

I 5 Fratelli Topi

A stunning visual history of tarot Used for self-exploration or divination, tarot has, for more than 500 years, been the most popular and accessible of all esoteric tools, looming large in today's mainstream culture. Why? Because the cards are inexpensive and easy to carry—a perfect traveling companion and, therefore, an invitation to a journey inward and out. Humans are drawn to playing games and feel driven to find meaning in the chaos of paradoxical signs. The vivid iconography of the “Arcanas” speak to us like no other language, moving us to the core, weaving through each card a universal story, a metaphorical pathway of transformation. This 400-page book presents—for the first time—a close look at 500 years of figurative card decks created or used for fortune telling, divinations, and oracle purposes, and explores, one card at the time, their iconographic roots at the crossroads of the medieval imaginarium, Western esoteric wisdom, folklore, and also contemporary art and pop culture. With hundreds of images drawn from more than 100 decks, rarely published and often forgotten in library archives, this book offers the first visual history of tarot. The anatomy theater is where students of the human body learn to isolate structures in decaying remains, scrutinize their parts, and assess their importance. Taking a new look at the history of anatomy, the author places public dissections alongside private ones to show how the anatomical theater was both a space of philosophical learning and a place where students learned to behave in a civil manner towards their teachers, their peers, and the corpse.

Prego! is easy to use! For this exciting new edition, we listened to our many adopters and made significant revisions to adapt Prego! to the changing needs of your students. Every aspect of this program is based on the strong foundation of vocabulary and grammar presentations unique to Prego along with communicative activities and expanded cultural material to help students develop language proficiency. As a result, the program is even stronger, offering a truly integrated approach to presenting culture that inspires students to develop their communication skills. All print and media supplements for the program are completely integrated in CENTRO, our comprehensive digital platform that brings together all the online and media resources of the Prego! program. These include the Quia online versions of the workbook and laboratory manual, the video program, the music playlist, and new interactive games.

Instructors will also find an easy-to-use grade book, an instructor dashboard, and a class roster system that facilitates course management and helps reduce administrative workload.

Famagusta Maritima: Mariners, Merchants, Pilgrims and Mercenaries presents a collection of scholarly studies spanning the thousand year history of the port of Famagusta in Cyprus.

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE SAN FRANCISCO CHRONICLE, THE CHICAGO TRIBUNE, THE ST. LOUIS POST-DISPATCH, THE KANSAS CITY STAR, AND BOOKLIST Homer and Langley Collyer are brothers—the one blind and deeply intuitive, the other damaged into madness, or perhaps greatness, by mustard gas in the Great War. They live as recluses in their once grand Fifth Avenue mansion, scavenging the city streets for things they think they can use, hoarding the daily newspapers as research for Langley's proposed dateless newspaper whose reportage will be as prophecy. Yet the epic events of the century play out in the lives of the two brothers—wars, political movements, technological advances—and even though they want nothing more than to shut out the world, history seems to pass through their cluttered house in the persons of immigrants, prostitutes, society women, government agents, gangsters, jazz musicians . . . and their housebound lives are fraught with odyssean peril as they struggle to survive and create meaning for themselves.

This book examines the development of Roman temple architecture from its earliest history in the sixth century BC to the reigns of Hadrian and the Antonines in the second century AD. John Stamper analyzes the temples' formal qualities, the public spaces in which they were located and, most importantly, the authority of precedent in their designs. He also traces Rome's temple architecture as it evolved over time and how it accommodated changing political and religious contexts, as well as the affects of new stylistic influences.

A beloved adventure classic, *The Swiss Family Robinson* is a tale of courage in the face of the unknown that has endured the test of time. Trapped on a remote island after a storm leaves them shipwrecked, a Swiss pastor, his wife, and their four sons must pull together if they want to survive. Hunting, farming, and exploring a strange land for the first time, each son not only tests his own

bravery, but discovers a skill all his own as they each adapt to this new, wild place. Full of wonder, revelation, and invention, this timeless adventure story has sparked imaginations of readers young and old for generations. Featuring an appendix of discussion questions, this Diversion Classics edition is ideal for use in book groups and classrooms. Famagusta Maritima

Prima guerra mondiale. Una mattina, al fischio del capitano Armand, Mademba Diop e Alfa Ndiaye, due amici cresciuti in Senegal lontano dai freddi accampamenti del fronte francese, si gettano senza remore nel campo di battaglia contro i soldati nemici. Quando Mademba viene ferito a morte, Alfa, nonostante le suppliche dell'amico, non sopporta il pensiero di finirlo. Porre fine alla vita di colui che è quasi un fratello, un fratello d'anima, è per lui un gesto impensabile, per quanto misericordioso; un gesto inumano. Quando, infine, Mademba muore tra atroci sofferenze, Alfa viene travolto dal dolore e cede alla follia. Da quel momento, a ogni fischio di chiamata del capitano Armand, Alfa si precipita fuori dalla trincea e corre verso i «nemici dagli occhi azzurri», uccidendo senza pietà e, servendosi di un affilato macete, tagliando alle sue vittime una mano come trofeo di guerra. Una, due, tre, quattro... otto mani. Alfa Ndiaye, ormai ingovernabile, comincia a spaventare i suoi compagni d'arme, che iniziano a vedere in lui un demone, uno stregone, un divoratore di anime... Sollevato infine dall'incarico e rimosso dall'inferno dei combattimenti, lontano dal suo villaggio nativo e circondato da una lingua che non comprende, Alfa cura le ferite dell'anima raccontando la sua storia e quella di molti altri soldati africani durante la Prima guerra mondiale e riesce a salvarsi grazie al potere della letteratura. Con un linguaggio magnetico che ricorda Ahmadou Kourouma, Fratelli d'anima fornisce una visione sottile e potente del tumulto della guerra ed esplora il lato oscuro degli uomini e le profondità della follia.

When a ten-year-old boy finds an old book of magic in a bookshop in Ireland, the forces of good and evil gather to do battle over it.

Demystifying the Sacred: Blasphemy and Violence from the French Revolution to Today offers a much-needed analysis of a subject that historians have largely ignored, yet that has considerable

relevance for today's world: the powerful connection that exists between offences against the sacred and different forms of violence. Drawing on cases from revolutionary France to the Russia of Vladimir Putin, the international authors probe the nature and agency of local blasphemy accusations, the historical and legal framework in which they were expressed and the violence, both physical and symbolic, accompanying them. In doing so, the volume reveals how cultures of blasphemy, and related acts of heresy, apostasy and sacrilege, were a companion to or acted as a trigger for physical action but also a form of how violence was experienced. More generally, it shows the importance of religious sensibilities in modern society and the violent potential contained in criticism or ridicule of the sacred and secular alike.
