

I Never Metaphor Didnt Like A Comprehensive Compilation Of Historys Greatest Analogies Metaphors And Similes Mardy Grothe

#1 NEW YORK TIMES BESTSELLER ■ OVER TWO MILLION COPIES SOLD! ■Packed with incredible insight about what it means to be a woman today.■Reese Witherspoon (Reese’s Book Club Pick) In her most revealing and powerful memoir yet, the activist, speaker, bestselling author, and “patron saint of female empowerment” (People) explores the joy and peace we discover when we stop striving to meet others’ expectations and start trusting the voice deep within us. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine ■ The Washington Post ■ Cosmopolitan ■ Marie Claire ■ Bloomberg ■ Parade ■ ■Untamed will liberate women!emotionally, spiritually, and physically. It is phenomenal.■Elizabeth Gilbert, author of City of Girls and Eat Pray Love This is how you find yourself. There is a voice of longing inside each woman. We strive so mightily to be good: good partners, daughters, mothers, employees, and friends. We hope all this striving will make us feel alive. Instead, it leaves us feeling weary, stuck, overwhelmed, and underwhelmed. We look at our lives and wonder: Wasn’t it all supposed to be more beautiful than this? We quickly silence that question, telling ourselves to be grateful, hiding our discontent!even from ourselves. For many years, Glennon Doyle denied her own discontent. Then, while speaking at a conference, she looked at a woman across the room and fell instantly in love. Three words flooded her mind: There She Is. At first, Glennon assumed these words came to her from on high. But she soon realized they had come to her from within. This was her own voice!the one she had buried beneath decades of numbing additions, cultural conditioning, and institutional allegiances. This was the voice of the girl she had been before the world told her who to be. Glennon decided to quit abandoning herself and to instead abandon the world’s expectations of her. She quit being good so she could be free. She quit pleasing and started living. Soulful and uproarious, forceful and tender, Untamed is both an intimate memoir and a galvanizing wake-up call. It is the story of how one woman learned that a responsible mother is not one who slowly dies for her children, but one who shows them how to fully live. It is the story of navigating divorce, forming a new blended family, and discovering that the brokenness or wholeness of a family depends not on its structure but on each member’s ability to bring her full self to the table. And it is the story of how each of us can begin to trust ourselves enough to set boundaries, make peace with our bodies, honor our anger and heartbreak, and unleash our truest, wildest instincts so that we become women who can finally look at ourselves and say: There She Is. Untamed shows us how to be brave. As Glennon insists: The braver we are, the luckier we get.

The struggle of three brothers to stay together after their parent’s death and their quest for identity among the conflicting values of their adolescent society.

Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work.

In this “brave and heartbreaking novel that digs its claws into you and doesn’t let go, long after you’ve finished it!” (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can’t stop thinking about her first love. Lily hasn’t always had it easy, but that’s never stopped her from working hard for the life she wants. She’s come a long way from the small town where she grew up!she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily’s life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He’s also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn’t hurt. Lily can’t get him out of her head. But Ryle’s complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his “no dating” rule, she can’t help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan!her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, It Ends with Us is “a glorious and touching read, a forever keeper. The kind of book that gets handed down!” (USA TODAY).

Avoid negative relationships. There are people in this life who will build you up and those who will tear you down. Which type of person do you want to spend the rest of your life with? Let me tell you the truth-if that person asking you out doesn't treat you like a queen, they don't deserve to be your king, ever.Leave that negative relationship. When things are falling apart and you don't know what to do, don't be afraid to leave. Don't shut up that voice in the back of your head. Don't let somebody else make you live life the way they think you should. Nobody else can walk the path to your sunshine but you. And sometimes, you have to walk that path alone.In a negative relationship? It's possible to recover. It's not too late. It's not too late for that relationship. It's not too late for love. Love can still be everything you imagined it can be. But recovery takes both of you-both of you all in all the time.

Elio believes he has left behind his first love - but as an affair with an older man intensifies, his thoughts turn to the past and to Oliver. Oliver, a college professor, husband and father, is preparing to leave New York. The imminent trip stirs up longing and regret, awakening an old desire and propelling him towards a decision that could change everything. In Call Me By Your Name, we fell in love with Oliver and Elio. Find Me returns to these unforgettable characters, exploring how love can ripple out from the past and into the future.

The murals in restaurants are on a par with the food in museums. America is an enormous frosted cupcake in the middle of millions of starving people. Critics are like pigs at the pastry cart. Describing something by relating it to another thing is the essence of metaphorical thought. It is one of the oldest activities of humankind—and one of the most impressive when done skillfully. Throughout history, many masters of metaphor have crafted observations that are so spectacular they have taken up a permanent residence in our minds. In I Never Metaphor I Didn't Like, quotation maven Dr. Mardy Grothe fixes his attention on the three superstars of figurative language—analogies, metaphors, and similes. The result is an extraordinary compilation of nearly 2,000 feats of association that will entertain, educate, and occasionally inspire quotation lovers everywhere. In this intellectual smorgasbord, the author of Oxymoronica and Viva la Repartee explains figurative language in a refreshingly down-to-earth way before taking readers on a tour of history's greatest word pictures. In chapters on wit, love, sex, stage and screen, insults, politics, sports, and more, you will find quotations from Aristotle and Maya Angelou to George Washington and Oprah Winfrey.

For most of us, that perfect retort or witty reply often escapes us when we need it most, only to come to mind with perfect clarity when it's too late to be useful. The twentieth-century writer Heywood Broun described this all-too-common phenomenon when he wrote "Repartee is what we wish we'd said." In Viva la Repartee, Dr. Mardy Grothe, author of Oxymoronica, has lovingly assembled a collection of masterfully composed -- and perfectly timed -- replies that have turned the tables on opponents and adversaries. This delightful volume is a celebration of the most impressive retorts, ripostes, rejoinders, comebacks, quips, ad-libs, bon mots, off-the-cuff comments, wisecracks, and other clever remarks ever to come out of the mouths -- and from the pens -- of people throughout history. Touching on all areas of human endeavor, including politics, the arts, literature, sports, relationships, and even the risqué, the book features contributions from Oscar Wilde, Mark Twain, Dorothy Parker, Mae West, Groucho Marx, Winston Churchill, Dolly Parton, and scores more. As entertaining as it is intellectually enriching, Viva la Repartee is sure to capture the attention of language lovers and is the perfect antidote for anyone who's ever thought I wish I'd said that!

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, The Things They Carried is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. The Things They Carried depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O’Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. The Things They Carried won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

The Midnight Library

I Never Metaphor I Didn't Like

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

NATIONAL BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. A NATIONAL BOOK AWARD FINALIST • A MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara's stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara's new novel, To Paradise, coming in January 2022.

ox-y-mor-on-i-ca (OK-se-mor-ON-uh-ca) noun, plural: Any variety of tantalizing, self-contradictory statements or observations that on the surface appear false or illogical, but at a deeper level are true, often profoundly true. See also oxymoron, paradox. examples: "Melancholy is the pleasure of being sad." Victor Hugo "To lead the people, walk behind them." Lao-tzu "You'd be surprised how much it coststo look this cheap." Dolly Parton You won't find the word "oxymoronica" in any dictionary (at least not yet) because Dr. Mardy Grothe introduces it to readers in this delightful collection of 1,400 of the most provocative quotations of all time. From ancient thinkers like Confucius, Aristotle, and Saint Augustine to great writers like Shakespeare, Oscar Wilde, and G. B. Shaw to modern social observers like Woody Allen and Lily Tomlin, Oxymoronica celebrates the power and beauty of paradoxical thinking. All areas of human activity are explored, including love, sex and romance, politics, the arts, the literary life, and, of course, marriage and family life. The wise and witty observations in this book are as highly entertaining as they are intellectually nourishing and are sure to grab the attention of language lovers everywhere.

The #1 New York Times bestselling WORLDWIDE phenomenon Winner of the Goodreads Choice Award for Fiction \A Good Morning America Book Club Pick \Independent (London) Ten Best Books of the Year "A feel-good book guaranteed to lift your spirits."—The Washington Post The dazzling reader-favorite about the choices that go into a life well lived, from the acclaimed author of How To Stop Time and The Comfort Book. Somewhere out beyond the edge of the universe there is a library that contains an infinite number of books, each one the story of another reality. One tells the story of your life as it is, along with another book for the other life you could have lived if you had made a different choice at any point in your life. While we all wonder how our lives might have been, what if you had the chance to go to the library and see for yourself? Would any of these other lives truly be better? In The Midnight Library, Matt Haig's enchanting blockbuster novel, Nora Seed finds herself faced with this decision. Faced with the possibility of changing her life for a new one, following a different career, undoing old breakups, realizing her dreams of becoming a glaciologist; she must search within herself as she travels through the Midnight Library to decide what is truly fulfilling in life, and what makes it worth living in the first place.

As The Giving Tree turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a classic that will now reach an even wider audience. "Once there was a tree...and she loved a little boy." So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for all ages offers a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave and gave. This is a tender story, touched with sadness, aglow with consolation. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with Lafcadio, the Lion Who Shot Back. He is also the creator of picture books including A Giraffe and a Half, Who Wants a Cheap Rhinoceros?, The Missing Piece, The Missing Piece Meets the Big O, and the perennial favorite The Giving Tree, and of classic poetry collections such as Where the Sidewalk Ends, A Light in the Attic, Falling Up, Every Thing On It, Don't Bump the Glump!, and Runny Rabbit. And don't miss the other Shel Silverstein ebooks, Where the Sidewalk Ends and A Light in the Attic!

A discussion of the ways in which illness is regarded pays particular attention to fantasies that pertain to cancer

Soon to be a Netflix film starring Millie Bobby Brown! In this feminist, suspenseful thriller the daughter of a con artist is taken hostage in a bank heist—and will need to tap into all her skills in order to survive. A BUSTLE, REFINERY29, COSMOPOLITAN, BUZZFEED and MARIE CLAIRE MOST ANTICIPATED BOOK of 2021 Nora O'Malley's been a lot of girls. As the daughter of a con-artist who targets criminal men, she grew up as her mother's protég é. But when her mom fell for the mark instead of conning him, Nora pulled the ultimate con: escape. For five years Nora's been playing at normal. But she needs to dust off the skills she ditched because she has three problems: #1: Her ex walked in on her with her girlfriend. Even though they're all friends, Wes didn't know about her and Iris. #2: The morning after Wes finds them kissing, they all have to meet to deposit the fundraiser money they raised at the bank. It's a nightmare that goes from awkward to deadly, because: #3: Right after they enter the bank, two guys start robbing it. The bank robbers may be trouble, but Nora's something else entirely. They have no idea who they're really holding hostage. . . .

Metaphors show students how to make connections between the concrete and the abstract, prior knowledge and unfamiliar concepts, and language and image. But teachers must learn how to use metaphors and analogies strategically and for specific purposes, helping students discover and deconstruct effective comparisons. Metaphors & Analogies is filled with provocative illustrations of metaphors in action and practical tips.

The Girls I've Been

I Is an Other

An Instant New York Times Bestseller and #1 Indie Bestseller! A William C. Morris YA Debut Award Finalist An Asian Pacific American Librarians Association Honor Book Two friends. One fake dating scheme. What could possibly go wrong? Frank Li has two names. There's Frank Li, his American name. Then there's Sung-Min Li, his Korean name. No one uses his Korean name, not even his parents. Frank barely speaks any Korean. He was born and raised in Southern California. Even so, his parents still expect him to end up with a nice Korean girl--which is a problem, since Frank is finally dating the girl of his dreams: Brit Means. Brit, who is funny and nerdy just like him. Brit, who makes him laugh like no one else. Brit. . . who is white. As Frank falls in love for the very first time, he's forced to confront the fact that while his parents sacrificed everything to raise him in the land of opportunity, their traditional expectations don't leave a lot of room for him to be a regular American teen. Desperate to be with Brit without his parents finding out, Frank turns to family friend Joy Song, who is in a similar bind. Together, they come up with a plan to help each other and keep their parents off their backs. Frank thinks he's found the solution to all his problems, but when life throws him a curveball, he's left wondering whether he ever really knew anything about love—or himself—at all. In this moving debut novel—featuring striking blue stained edges and beautiful original endpaper art by the author—David Yoon takes on the question of who am I? with a result that is humorous, heartfelt, and ultimately unforgettable.

When Thomas Harding discovered that his mother’s family had made money from plantations worked by enslaved people, what began as an interrogation into the choices of his ancestors soon became a quest to learn more about Britain’s role in slavery. It was a history that he knew surprisingly little about - the myth that we are often taught in schools is that Britain’s role in slavery was as the abolisher, but the reality is much more sinister. In WHITE DEBT, Harding vividly brings to life the story of the uprising by enslaved people that took place in the British colony of Demerara (now Guyana) in the Caribbean in 1823. It started on a small sugar plantation called ‘Success’ and grew to become a key trigger in the abolition of slavery across the empire. We see the uprising through the eyes of four people: the enslaved man Jack Gladstone, the missionary John Smith, the colonist John Cheveley, and the politician and slaveholder John Gladstone, father of a future prime minister. Charting the lead-up to the uprising right through to the courtroom drama that came about as a consequence, through this one event we see the true impact of years of unimaginable cruelty and incredible courage writ large. Captivating, moving and meditative, WHITE DEBT combines a searing personal quest with a deep investigation of a shared history that is little discussed amongst White people. It offers a powerful rebuttal of the national amnesia that masks the role of the British in this devastating period, and asks vital questions about the legacy we have been left with - cultural, political and moral - and whether future generations of those who benefited from slavery need to acknowledge and take responsibility for the White Debt.

"Rates a recommendation to lovers of language". -- William Safire, New York Times Magazine Presenting 6,500 colorful comparative phrases from ancient times to the present, the Metaphors Dictionary is a powerful tool for writers and speakers and a source of ispiratin and entertainment for readers. This expansive collection offers annotated metaphors in a diverse range of timeless and timely subjects -- from love to the information superhighway.

What do Mae West, John F. Kennedy, Victor Hugo, and H. L. Mencken have in common? They all indulged in chiasmus-a literary device in which word order is reversed to hilarious or poignant effect. When Mae West said, "It's not the men in my life, it's the life in my men," she was using chiasmus; when John F. Kennedy said, "Ask not what your country can do for you, ask what you can do for your country," he was doing the same. Dr. Mardy Grothe has compiled hundreds of examples of chiasmus in this whimsically illustrated collection, bringing this witty and thought-provoking device out of obscurity and into the public imagination. The Challenge Built to Last, the defining management study of the nineties, showed how great companies triumph over time and how long-term sustained performance can be engineered into the DNA of an enterprise from the verybeginning. But what about the company that is not born with great DNA? How can good companies, mediocre companies, even bad companies achieve enduring greatness? The Study For years, this question preyed on the mind of Jim Collins. Are there companies that defy gravity and convert long-term mediocrity or worse into long-term superiority? And if so, what are the universal distinguishing characteristics that cause a company to go from good to great? The Standards Using tough benchmarks, Collins and his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years. How great? After the leap, the good-to-great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years, better than twice the results delivered by a composite index of the world's greatest companies, including Coca-Cola, Intel, General Electric, and Merck. The Comparisons The research team contrasted the good-to-great companies with a carefully selected set of comparison companies that failed to make the leap from good to great. What was different? Why did one set of companies become truly great performers while the other set remained only good? Over five years, the team analyzed the histories of all twenty-eight companies in the study. After sifting through mountains of data and thousands of pages of interviews, Collins and his crew discovered the key determinants of greatness -- why some companies make the leap and others don't. The Findings The findings of the Good to Great study will surprise many readers and shed light on virtually every area of management strategy and practice. The findings include: Level 5 Leaders: The research team was shocked to discover the type of leadership required to achieve greatness. The Hedgehog Concept (Simplicity within the Three Circles): To go from good to great requires transcending the curse of competence. A Culture of Discipline: When you combine a culture of discipline with an ethic of entrepreneurship, you get the magical alchemy of great results. Technology Accelerators: Good-to-great companies think differently about the role of technology. The Flywheel and the Doom Loop: Those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap. "Some of the key concepts discerned in the study," comments Jim Collins, "fly in the face of our modern business culture and will, quite frankly, upset some people." Perhaps, but who can afford to ignore these findings? How to Avoid, Leave, and Recover from Negative Relationships

The Things They Carried

Frankly in Love

New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare - poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring Outside magazine to name him The Fittest (Real) Man in America. In this curse-word-free edition of Can't Hurt Me, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.

AN INDIE NEXT PICK! From the #1 bestselling author in Japan comes a celebration of books, cats, and the people who love them, infused with the heartwarming spirit of The Guest Cat and The Travelling Cat Chronicles. Bookish high school student Rintaro Natsuki is about to close the secondhand bookstore he inherited from his beloved bookworm grandfather. Then, a talking cat appears with an unusual request. The feline asks for—or rather, demands—the teenager’s help in saving books with him. The world is full of lonely books left unread and unloved, and the cat and Rintaro must liberate them from their neglectful owners. Their mission sends this odd couple on an amazing journey, where they enter different mazes to set books free. Through their travels, the cat and Rintaro meet a man who leaves his books to perish on a bookshelf, an unwitting book torturer who cuts the pages of books into snippets to help people speed read, and a publishing drone who only wants to create bestsellers. Their adventures culminate in one final, unforgettable challenge—the last maze that awaits leads Rintaro down a realm only the bravest dare enter . . . An enthralling tale of books, first love, fantasy, and an unusual friendship with a talking cat, The Cat Who Saved Books is a story for those for whom books are so much more than words on paper. Translated from the Japanese by Louise Heal Kawai. "Cats, books, young love, and adventure: catnip for a variety of readers!" –Kirkus

Acclaimed author Karen Hesse's Newbery Medal-winning novel-in-verse explores the life of fourteen-year-old Billie Jo growing up in the dust bowls of Oklahoma.

A comprehensive collection of essays in multidisciplinary metaphor scholarship that has been written in response to the growing interest among scholars and students from a variety of disciplines such as linguistics, philosophy, anthropology, music and psychology. These essays explore the significance of metaphor in language, thought, culture and artistic expression. There are five main themes of the book: the roots of metaphor, metaphor understanding, metaphor in language and culture, metaphor in reasoning and feeling, and metaphor in non-verbal expression. Contributors come from a variety of academic disciplines, including psychology, linguistics, philosophy, cognitive science, literature, education, music, and law.

A story of first love and family loss follows the estrangement between daredevil Jude and her loner twin brother, Noah, as a result of a mysterious event that is brought to light by a beautiful, broken boy and a new mentor. Simultaneous eBook.

The Secret Life of Metaphor and How it Shapes the Way We See the World

Their Eyes Were Watching God

All American Boys

"We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

NOW AN EMMY-NOMINATED HULU ORIGINAL SERIES • NEW YORK TIMES BESTSELLER • “A stunning novel about the transformative power of relationships” (People) from the author of Conversations with Friends, “a master of the literary page-turner” (J. Courtney Sullivan). ONE OF THE TEN BEST NOVELS OF THE DECADE—Entertainment Weekly TEN BEST BOOKS OF THE YEAR—People, Slate, The New York Public Library, Harvard Crimson AND BEST BOOKS OF THE YEAR—The New York Times, The New York Times Book Review, O: The Oprah Magazine, Time, NPR, The Washington Post, Vogue, Esquire, Glamour, Elle, Marie Claire, Vox, The Paris Review, Good Housekeeping, Town & Country Connell and Marianne grew up in the same small town, but the similarities end there. At school, Connell is popular and well liked, while Marianne is a loner. But when the two strike up a conversation—awkward but electrifying—something life changing begins. A year later, they’re both studying at Trinity College in Dublin. Marianne has found her feet in a new social world while Connell hangs at the sidelines, shy and uncertain. Throughout their years at university, Marianne and Connell circle one another, straying toward other people and possibilities but always magnetically, irresistibly drawn back together. And as she veers into self-destruction and he begins to search for meaning elsewhere, each must confront how far they are willing to go to save the other. Normal People is the story of mutual fascination, friendship and love. It takes us from that first conversation to the years beyond, in the company of two people who try to stay apart but find that they can’t. Praise for Normal People “[A] novel that demands to be read compulsively, in one sitting.”—The Washington Post “Arguably the buzziest novel of the season, Sally Rooney’s elegant sophomore effort . . . is a worthy successor to Conversations with Friends. Here, again, she unflinchingly explores class dynamics and young love with wit and nuance.”—The Wall Street Journal “[Rooney] has been hailed as the first great millennial novelist for her stories of love and late capitalism. . . . [She writes] some of the best dialogue I’ve read.”—The New Yorker From President Obama’s political rhetoric to the bursting of the housing bubble, from conversations to commercials, James Geary shows that every aspect of our day-to-day experience is molded by metaphor. Geary takes readers from Aristotle’s investigation of metaphor right up to the latest neuroscientific insights into how metaphor works in the brain. Witty, persuasive, and original, I Is an Other explores metaphor’s effects on financial decision making, effective advertising, leadership, learning, and more. Romeo’s exclamation “It is the East, and Juliet is the sun!” may be one of the most well-known metaphors in literature, but metaphor is more than a device of love-struck poets. As Geary demonstrates, metaphor has leaped off the page and landed with a mighty splash right in the middle of the stream of consciousness.

The now-classic Metaphors We Live By changed our understanding of metaphor and its role in language and the mind. Metaphor, the authors explain, is a fundamental mechanism of mind, one that allows us to use what we know about our physical and social experience to provide understanding of countless other subjects. Because such metaphors structure our most basic understandings of our experience, they are “metaphors we live by”—metaphors that can shape our perceptions and actions without our ever noticing them. In this updated edition of Lakoff and Johnson’s influential book, the authors supply an afterword surveying how their theory of metaphor has developed within the cognitive sciences to become central to the contemporary understanding of how we think and how we express our thoughts in language.

“This book blew me away, completely. Gripping from page one, I—quite literally—couldn’t put it down.”—Christina Lauren, New York Times bestselling author of The Unhoneymooners Growing up, Mallory Dodge learned that the best way to survive was to say nothing. And even though it’s been four years since her nightmare ended, she’s beginning to worry that the fear that holds her back will last a lifetime. Now, after years of homeschooling, Mallory must face a new milestone—spending her senior year at a public high school. But she never imagined she’d run into Rider Stark, the friend and protector she hasn’t seen since childhood, on her very first day. It doesn’t take long for Mallory to realize that the connection she shared with Rider never really faded. Yet soon it becomes apparent that she’s not the only one grappling with lingering scars from the past. And as she watches Rider’s life spiral out of control, Mallory must make a choice between staying silent and speaking out—for the people she loves, the life she wants and the truths that need to be heard. Praise for The Problem with Forever: “We’re left breathless and a little haunted and wanting more.”—Danielle Paige, New York Times bestselling author of Dorothy Must Die “Heartbreakingly real...a remarkable novel about the power of first love and the courage it takes to face your fears.”—Kami Garcia, #1 New York Times bestselling author Also from #1 bestselling author Jennifer L. Armentrout: If There’s No Tomorrow The Harbinger Series The Dark Elements Series

Metaphors & Analogies

Clever Comebacks and Witty Retorts from History's Great Wits and Wordsmiths

For lovers of language and fans of Blink and Freakonomics, New York Times bestselling author James Geary offers this fascinating look at metaphors and their influence in every aspect of our lives, from art to medicine, psychology to the stock market. From President Obama’s political rhetoric to the bursting of the housing bubble, from conversations to commercials, James Geary shows that every aspect of our day-to-day experience is molded by metaphor. Geary takes readers from Aristotle’s investigation of metaphor right up to the latest neuroscientific insights into how metaphor works in the brain. Romeo’s exclamation “It is the East, and Juliet is the sun!” may be one of the most well-known metaphors in literature, but metaphor is more than a device of love-struck poets. As Geary demonstrates, metaphor has leaped off the page and landed with a mighty splash right in the middle of the stream of consciousness. Witty, persuasive, and original, I Is an Other explores metaphor’s effects on financial decision making, effective advertising, leadership, learning, and more.

"Approachable and user-friendly." —The Professional Counselor The use of metaphor is central to the implementation of acceptance and commitment therapy (ACT) and dialectical behavior therapy (DBT), and is a powerful tool for all practicing psychotherapists. In Metaphor in Practice, psychotherapist Niklas Törneke presents the first practical book to combine the behavioral and linguistic sciences of metaphor, and illustrates how and when to apply metaphors in practice for better treatment outcomes. The use of metaphors and experiential exercises can help clients gain a deeper understanding of the problems that cause their disorders. Metaphors help clients connect with their values, and often spark the inspiration and motivation needed to make a commitment to change. And while metaphor is central to relational frame theory (RFT), acceptance and commitment therapy (ACT), and dialectical behavior therapy (DBT), research now shows its usefulness has an even broader reach. In this book, you’ll find a scientific analysis of metaphor based on over thirty years of research, as well as trends in research over the last ten years. The book includes an overview of RFT, how metaphor has influenced the community of behavior analysis, as well as available clinical research on metaphor use. You’ll also discover how to create metaphors for functional analysis, distance of observation, and things that matter to your client. Most importantly, you’ll find practical examples of metaphors and clinical exercises you can use in-session. There are many books on metaphor and psychotherapy, but this is the first book to make the connection between the science of metaphor and the detailed clinical process of using that knowledge. If you are a mental health professional—or simply interested in the science of metaphor—this book will provide everything you need to understand and apply this approach.

#1 NEW YORK TIMES BESTSELLER From the New York Times bestselling author of Invisible Girl and The Truth About Melody Browne comes a “riveting” (PopSugar) and “acutely observed family drama” (People) that delves into the lingering aftermath of a young girl’s disappearance. Ellie Mack was the perfect daughter. She was fifteen, the youngest of three. Beloved by her parents, friends, and teachers, and half of a teenaged golden couple. Ellie was days away from an idyllic post-exams summer vacation, with her whole life ahead of her. And then she was gone. Now, her mother Laurel Mack is trying to put her life back together. It’s been ten years since her daughter disappeared, seven years since her marriage ended, and only months since the last clue in Ellie’s case was unearthed. So when she meets an unexpectedly charming man in a café, no one is more surprised than Laurel at how quickly their flirtation develops into something deeper. Before she knows it, she’s meeting Floyd’s daughters—and his youngest, Poppy, takes Laurel’s breath away. Because looking at Poppy is like looking at Ellie. And now, the unanswered questions she’s tried so hard to put to rest begin to haunt Laurel anew. Where did Ellie go? Did she really run away from home, as the police have long suspected, or was there a more sinister reason for her disappearance? Who is Floyd, really? And why does his daughter remind Laurel so viscerally of her own missing girl? Respected quotation anthologist and author of Oxymoronica and Viva la Repartee Dr. Mardy Grothe is at his best in Metaphors Be with You, an A to Z dictionary of 2,750 of history’s greatest metaphorical quotations, meticulously curated for writers, readers, and quotation lovers everywhere. In Metaphors Be with You, Dr. Mardy Grothe has created the definitive reference on English’s finest metaphors, sourced from literature, politics, philosophy, Hollywood, religion, sports, comedy, history, religion, pop culture, and more. Arranged into two sections—“The Ten Best Things Ever Said” and “The Single Best Thing Ever Said”—Metaphors Be with You includes quotations on five hundred human interest topics and an introduction to the nature, importance, and sheer joy of metaphorical language. Essential for writers, readers, and language aficionados, this breathtaking, beautifully designed sourcebook also contains elegantly integrated digital access to Dr. Mardy’s Dictionary of Metaphorical Quotations, the world’s largest online database of quotations containing metaphors, similes, and analogies. This one-of-a-kind synergy between print and technology offers a comprehensive look at the diversity of words and phrases we use to relate to, understand, and describe our world by providing access to detailed source information, innumerable "Error Alerts," and fascinating quotation backstories that will engage readers as they delve into metaphorical language and discover their own favorites. Whether you’re crafting a speech, writing a novel, or simply searching for new ways to express yourself, this remarkable compendium is sure to inspire you with the perfect metaphor every time.

In 1999, Stephen King began to write about his craft -- and his life. By midyear, a widely reported accident jeopardized the survival of both. And in his months of recovery, the link between writing and living became more crucial than ever. Rarely has a book on writing been so clear, so useful, and so revealing. On Writing begins with a mesmerizing account of King's childhood and his uncannily early focus on writing to tell a story. A series of vivid memories from adolescence, college, and the struggling years that led up to his first novel, Carrie, will afford readers a fresh and often very funny perspective on the formation of a writer. King next turns to the basic tools of his trade -- how to sharpen and multiply them through use, and how the writer must always have them close at hand. He takes the reader through crucial aspects of the writer's art and life, offering practical and inspiring advice on everything from plot and character development to work habits and rejection. Serialized in the New Yorker to vivid acclaim, On Writing culminates with a profoundly moving account of how King's overwhelming need to write spurred him toward recovery, and brought him back to his life. Brilliantly structured, friendly and inspiring, On Writing will empower--and entertain--everyone who reads it.
