If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

What child isn't curious about those first days of life? In *Before You Were Born*, Nancy White Carlstrom expertly portrays the sense of wonder new parents feel and reveals the many ways a family grows and changes when a child arrives. Inspired by Psalm 139, this lyrical book celebrates the mystery of how each child is a unique and important part of God's plan. With warm, joyful illustrations, *Before You Were Born* tenderly conveys the excitement and love with which parents welcome children into their lives.

Book Description Bedtime stories are a tale told to a child during the evening they fall into bed. Telling a bedtime story each night is always an interest to kids and parents. It has been proven that reading bedtime stories to your child every night strengthens the reading and vocabulary skills. Tonight, read a fun bedtime story for children! Reading a child's bedtime stories each evening promotes positive sleeping habits. It builds upon skills in comprehension, vocabulary capacity, and creativity. It calms a busy child and focuses their minds in a beautiful and enjoyable fantasy world. The bedtime tale is the perfect way to finish the day of the child and bring them through a beautiful night of rest. As children enter the upper-elementary grades, the expectations for reading rise, but one-on-one reading guidance for qualified readers is not. Hearing you reading more specialized books highlights the techniques that can support them in education. In language, you read out aloud. Pause to punctuate. You raise your voice and lower it in harmony with the play. This will help your children fall asleep fast and calmly. This book has a beautiful blend of all sorts of adventurous, intriguing, fantasy, and fable stories. You will get to read: An Introduction to Bedtime stories Benefits of bedtime stories Bedtime Fables for kids Meditation stories for kids Fairy tales for kids Adventure Stories for kids Now, in order to read these amazing tales to your kid, you ought to buy this masterpiece.

Completely updated for Django 4.0 & Django REST Framework 3.13! Django for APIs is a project-based guide to building modern web APIs with Django & Django REST Framework. It is suitable for beginners who have never built an API before as well as professional programmers looking for a fast-paced introduction to Django fundamentals and best practices. Over the course of 200+ pages you'll learn how to set up a new project properly, how web APIs work under the hood, and advanced testing and deployment techniques. Three separate projects are built from scratch with progressively more advanced features including a Library API, Todo API, and Blog API. User authentication, permissions, documentation, views, and routers are all covered thoroughly. Django for APIs is a best-practices guide to building powerful Python-based web APIs with a minimal amount of code.

The more powerful the family...the darker the secrets. Meet the family everyone's talking about in this prequel novella to the Sicily's Corretti Dynasty series, brought to you by Harlequin Presents. Investigative journalist Emily Hyslop is furious when her editor—and ex—reassigns her from a career-making expos to a frivolous wedding in Sicily. But scandalous secrets lie behind the union of the rival Corretti and Battaglia families. Things start looking up when Emily meets the most intimidating, not to mention sexiest, man she's ever encountered.... Detective Anton Soranno has valuable insight into the Correttis and their scandalous dealings...and plenty of reason to hate them. He's the perfect source of information—and the more he helps Emily with her story, the more time they have to explore their intense desire. But even as their passionate nights uncover surprising feelings in both of them, Emily and Anton know that she must leave Sicily once the wedding is over.... Look for more books in the Sicily's Corretti Dynasty series from Harlequin Presents, beginning with A Legacy of Secrets by Carol Marinelli.

"Architect Tom Kundig is known worldwide for the originality of his work. This paperback edition of Tom Kundig: Houses, first published in 2006, collects five of his most prominent early residential projects, which remain touchstones for him today. In a new preface written for this edition, Kundig reflects on the influence that these designs continue to have on his current thinking. Each house, presented from conceptual sketches through meticulously realized details, is the product of a sustained and active collaborative process among designer, builder, and client. The work of the Seattle-based architect has been called both raw and refined--disparate characteristics that produce extraordinarily inventive designs inspired by both the industrial structures ubiquitous to his upbringing in the Pacific Northwest and the vibrant craft cultures that are fostered there." --

This volume of original stories is all for furry feline friends. A unique collection of fantastical cat tales.
