In full-color and straightforward, jargon-free language, iPhone for Seniors in easy steps gives you all the information you need to get up and running with your new iPhone and quickly feel you are in control of it. • The iOS 8 operating system is explained so you can find your way around the iPhone screens and access the items you want • Settings are examined so you can customize your iPhone exactly to your style and requirements • The Multitasking Window shows how you can manage your open apps; and the Control Center provides quick access to frequently used functions. iPhone for Seniors in easy steps covers everything you need to know to keep fully connected. With your iPhone in your pocket you are only ever a couple of taps away from friends and family. Learn how to: • Make and receive phone calls • Text with the Messages app • Make video calls with FaceTime • Set up and use email accounts The new Family Sharing feature is covered, which enables you to share music, videos, apps, calendars and photos with up to six family members: a great way to stay in the loop with children and grandchildren. Apps are at the heart of the iPhone and iPhone for Seniors in easy steps gives a comprehensive introduction to using the preinstalled apps. It then shows how to find and download apps from the Apple App Store for: • Going on vacation • Online shopping • Social networking • Hobbies • Music and videos • Books • Photos • Keeping up-to-date with everyday tasks, through the use of the Notes, Calendar, Contacts and Reminders apps • Health and wellbeing, using the new Health app that is designed to collate a range of health and fitness information. An in-depth chapter on iCloud, Apple's online storage, sharing and backup service, explains how iCloud works and shows how it can automatically store your data and share your photos so you don't have to worry about losing information should anything happen to your iPhone. iPhone for Seniors in easy steps takes the mystery out of using your iPhone and shows how it can become your most useful digital companion, ready to help keep you in touch, up-to-date and entertained.

Written for those of us who struggle with codependency, these daily meditations offer growth and renewal, and remind us that the best thing we can do is take responsibility for our own self-care. Melody Beattie integrates her own life experiences and fundamental recovery reflections in this unique daily meditation book written especially for those of us who struggle with the issue of codependency. Problems are made to be solved, Melody reminds us, and the best thing we can do is take responsibility for our own pain and self-care. In this daily inspirational book, Melody provides us with a thought to guide us through the day and she encourages us to remember that each day is an opportunity for growth and renewal.

The Language of Letting Go

iPad in easy steps, 8th Edition is a highly visual guide to navigating through the myriad features of this market-defining device. Written to help the user make the most of his/her iPad. Updated to cover iOS 12.

The whole series is designed to save learning time and guaranteed to give the best value. Whether you want to get to grips with Windows, Photoshop or even the latest digital gadget, these easy-to-follow guides are the perfect companion for fast and productive learning. Written in a jargon-free, easy-to-follow style with helpful graphics, the In Easy Steps books explain everything the user needs to know to get working with a new device, programming language, software, electronics, or to sharpen up other professional skills. Each chapter takes you step-by-step through the functions and uses of a program. Every page is packed with visual guides so that what you see on your screen is exactly the same in the book - you simply can't go wrong!

A parody of the children's classic and a hilarious gift for anyone that finds modern life funny and absurd. In a bright buzzing room, in the glow of the moon-and iPhones and Androids and Blackberries too-it is time to say goodnight... Modern life is abuzz. There are huge LCD WiFi HD TVs and Facebook requests and thumbs tapping texts and new viral clips of cats doing flips. Wouldn't it be nice to say goodnight to all that? Like the rest of us who cannot resist just a few more scrolls and clicks, you may find yourself ready for bed while still clinging to your electronics long after dark. This book, which is made of paper, is a reminder for the child in all of us to power down at the end of the day. This hilarious parody not only pokes loving fun at the bygone quiet of the original classic, but also at our modern plugged-in lives. It will make you laugh, and it will also help you put yourself and your machines to sleep. Don't worry, though. Your gadgets will be waiting for you, fully charged, in the morning.

iPad for Seniors in easy steps, 8th edition gives a comprehensive introduction to the iPad, showing how it differs from more traditional computers and how to find your way around this captivating device. It is written with Seniors' needs in mind. Covers iOS 12 (due for release Autumn 2018).

***The iPad is a tablet computer that is stylish, versatile and easy to use, and there is no reason why it should be the preserve of the younger generation. iPad for Seniors in easy steps gives you a***

**comprehensive introduction to the iPad, showing you how it differs from more traditional computers and how to find your way around this captivating device. The book covers all of the settings that can be applied and explains how to best use the virtual keyboard on the iPad. iPad for Seniors in easy steps details all of the main functions of the iPad, including working with the built-in apps and navigating around with Multi-Touch Gestures. It also looks at a variety of tasks that can be undertaken on the iPad, from staying organized to keeping in touch and getting the most out of your music, photos, videos and books. iPad for Seniors in easy steps also looks at areas of interest in which the iPad can be used to make life more fulfilling, such as when traveling, dealing with finances and viewing artwork. The book details the flexibility and power of the iPad and shows why it should always be your constant companion. A handy guide for any Senior new to the iPad, covering iOS 7 (released September 2013) and presented in larger type for easier reading.**

**(Fake Book). The Real Books are the best-selling jazz books of all time. Since the 1970s, musicians have trusted these volumes to get them through every gig, night after night. The problem is that the books were illegally produced and distributed, without any regard to copyright law, or royalties paid to the composers who created these musical masterpieces. Hal Leonard is very proud to present the first legitimate and legal editions of these books ever produced. You won't even notice the difference, other than that all of the notorious errors have been fixed: the covers and typeface look the same, the song list is nearly identical, and the price for our edition is even cheaper than the original! Every conscientious musician will appreciate that these books are now produced accurately and ethically, benefitting the songwriters that we owe for some of the greatest tunes of all time! Includes 400 songs: All Blues \* Au Privave \* Autumn Leaves \* Black Orpheus \* Bluesette \* Body and Soul \* Bright Size Life \* Con Alma \* Dolphin Dance \* Don't Get Around Much Anymore \* Easy Living \* Epistrophy \* Falling in Love with Love \* Footprints \* Four on Six \* Giant Steps \* Have You Met Miss Jones? \* How High the Moon \* I'll Remember April \* Impressions \* Lullaby of Birdland \* Misty \* My Funny Valentine \* Oleo \* Red Clay \* Satin Doll \* Sidewinder \* Stella by Starlight \* Take Five \* There Is No Greater Love \* Wave \* and hundreds more! Written with the Senior reader in mind and presented in larger type for easier reading, iPhone for Seniors in easy steps, 5th Edition will help the user to quickly feel confident using their iPhone.**

**Since its introduction in 2010, the iPad has quickly become an iconic device - a compact, versatile tablet computer that packs a real punch in terms of its functionality. It is now widely used and in many ways it is ideal for children: it is user-friendly, compact, powerful and stylish into the bargain. But for a parent, the idea of your child using an iPad can be a daunting one: how do you know what they are using it for, what are they looking at on the web and how are they communicating with their friends? A Parent's Guide to the iPad in easy steps is the guide that aims to put parents' minds at ease and lets them understand the iPad, while helping their child explore this exciting machine. The book looks at the functionality of the iPad so that you can understand how your child is using it, and also make the most of yourself. It then covers a range of topics for which the iPad can be used: education, games, photos, music, creativity and social networking. This third edition covers the latest operating system, iOS 7. A Parent's Guide to the iPad in easy steps will inspire parents to use their iPad to encourage more learning!**

Written by an industry professional with over 20 years' experience of training in electronic publishing software, InDesign in easy steps breaks down this versatile, user-friendly page layout software into a straightforward, manageable and logical series of learning events. If your aim is to get started with the basics, become a competent and confident user, and then to master InDesign - this book is for you. The book builds from the basics, such as the Working Environment, Building Pages, Text, character and Paragraph settings. Then, it continues to cover more and more of the extensive range of functionality InDesign has to offer. By following the book's logical structure you can develop the core skills needed to master the software. Areas covered include: Tables and Tabs; Table of Contents, Indexing and Books; Printing and Exporting; Transformations and Transparency; Paths and the Pen Tool. For both Windows & Mac users.

The A to Z guide to getting the most from your iPad Your iPad is a magical piece of technology connecting you to the rest of the world pretty much anytime and anywhere. Super thin and (well, almost) light as a feather, it allows you to keep up with your day to day duties, stay in touch with family and friends, catch up with work, relax with books and movies, or even create your own works of art! Given all it ' s capable of, it ' s essential to have a guide to help you make the most of your device. The latest edition of iPad and iPad Pro for Dummies helps users of all experience levels navigate this amazing looking glass. Assuming no prior knowledge, it takes you from the basics—including getting to know the iPad and adding useful accessories such as keyboards and pencils—to setting up email, connecting with other devices, maintaining files, and researching and installing the best apps for you. Discover the simple steps to get up and running Make your iPad work better and faster for you Explore the features of the brand new iPadOS Get easy fixes to common problems Pick up your copy today and find out just how sweet life in Apple tablet form can be!

Provides information on the features of the iPad 2 with step-by-step instructions covering such topics as connecting to a wi-fi and 3G network, downloading apps, creating documents and spreadsheets, building and displaying presentations, using email, and watching

movies.

The iPad does everything...but what if you don't want to do everything?! Sure, it's great that you can log into a private network or set up an iMAP / POP email account--but what if you are retired and just want to know the basics--like how to do a group Facetime with all the grandkids! This book walks you through what you need to know step-by-step--including how navigation works now that the Home button is gone on some of the iPad Pros. It covers only what you need to know--so you don't have to comb through hundreds of pages of tech-speak just to find out how to do a common feature. This book is based on the bestselling book "The Ridiculously Simple Guide to the Next Generation iPad Pro" but includes sections specifically for seniors (including accessibility features that make text easier to see). Are you ready to start enjoying your new iPad Pro? Then let's get started! Note: This book is not endorsed by Apple and should be considered unofficial.

Covers iOS 8

iPad 2: The Missing Manual

InDesign in easy steps - covers CS3-CS5

iPhone in easy steps, 7th Edition will help the user to quickly feel confident using their iPhone. Covers iPhone X and iOS 11.

The iPhone Manual for Beginners is the complete guide to using the iPhone. This book was made with the beginner in mind, and is great for seniors and first-time iPhone users. The book is suitable for the following iPhone models: 7, 7 Plus, 6s, 6s Plus, 6, 6 Plus, 5s, 5c, and SE. Covers all iPads running iOS 14. Easy, clear, readable, and focused on what you want to do. Full-color, step-by-step tasks walk you through getting and keeping your iPad working just the way you want. Learn how to: Wirelessly connect to and browse the Internet, at home or on the go. Video chat with your friends using FaceTime over Wi-Fi or cellular. Make your iPad easier to use if you have trouble seeing or tapping the screen. Use Siri's voice commands to control your iPad and find useful information. Communicate with friends and family via email, text messages, and FaceTime video chats. Shoot, share, and view photos and videos. Listen to streaming music and watch streaming movies and TV shows. Get directions and locations and get directions using the new Maps app. Use iCloud to store and share your photos and other important data online. Troubleshoot common iPad problems.

A revolutionary approach to enhancing productivity, creating flow, and vastly increasing your ability to capture, remember, and benefit from an unprecedented amount of information all around us. For the first time in history, we have instantaneous access to the world's knowledge. It has never been a better time to learn, to contribute, and to improve ourselves. Yet, rather than feeling empowered, we are often left feeling overwhelmed by this constant influx of information. The very knowledge that was supposed to set us free has instead led to the paralysis of believing we'll never know or remember enough. Now, this eye-opening and accessible guide shows how you can easily create your own system for knowledge management, otherwise known as a Second Brain. As a trusted and organized digital repository of your most valuable notes, and creative work synced across all your devices and platforms, a Second Brain gives you the confidence to tackle your most important projects and ambitious goals. Discover the full potential of your ideas and translate what you know into more powerful, more meaningful improvements in your work and life by Building a Second Brain.
