celia's murder still needs to be solved, a second tragedy threatens to tear them apart. Will their relationship survive, or will love be enough to see them through this life altering, harrowing change?

Jumping the Nail

"A lively and inspiring guidebook for anyone who wants to make the jump from normal to extraordinary." —Tony Robbins, #1 New York Times bestselling author of Unshakeable and MONEY: Master the Game An inspirational book that lays out the "Jump Curve"—four steps to wholeheartedly pursuing the career of your dreams—through experiences from a variety of people who have jumped and never looked back When Mike Lewis was twenty-four and working in a prestigious corporate job, he eagerly wanted to leave and pursue his dream of becoming a professional squash player. But he had questions: When is the right time to move from work that is comfortable to a career you have only dared to dream of? How have other people made such a jump? What did they feel when making that jump—and afterward? Mike sought guidance from others who had "jumped," and the responses he got—from a banker who started a brewery, a publicist who became a Bishop, a garbage collector who became a furniture designer, and on and on—were so clear-eyed and inspiring that Mike wanted to share what he had learned with others who might be helped by those stories. First, though, he started playing squash professionally. The right book at the right time, When to Jump offers more than forty heartening stories (from the founder of Bonobos, the author of The Big Short, the designer of the Lyft logo, the Humans of New York creator, and many more) and takeaways that will inspire, instruct, and reassure, including the ingenious four-phase Jump Curve.

You're just one Jump away from greater fulfilment in your career, your life, and your future. Discover the simple, successful formula for facing fear head on, ditching the excuses that hold you back, and finding the courage to Jump into the next chapter of your life. It's time to learn the approach that made serial-entrepreneur Kim Perell a multi-millionaire—and it could make you one too. In Jump, Kim shares her powerful personal story about hitting rock bottom and summoning the courage required to take a life-changing leap into the unknown. Broke, bankrupt, and afraid of change, she trusted her instincts, closed her eyes, and "jumped". Kim's self-belief, know-how, and ultimate triumph is an inspiration. Jump shows you how to overcome fear of the unknown and manifest success. Whether you're jumping from a place of greatness or uncertainty, the expert guidance in this book will: Encourage readers to get out of their comfort zones, overcome

self-doubt, and take proactive steps to change their life. Empower entrepreneurs with invaluable insights and business tools necessary to move beyond fear, rejection, and failure. Teach individuals looking for a career change how to make a calculated risk that can pay off, and do it with confidence. Based on Kim's twenty years of personal experiences alongside thousands of entrepreneurs, business professionals, and investors she's worked with, Jump arms readers with the knowledge, tools, and mindset necessary to reach unmatched levels of success. Every great story starts with a jump and Kim's book will prepare you to take the leap!

10 Games Lesson Plans for 5-7 Year Olds

News flash: Your body already knows how to detox; you just need to turn on the right cues to make it happen. Here's how, with a 14-day plan that will change your life forever. Time to detox and cleanse? Don't go with a fad diet that makes promises you can't keep (all juice, all the time—sound familiar?). Instead, turn to Samantha Heller for a program that really works. Cleanses, detoxes, and other purifying practices have been around for hundreds of years, from fasting to juicing and everything in between. Not all of them are tried-and-true, and most aren't scientifically sound. But finally, here it is: the only cleanse you'll ever need. The Only Cleanse is uniquely designed to fully integrate, elevate, and reestablish the body's biochemical balance. Heller uses a five-pronged approach that covers diet, stress, emotions, exercise, and sleep. She also reviews existing detox plans and explains the pros and cons, further emphasizing why her plan is the only one you need.

When teenagers in a California coastal community challenge each other to "jump the Nail"--leap from dangerous cliffs into the ocean--group pressure and manipulative relationships quickly drive the game out of control.

The specialized jargon of some sports can be quite esoteric. Non-Americans, for example, are likely puzzled by baseball terms such as bunt, cut-off man, and safety squeeze, while the non-British may pause over cricket's Chinaman, doosra, golden duck, off-break, popping crease, and yorker. This new dictionary gives the definitions of more than 8,000 terms used in sports and games from around the world, including mainstream sports like basketball and billiards alongside the more obscure netball and snooker. Entries cover sports equipment, strategies, venues, qualifying categories, awards, and administrative bodies, while a comprehensive system of cross-references offers assistance and clarification when needed. An appendix lists standard abbreviations of sports ruling bodies and administrative organizations.

The Lost Tales of Power is a collection of novels that describe an immense persistent multiverse. The books are a mixture of standalone and miniseries all set in the same universe with overlapping and intertwining story lines. Included in this collection is the full text of Enemy of an Enemy, The Academy, and Rise of Shadows. In addition to the three complete novels, included is a brief introduction to each book. Enemy of an Enemy: Everything seemed to be going Vydor's way, until the Dragon Claw was sent on a rather unusual assignment to investigate a minor incident deep within the Empire's space. That would send Vydor down a path filled with fantastically powerful enemies and extraordinary friends that would obliterate everything he ever understood to be true and threaten the very foundations of the Empire itself. The Academy: The Empire had fallen, and the Imperial Navy was disbanded leaving James with nothing but his nightmares to remind him of the role he once played in The Great War. James must now face his new life in a new era where science and technology must share the stage with sorcery and wizardry, and a new ever-present shadow of evil lurks over the remnants of the once great Empire. Rise of Shadows: In The Enemy of an Enemy, darkness came to the Empire, and magic was born from the bowels of men's fears. The great and mighty Imperial Navy had to face and overcome unspeakable horrors. In The Academy, fledgling wizards were gathered and trained to fight back and keep the light, while the darkness laid in wait, biding its time and silently gathering its forces. Now as warriors of light, those wizards must begin to make a stand against the rising tide of darkness or watch their realm be overcome! The Lost Tales of Power is an open-ended series of Science-Fantasy books set in a vast multiverse. Lost Tales Series so far: Volume I - The Enemy of an Enemy Volume II - The Academy Volume III - Rise of Shadows Volume IV - Resurgence of Ancient Darkness Volume V - The Sac'a'rith Volume VI - Spectra's Gambit Volume VII - TBA Keywords: magic, space, space opera, science fantasy, space exploration, military space, future, military sci-fi, science fiction series, aliens, adventure, war, navy, series, science fiction novels, science fiction ebooks

Kern County Sports Chronicles

Bulletin

Are you ready to make changes in your life—but feel something is holding you back? Is your soul asking you to take a leap—but you're too afraid to take it? Are you

ready for something new—but aren't sure where to start? If this sounds like you, the book you hold in your hands will give you the courage and faith you need to jump across the threshold from where you are—to where you want to be. Jump . . . And Your Life Will Appear is a step-by-step guide to clearing the path ahead so you can let go and make the change you need the most. With a series of effective exercises, coach and author Nancy Levin will walk you through your fear, usher you up to the moment of jumping, and help you navigate what awaits on the other side. Whether you want to switch careers, move to a different part of the world, set boundaries with someone in your life, or increase your capacity for self-love, Jump . . . And Your Life Will Appear will support you on a practical path from start to finish.

Moon Mullen was an integral member of George Halas's old Chicago Bears. Verl Lillywhite played on the mid-century San Francisco 49ers, integrating the pro football roommates' tradition by bunking with Joe "The Jet" Perry. Rodeo star Chuck Roberson doubled for John Wayne when the stunt work got dicey. Jay Carty played on the Los Angeles Lakers with Jerry West. George Culver tossed a no-hitter for the Cincinnati Reds. What these former athletes and others profiled in this collection have in common is Kern County, California, and the good fortune to have had Bryce Martin covering their careers. With decades of experience writing for top publications, former St. Louis Cardinals prospect Martin offers a collection of profiles that forms a veritable Kern County sports hall of fame.

How to Keep Your Children from Jumping Ship

You know how it starts, you go to a few horse shows and see the beautiful jump courses set up. They are perfect. Even the ground is raked perfectly, almost in harmony with how the jumps are set up. You begin dreaming of how you are going to have your own jump course, just like this one at your barn. You go to your favorite search engine, type in horse jumps and anxiously await for the result. When you click on the first link, you can almost see the jumps in your arena, until you see the price. Having your own horse jumps doesn't have to break your bank account. You can have professional, quality horse jumps at a very inexpensive price. With this book and a few tools, you can make your own high quality jumps for not a lot of money. The book will show you how to make schooling standards, wing standards, gates, planks and flower boxes. You will also learn a great very low cost options for wooden rails. All of the jumps we will show you how to make are made from wood, no PVC jumps here, sorry. The jumps you will be able to create are sturdy and strong. They will withstand the weather without having to bring them in at night, or the first threat of rain. In this book you will learn how to make a complete jump for less than \$25.00. You will see how easy it is to make a complete course of six jumps for less than \$300.00. Yes, you can make a complete set of horse jumps for less than if you were to purchase one brand new jump. Building your own horse jumps shows how easy it is to make horse jumps with step by step instructions. Full color pictures walk you through the process, step by step in creating horse jumps. Get ready to be pleasantly surprised at just how easy it is to make your own horse jumping equipment!

Lessons in Getting Ahead A wise man once said that half of life is showing up -- and the other half is waiting in line. In a nation of a billion people, there's no escaping queues. We find ourselves in one every day -- whether to board a flight, for a darshan at Tirupati or, if we are less fortunate, to fetch water from municipal taps. We no longer wait for years for a Fiat car or a rotary-dial phone, but there are still queues that may last days, like those for school admissions. And then there are the virtual ones at call centres in which there's no knowing when we will make contact with a human. So if you can't escape 'em, can you beat 'em? Mercifully, yes. And, if so, how can you jump queues better? Which excuse works like a charm? How should you backtrack if someone objects? Does it help to make eye contact? Are we generally accommodating of queue-jumpers and why? More importantly, what does queue-jumping say about us as a people? Does it mean we lack a sense of fairness and basic concern for others? These are questions of everyday survival that bestselling author V. Raghunathan first threw up in Games Indians Play and now takes up at length in The Good Indian's Guide to Queue-jumping.

The New Book of the Horse

Pacific Rural Press

This collection of articles were originally published in equestrian magazines in the early part of the 20th century. Carefully selecting the best articles from our collection we have compiled a series of historical and informative publications on the subject of horse riding. The titles in this range include 'The Use of Horses in the Military,' 'The Sport of Point-to-Point Horse Riding,' 'The Beautiful Sport of Horse Racing,' and many more. Each publication has been professionally curated and includes all details on the original source material. This particular instalment, 'The Sport of Show Jumping and its Techniques' contains a variety of articles on the history and methods of show jumping. Many of the earliest

books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions.

"This is the turtle that slid into the pond and ate the snake that dropped from a branch and swallowed the fish that swam after the frog -- JUMP, FROG, JUMP!" This infectious cumulative tale will soon have the young frogs you know jumping and chanting with joy.

Jumping for Kids

These 10 Games Lessons are designed to motivate children to listen attentively, develop positive attitudes and understand rules. Children will develop the skills of travelling, including chasing, fleeing and dodging; interact with others and use small apparatus to develop the skills required for more formal team games and sport when they are older. Each lesson includes lesson objectives, a list of resources, instructions for games, a warm-up activity, and an introductory activity. The skill building part of the lesson enables them to experiment and build upon their skills. There is a cool-down activity as well as assessment cues. There are also suggestions for extension activities and where appropriate ICT opportunities which include web links.
