This book is about poverty and why these two (2) kinds of people are not alike. One of them has more resources, while the other has a limited supply or shortages. I will state why these people most likely have a positive mindset unlike the opposite one: some are struggling financially and others have more freedom. This literature is based on my experiences and observation of their attitude and behavior every time I encounter each one of them. Some people believe that being rich require fancy cars, mansions, popularity, airplane, and a lot of money. Thus, being rich only demands a good mindset. If your perception is set only for material things, there are times you will lose it. However, when you have a mindset, same as those rich individual; you’re not afraid to lose everything. Since, you knew that you can have it back. Being rich is having a heart, mind and soul. It’s based on emotion, contribution, and leadership. Even if you have all the money in the world, yet lack proper thinking; you will never call yourself rich. As rich people didn’t teach their children the value of money, rather create it with their hands.

Kindness is not what we have been taught it is. It isn’t a soft virtue, expressed only by sweet grandmothers or nice Boy Scouts. Kindness is neither timid nor frail. Instead, it is brave and daring, willing to be vulnerable with those with whom we disagree. It is the revolutionary way that Jesus himself called us to live. The way of selfless risks. The way of staggering hope. The way of authenticity. Dr. Barry Corey, president of Biola University, believes we tend to devalue the importance of kindness, opting instead for caustic expressions of certainty that push people away. We forget that the essence of what God requires of us is to “love kindness.” In this book, filled with stories from his travels around the globe, Barry shows us the forgotten way of kindness. It is a life that calls us to put ourselves at risk. A life that calls us to hope. A life of a firm center and soft edges. It is the life Christ invites us to follow, no matter what the cost. This new paperback edition has an added chapter and a foreword from Steven Curtis Chapman.

*Artistic expression is a longstanding aspect of mankind and our society. *Taylor Armstrong, star of The Real Housewives of Beverly Hills on Bravo, pulls back the curtain on the years she suffered in silence through domestic violence in this searingly honest account of her troubled marriage to the late Russell Armstrong. The terrible truth is that I felt lost without the control that Russell had imposed on me for the nearly six years that we were married. Disturbingly, I missed that control. I didn't know what to do once I had no one there to tell me how to dress, act, and behave; what to want; and who, even, to be. In some ways, I missed the abuse. I missed the pain. I missed being scared. Not because I liked feeling any of that. But because it was the life I had become accustomed to, and without anyone to be afraid of, to apologize to, and to cover for, I felt completely lost. Reality hit Taylor Armstrong hard one tragic evening last August when she found the body of her estranged husband, Russell, hanging in his California home. Fans across the country were shocked at the horrific news of his death and even more shocked to discover that behind the glittering “reality” of Taylor’s life on The Real Housewives of Beverly Hills lurked a painful story of emotional and physical abuse that she had been terrified to tell. To the outside world, the Armstrongs lived like royalty, throwing lavish parties—including a memorable tea party for their daughter’s fourth birthday—and mingling with their privileged Housewives co-stars. It was impossible to hide the cracks in their marriage from the cameras forever, though, and their darkest secrets slowly began to seep through the gilded façade. With searing honesty, Taylor candidly examines her difficult journey from the abusive home in which she was born to the low self-esteem that kept her constantly on the run from herself, to the tumultuous marriage that ended in suicide, and ultimately to her realization that only by sharing her moving story could she help other women.*

What if the Lift driver who finds your cheating boyfriend’s phone holds the directions to true love? A romantic comedy.

In Lead with Your Heart, author Regina Cates asks us to question our notion of what success and happiness really mean. Through the sharing of her own personal stories as well as providing helpful meditations, questions, and exercises, Regina offers a combination of wise advice, compelling anecdotes, and practical strategies for living a life that is authentic, fulfilling, and healing. Regina is well qualified to help others down this path. While sitting alone on her forty-third birthday, Regina hit an emotional bottom with the realization that prior to that moment, she had been caught up in the rat race of trying to live up to other people’s expectations, and as a result, she had given away one of her most important gifts: the power of choice. Regina realized that while we can’t control other people or situations, we do have a choice in how we respond to them. Regina shows us that if we choose to act from a place of love instead of a place of fear, we make our lives and the lives of those around us better in the process. Throughout the book, Regina shares her amazing (and often heart-wrenching) stories of how she moved away from a volatile, victimized frame of mind to a place of making conscious actions and decisions from a centered, heart-driven state. By following along with Regina’s personal stories and practicing the exercises she’s developed, we can all learn how to choose positive, heart-centered solutions for the difficulties in our life.

The Forgotten Art of Love

Philippine Folk Literature

Explore the many facets of our most valued emotion Cardiologist and professor Armin Zadeh revisits psychologist Erich Fromm’s The Art of Loving, a book that has fascinated him for decades. The Forgotten Art of Love examines love in its complex entirety — through the lenses of biology, philosophy, history, religion, sociology, and economics — to fill in critical voids in Fromm’s classic work and to provide a contemporary understanding of love. This unique and wide-ranging book looks at love’s crucial role in every aspect of human existence, exploring what love has to do with sex, spirituality, society, and the meaning of life; different kinds of love (for our children, for our neighbors); and whether love is a matter of luck or an art that can be mastered. Dr. Zadeh provides a fascinating, empowering guide to enhancing relationships and happiness — concluding with a provocative vision for firmly anchoring love in our society.

Sabi nila, true love will come at the right place, and at the right time. Malalaman mo na lang daw kapag nakaharap mo na siya. Bibilis daw ang pagtibok ng puso mo, at hindi mo maipaliwanag yung feeling kapag nakikita mo siya. Para kang kinkilig na nahihiya na ewan.

The journals content are some diary articles, some encouraging words sent via text messages, some plans and ponderings, a reflection of my life transitioning from college to my next venture which is employment or the entry into corporate world. God sealed with me a covenant to Obey Him with glad reckless joy and abandon. There comes a time in one’s life when we experience spiritual dryness. This book is a wonderful journey of winning over the battle of the black curtain or the big “D” short for depression which the author calls occasional melancholic blues. The author triumphed over a long saga of countless attractions and relinquishing control and she allowed God to break her so that she will be made whole. The second part of the book is a compilation of Pastor Velasco Legasi’s timely and challenging preaching to live out a victorious Christian life and documented the foundation that laid out the tenets and canon of a Bible Believing Conservative Baptist Church. From her college journal, Valerie Blue Dam-at Claveria shows how you can cultivate a deeper relationship with God. She shares that the safest place on earth is to be living “inside the will of God.” Trail of Blood—A Woman in Amber is a journal that will keep you rooted in God’s word and a must-have book for every Christian who has a rightful heritage to be a child of God.

**What would happen if people had super powers but there were no super villains to fight? **Philippine Folk Literature: The Proverbs is Volume VI of the author’s eight-volume Philippine Folk Literature Series. The present collection focuses on the proverb--a terse didactic statement, handed down through generations, the wisdom of many and the wit of one. It ordinarily suggests a course of action or passes judgment on a situation. This work is a national collection of Philippine proverbs--a putting together of available proverbs from allover the country, listed alphabetically, in dictionary fashion, according to the most significant word in their English translation. Thirty-six Philippine languages are represented in this collection. As an introduction to the collection, the essay Philippine Proverb Lore, is reprinted, to provide readers with an overview. For each entry, the following kinds of information are given: (1) the English translation, (2) the proverb in its original Philippine language or languages, (3) language label and source (collector/collections); and (4) foreign parallels, if any.**

**The cause of history writing owes Ambeth Ocampo a great deal. By his extraordinary use of a relatively new genre, he has rescued history from the cold, forbidding halls of academe. Minsan na rin silang umibig at nangakong kahit na anong mangyari ay hindi nila bibitawan ang kamay ng isat-isa. Ngunit sa paglipas ng panahon, ang mahigpit na kapit ay unti-unting lumuwang kasabay ng dahan dahang pagkalas. Bago sinabing “hindi lahat ng istorya ay may magandang wakas, at nangyayari lang ‘yon sa mga babasahing aklat”. But a guy named Azul “Blue” Dela Vega who accidentally bump her on her ex wedding day, suddenly made her believed in happy ending again. May happy ending nga ba sa dulo ng bawat istorya? *They say that every 100 years or so, nature throws humans a curveball in the form of a pandemic. The effects, challenges, and changes may not be the same, still, a pandemic affects us all. But soon, everything we are experiencing will be part of history. The Coronavirus Disease 2019 (COVID-19) has not only slowed us down, but also changed the way we work, live, and plan for the future. Not only for the duration of the Enhanced Community Quarantine (ECQ), Modified ECQ, or General Community Quarantine (GCQ), but for a very long time. The Quarantined Thoughts book project (formerly called Coronavirus Chronicles) was created to give people something to do at home during the ECQ in March 2020. Our goal is to encourage everyone to chronicle life during a pandemic and help process thoughts and feelings through writing. Each of us has stories that deserve to be told. This is one of the many volumes. You can read Quarantined Thoughts Vol 1 here for free: https://bit.ly/ReadQTVOL1 This is Volume 2 with stories from: □ Kath C. The author can also donate his royalties to the charity of his choice. If you decide to buy and read the Amazon/Kindle and Google Play paid version, thank you for helping us raise funds! A little goes a long way! Drawing from original sources in Spanish and Tagalog, Blanco shows how artists and writers - in works as varied as plays, novels, histories, paintings, and reports submitted to the Spanish monarchy - struggled to synthesize these contradictions as they attempted to secure the colonial order or, conversely, to achieve Philippine independence.”--BOOK JACKET.*
