Each journey of life has its own destination, but the very common thing in the path of getting somewhere is the separation from the people who were family. The thought of getting divided into three streams after 10th and then finally saying bye at the time of farewell to the people who had made school life memorable. To remind and make other's relive their school life, Hana Gill is coming with her group to let you know the bond you had shared with your friends in school it might be faded away now, but the memories are sealed safe in hearts and minds. This book has been created with the thought of love and friendship, the way in the Hindi language the first alphabet of love and the second alphabet of friendship is incomplete, similarly is how the school life bonds work and that's exactly how the book has ended.
