A thoroughly revised and updated edition of Thomas C. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. While many books can be enjoyed for their basic stories, there are often deeper literary meanings interwoven in these texts. *How to Read Literature Like a Professor* helps us to discover those hidden truths by looking at literature with the eyes—and the literary codes—of the ultimate professional reader: the college professor. What does it mean when a literary hero travels along a dusty road? When he hands a drink to his companion? When he's drenched in a sudden rain shower? Ranging from major themes to literary models, narrative devices, and form, Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

Developed directly with the IB to be fully integrated with the revised MYP Language Acquisition framework, for first teaching in 2020. This comprehensive, inquiry-based resource equips learners to acquire and practice essential language skills while developing wider conceptual and contextual awareness. An inquiry-led, concept-based approach applies key and related concepts to relevant learning material, helping you fully deliver the MYP approach and build meaningful conceptual connections. Fully comprehensive, the resource addresses all the topics suggested in the MYP Language Acquisition Framework to help learners progress confidently into the Diploma Programme.

Beyond black and white, native and alien, lies a vast and fertile field of human experience. It is here that Eric Liu, former speechwriter for President Clinton and noted political commentator, invites us to explore. In these compellingly candid essays, Liu reflects on his life as a second-generation Chinese American and reveals the shifting frames of ethnic identity. Finding himself unable to read a

Chinese memorial book about his father's life, he looks critically at the cost of his own assimilation. But he casts an equally questioning eye on the effort to sustain vast racial categories like "Asian American." And as he surveys the rising anxiety about China's influence, Liu illuminates the space that Asians have always occupied in the American imagination. Reminiscent of the work of James Baldwin and its unwavering honesty, The Accidental Asian introduces a powerful and elegant voice into the discussion of what it means to be an American.

The need to reform secondary-level education to prepare young people for new economic realities has emerged. In an age of constant career changing, cognitive flexibility is a top-priority skill to develop in today's students. This shift requires methodological innovation that enhances children's natural abilities as well as updated, focused teacher education in order to prepare them adequately.

Educational Reform and International Baccalaureate in the Asia-Pacific is a collection of innovative research that examines the development and implementation of IB curricula. Highlighting a wide range of topics including critical thinking, student evaluation, and teacher training, this book is ideally designed for educators, curriculum developers, instructional designers, administrative officials, policymakers, researchers, academicians, and students. Stargirl

After being left at the altar by her soap star fiancé, Los Angeles high school teacher Zadie Roberts wants nothing more to do with love and romance. With the help of her best buddy Grey and several bottles of wine, she just might survive the trauma of the wedding that wasn't. Unexpectedly, Grey gets engaged to Zadie's prim and proper cousin Helen, and suddenly Zadie is dragged back into wedding festivity hell. The coup de grace is Helen's bachelorette party, thrown by her clique of prissy friends and certain to be a day of torture. But when the Pinot Grigiot goes down and the sweater sets come off, things get out of control. Helen turns into a girl gone wild and manages to get herself into a situation that just might sink the happy couple for good. Zadie faces a major debacle: should she tell Grey about Helen's night of indiscretion, or forever hold her peace? The Bachelorette Party is a remarkable, assured debut. Lutz's terrific characters and sharp insights put this delightful novel a step above the rest.

Nick Hornby's second bestselling novel is about sex, manliness and fatherhood. Will is thirty-six, comfortable and child-free. And he's discovered a brilliant new way of meeting women - through single-parent groups. Marcus is twelve and a little bitnerdish: he's got the kind of mother who made him listen to Joni Mitchell rather than Nirvana. Perhaps they can help each other out a little bit, and both can start to act their age.

“Once upon a time, in fact it was Tuesday,” the Bear went into the woods to settle in for his long winter nap. But when he awoke what had happened? The trees were gone, the grass was gone, the flowers were gone, and in their place were buildings, cars, a fenced-off courtyard. The Bear had no idea that he was in the middle of a factory. “Get back to work!” a man yelled out of the blue. “I don’t work here,” said the Bear, “I’m a bear.” The man laughed and laughed. “Fine excuse for a man to keep from doing any work—saying he’s a bear.” And so it began and so it went, with the Bear protesting his beariness all the way from the Third Vice President to the First, and no one willing to believe that he wasn’t just a silly man in a fur coat who needed a shave. How the bear endured and how he finally prevailed are the subject of this delightful modern fairy tale—beautifully illustrated with the author’s inventive line drawings—about sticking up for yourself, no matter how many Foremen, General Managers, Vice Presidents, or even Company Presidents stand in your way.

This is Kazuo Ishiguro's profoundly compelling portrait of a butler named Stevens. Stevens, at the end of three decades of service at Darlington Hall, spending a day on a country drive, embarks as well on a journey through the past in an effort to reassure himself that he has served humanity by serving the "great gentleman," Lord Darlington. But lurking in his memory are doubts about the true nature of Lord Darlington's "greatness," and much graver doubts about the nature of his own life.*
