

Hunted A Reverse Harem Fairy Tale Retelling Haven Realm Book 1

One halfling female. Four Guardians. A dark secret that could destroy everything. Paranormal detective Eve Carter knows things. She's always had uncanny gut instincts. When a run of supernatural murders take place, Eve thinks she may be the only one who can save her once idyllic hometown from the dark threat. What she doesn't expect is four sexy Fae warriors to save her from a vampire attack. Guardians Noah, Tyler, Jacob and Cole have spent centuries protecting the Fae, so when there is a breach of the veil between the realms, they are ordered to investigate the disturbance. But what they find is something no one ever expected. A halfling, a human with the gift of the Fae. Eve has vowed to put an end to those who are committing the murders, and persuades the warriors to become her protectors. But as the Fae males try to shield Eve from the dark forces moving against her, they slowly begin to realize that the real horror might not be those who are committing the murders . . . but Eve herself.

Beauty and the Four Beasts. A Deadly Curse. A Fallen Kingdom. With magic banned in the human realm, Bee, a powerful witch, has had to offer her services in secret. When a request to break a curse comes from the dangerous mountains and royal bear shifters, Bee is hesitant, but winter is coming and funds are tight. At the castle, Bee finds things are not quite what she was led to believe. The curse Bee is meant to break has reached its zenith, siphoning off the Prince's life while preventing him from controlling his shifting abilities. He is volatile, angry, and far stronger than she had imagined. His brothers, who commissioned her, present her with a challenge - fix it, or lose everything. Soon the curse is spreading throughout the castle, taking brother alike. It's a race against the clock, buffeted by dark magic, intrigue, and a strange attraction that has her looking at the four brothers in a new light.

Fi has always known there's something not quite right about herself. Not quite human. For as long as she can remember, Fi has been sensitive to other people's emotions. So sensitive, she works a night job as a cleaner to avoid being overwhelmed by all of their feelings. After a night on the town goes wrong, Fi comes to the attention of the Academy of Avalon. The obscenely beautiful jerk of a man who comes to collect her confirms her suspicions - Fi isn't human at all. But all is not as it seems in Avalon. Magic is dying, those who have it are hunted, and at least one person really doesn't want Fi there. Fi also has to figure out how to deal with the insane magnetic pull she feels to some of the most gorgeous and magically powerful males at the Academy. What's a little boy drama on top of an identity crisis?

*The hunters have become the hunted. The monsters have become the prey. The blood of werewolves runs with the fierce, wild magic of the earth. For millennia, that's what's kept us safe, let us shed our human skins and run as beasts. Now, it's the siren song that calls our enemies. I'm the girl known as White Wolf, the Alpha Female for a new pack, a super pack, a combination of my wolves and the wolves governed by the seven Alpha Males I've chosen as my mates. Together, we represent and protect every werewolf in North America. Together, we represent the most highly desired prey on the continent. Faerie courts, vampires, witches, demons ... they want our blood, our flesh. They want the magic that runs through our veins that even we don't know how to use. If I can't learn to wield magic from my grandmother, the last werewolf to ever cast a spell, then we're all doomed. The hunters won't just be the prey ... they'll be extinct. And me, I have seven soul mates to kiss, hold, protect. My males and I, we'll fight to our very last breaths. I just hope that last gasp doesn't come sooner rather than later. ***PACK VIOLET SHADOW is a 400+ page full-length reverse harem/menage, urban fantasy/paranormal romance novel for mature teens and adults 18+ with a happily ever after waiting at the end of the series. It all started when I was doing some bare-back riding with my boyfriend, Tommy, atop a rock in Middle-of-Nowhere, Nevada. In walked this wolf like he's my mom on a meth trip, staring at us and growling like he's an over-protective husband. Worse, according to Tommy, I'm growling back. Next thing I know, Tommy is halfway across the desert and I'm at an elite academy for Witches, Shifters, Vampires, and Fae looking like I was plucked out of the local trailer park. Oh wait, I was. Bloodwood Academy for the Supernatural has only one rule: Don't mingle with students outside your race. So, of course, that just so happens to be the first thing I do. How can you say no to a Fae God with golden eyes, a moody Werewolf with pack issues, and a Vampire with magic fingers. My men are not only sending everything into a whirlwind, but now my life is in danger. It turns out that if I don't go back to my single wide, some jealous females are going to rip my throat out. I need to figure out why I'm connected to all of my mates, and why the headmaster has it out for me, before I find myself ten feet under.

So apparently my mom was a witch. And not just a witch, but a witch who turned bad. My poor, sweet, normal dad wanted me to have a good college experience. Instead I get a magical offer I literally can't refuse, from the world's most elite school for warlocks. WARLOCKS. As in GUY WITCHES. Even though I definitely have lady parts, somehow I ended up at a warlock school to learn the gentlemanly arts (which are a lot more badass than, ahem, lady magic). Did I mention the witch world is stuck in the 19th century? Unmarried witches and warlocks barely see each other outside of society balls, which are still a thing. No one knows how I ended up here. I'm thrown into a whole new world where I am outcast and friendless, except for: –Firian, the enigmatic fox shifter who has been watching over me since I was born. –Alec, my new roommate, a sexy-as-sin incubus enchanted not to lay a hand on me. For safety. Or cruel and unusual punishment. –Montague, the black sheep of the school since he got turned into a vampire on spring break. –Harris, an arrogant ass from the most elite of all magical families. Okay, he's not my friend but he's Montague's. I'll work on him. My existence here breaks all the rules. Am I here for the right reasons? Or am I the pawn meant to destroy the very world I'm starting to love? When my magic proves stronger than anyone expects, and the school is attacked by a demon, I'll need help from the four gorgeous magical men who are willing to break a few rules with me. They're each forbidden to me in their own way, and the greatest danger of all might not be demons, but falling for them. All of them. This is the first book in A Witch Among Warlocks, a medium burn reverse harem paranormal magic academy university series.

Brynn of Haversey isn't just a spirit whisperer: she's a shadow whisperer, too, a person blessed (or some might say cursed) with both the powers of Heaven and Hell. Because of her rare double gift, the Queen of Amerin expects her to master the spell of resurrection and restore her men--namely the crown prince--to life, but Brynn is starting to suspect that the magic will forever be maddeningly out of reach. Life at the Royal College isn't quite what Brynn expected, especially not when she's being forced to live a double life. Student by day, the country's only hope at night. Without a demi-god heir, Amerin is doomed. With the fate of the entire country resting on the shoulders of the clumsy half-angel girl, Brynn will have to rely on her growing ghostly harem for help. The spirit of an academy professor. The prince of an enemy kingdom, and his aptly named brother, Trubble. The cousin of Brynn's longtime love. And then there's the prince himself, a man that nobody else can know is dead. Find the missing soul of a thief, enjoy the company of her only living boyfriend, Vex, and figure out a way to survive school and feuding gods. If Brynn can transform a fox into a human with the magic of a sneeze, surely she can do anything. HAUNTED is a reverse harem romance with a (slightly) clumsy but still kick-butt angel heroine and her seven boyfriends who just happen to be ghosts. This book includes foul language, violence, and sexual situations. This is book two in the series beginning with SPIRITED.

The thing about fairy tales is, there's usually a catch. This one was no exception. The

day I, Lilith Palmer, stopped being the Hot Topic girl and became something else started as any other, but ended in the car of a devilishly handsome man whose net-worth was probably higher than the entire neighborhood I lived in; not my usual Tuesday night. That, however, was only the start of the weird path I was about to set off on; a path that would take me to a place where reality collides with magic, where I find out everything I knew about the world I lived in was a lie, and where I'm the only woman present. There are five of them - five of the most interesting, sexy, and probably dangerous men I have ever met. They live in a mansion in the middle of rural Germany, a mansion protected by magic. And they tell me not only do they have supernatural abilities, but that I have them too, and they're here to help pull them out of me. Sounds like a dream, until that catch comes up. Supernaturals are being hunted down for the energy they possess, myself especially, and if they don't act fast to bring me into the fold, a fate worse than death awaits all of us. But triggering my supernatural side to come out won't be easy, not before I'm ready, and when the hunters step up their game and the window starts to close, it'll take everything I have in me just to stay alive; no matter how many men would put their lives on the line to protect me. *Serpent's Touch* is the first book in a brand new paranormal REVERSE HAREM series by Tansey Morgan. If you love the paranormal romance and urban fantasy genres, and want to read something that not only straddles the line between both, but introduces not one, but five love interests, then this is the book for you. Disclaimer: this book is part of a continuing series of novels, all which will follow the same arc over many books, but each which will tease into the next - expect to be left with questions at the end. As a reverse harem urban fantasy, you can expect there to be action, magic, intrigue, and multiple primary love interests. Sexual content will also form a part of this series, as will swearing and violence. If you're happy with all of this, then... Scroll up, hit buy now, and dive into this sexy paranormal world!

An essential work of the cinematic history of the Weimar Republic by a leading figure of film criticism First published in 1947, From Caligari to Hitler remains an undisputed landmark study of the rich cinematic history of the Weimar Republic. Prominent film critic Siegfried Kracauer examines German society from 1921 to 1933, in light of such movies as The Cabinet of Dr. Caligari, M, Metropolis, and The Blue Angel. He explores the connections among film aesthetics, the prevailing psychological state of Germans in the Weimar era, and the evolving social and political reality of the time. Kracauer makes a startling (and still controversial) claim: films as popular art provide insight into the unconscious motivations and fantasies of a nation. With a critical introduction by Leonardo Quaresima which provides context for Kracauer's scholarship and his contributions to film studies, this Princeton Classics edition makes an influential work available to new generations of cinema enthusiasts.

They thought they were safe. They were wrong. Omegas no longer have rights. They're considered property. Exploited for their heat and sold to the highest bidder. For twin omegas, Seraphine and Arden, discovery means suffering at the hands of alphas. They assumed they were safe. They were unprepared for the horror that found them. Torn from their home, the twins are separated for the first time in their lives. Can they survive the hell at their captors' hands long enough to find one another? **This reverse harem, omegaverse novel is not for the faint of heart. Torn Apart contains graphic sexual content and dark situations that may not be suitable for everyone. Trigger warning: this book contains total power exchange and scenes that might be upsetting for some. Some scenes feature m/m/f and f/m/m/m. Be advised, this is a #whychoose story as the main character ends up with more than one mate at the end of the series. This book ends in a cliffhanger.

Paranormal Romance Reverse Harem

Four elite fae warriors. One mortal female. A magical bond they can't allow--or resist. Orphaned and sold to a harsh master, Lera's life is about mucking stalls, avoiding her master's advances, and steering clear of the mystical forest separating the mortal and fae worlds. Only fools venture into the immortal realms, and only dark rumors come out... Until four powerful fae warriors appear at Lera's barn. River, Coal, Tye, and Shade have waited a decade for their new fifth to be chosen, the wounds from their quint brother's loss still raw. But the magic has played a cruel trick, bonding the four immortal warriors to... a female. A mortal female. Distractingly beautiful and dangerously frail, Lera can only be one thing--a mistake. Yet as the males bring Lera back to the fae lands to sever the bond, they discover that she holds more power over their souls than is safe for anyone... especially for Lera herself. Power of Five is a full-length reverse-harem fantasy novel.

Surrounded by a group of devoted four-footed and two-winged family members, Zak and Killian have built what should have been a dream life in their countryside farmhouse. But a cruel twist of fate and the re-emergence of old demons has frayed the edges of the men's seven-year relationship until just one wrong move could end up severing their bond for good. Seemingly content to walk on eggshells around one another, things come to a head when ER nurse Zak brings his work home with him... literally. After being forced to leave their posh Southern California lives, homeless stepbrothers Liam and Noah are slowly losing themselves to the streets they can't seem to escape. When twenty-one-year-old Liam is beaten up while protecting his younger "brother," the pair find themselves being welcomed into a home where being a stray is considered a good thing. But Liam and nineteen-year-old Noah have learned the hard way that nothing is given for free and there's no such thing as the kindness of strangers. Survival means only counting on and trusting in each other. Will Zak and Killian's offer of a no-strings-attached place to heal end up being more than any of the four men bargained for? Especially when feelings between Liam and Noah begin to crawl to the surface and the truth of what Zak and Killian's relationship has turned into becomes harder to deny? And what happens when lines begin to blur and needs start to change? Will Zak, Killian, Liam, and Noah end up going their separate ways? Or will they learn that love doesn't always come in twos? *This is a novel about a foursome relationship, not just a story of two separate couples in physical relationships with one another. Thus, there is no "cheating" in this story. It is a standalone novel. Trigger Warning: The trigger warnings in this book may be considered "spoilerish" so they can be found by using the "Look Inside" feature or by downloading the sample and going to the section entitled "Trigger Warning."

An emotional, angst-ridden story about two childhood friends who learned to rely on one another to cope with their anxiety, only when it got to be too much,

their families tore them apart. Now as college students, they must navigate adulthood and try to avoid falling into old behaviors, only problem is they've fallen in love.

Crude Hill High is unlike any other school. We learn to fight because we're the kids who come from monsters. Caleb, River, Gael, and Vadik are the kings who rule. They may only be eighteen, but they're dangerous, and I saved one of them. Rather than let it go, they want to know me. To save one is to protect all. I'm used to being invisible, yet, to the Monsters' Crew, I'm anything but. They won't let me hide, determined to break down my walls that keep me—the daughter of a minion—safe. My father has very little power, and the only thing he values is my virginity, which I'm sure he's more than willing to sell. What's more, I want to be with them every step of the way. I don't know how I can make it work with four guys, but every single day, they convince me I can. In our world, there is no such thing as a happily-ever-after. Our lives are always on the edge of pain and death, and I should have known nothing good would last. This is part one of a duet. Emily and her Monsters will conclude in part two.

What is ethics? Where do moral standards come from? Are they based on emotions, reason, or some innate sense of right and wrong? For many scientists, the key lies entirely in biology--especially in Darwinian theories of evolution and self-preservation. But if evolution is a struggle for survival, why are we still capable of altruism? In his classic study *The Expanding Circle*, Peter Singer argues that altruism began as a genetically based drive to protect one's kin and community members but has developed into a consciously chosen ethic with an expanding circle of moral concern. Drawing on philosophy and evolutionary psychology, he demonstrates that human ethics cannot be explained by biology alone. Rather, it is our capacity for reasoning that makes moral progress possible. In a new afterword, Singer takes stock of his argument in light of recent research on the evolution of morality.
