

Il Mistero Del Rubino Oriente

Who is Geronimo Stilton? That's me! I run a newspaper, but my true passion is writing adventure stories. Here in New Mouse City, the capital of Mouse Island, my books are all bestsellers! My stories are funny, fa-mouse-ly funny. They are whisker-licking-good tales, and that's a promise! "Bollywood Burglary" My detective friend Hercule Poirat and I were headed to India. A Bollywood star we're friends with had received a valuable ruby and wanted us to help her protect it... which meant that I ended up acting in the movie she was filming! Rancid ricotta -- I'm a terrible actor! Even worse, just when we least expected it, the ruby was stolen. Could we find the thief?

Read the book that inspired the classic coming-of-age film before it's back onscreen in select theaters this September! From award-winning German author Michael Ende, The Neverending Story is a classic tale of one boy and the book that magically comes to life. When Bastian happens upon an old book called The Neverending Story, he's swept into the magical world of Fantastica--so much that he finds he has actually become a character in the story! And when he realizes that this mysteriously enchanted world is in great danger, he also discovers that he is the one chosen to save it. Can Bastian overcome the barrier between reality and his imagination in order to save Fantastica? "An instantaneous leap into the magical . . . Energetic, innovative, and perceptive"—The Washington Post "A trumpet blast for the imagination."—Sunday Times

Uno dei più importanti divulgatori scientifici, Philip Ball, e una domanda semplice: di cosa è fatto il mondo in cui viviamo? Straordinario viaggio nella storia degli elementi e del loro impatto sull'uomo, il saggio di Ball porta alla luce i motivi per cui la scienza si è a lungo dedicata allo studio delle sostanze che ci circondano. Elementi delinea una mappa completa della nostra relazione con la materia, dalle concezioni dei Greci, che riconducevano il molteplice a un sistema di elementi fondamentali, alla stesura della Tavola Periodica fino all'era atomica e agli elementi creati dall'uomo. Mentre percorre l'intera storia della chimica, Ball racconta aneddoti e storie da tutto il mondo e punta i riflettori sui protagonisti e le loro idee.

Le più belle storie in giro per il mondo

This classic explores the symbolism of classical architecture. A milestone in relating mysticism to design, it shows the correlation between mythology and the design of St. Paul's Cathedral, the Taj Mahal, the Palace of Versailles, and other architectural masterpieces. This delightful book describes the symbolism of real-world architecture, as well as architecture described in fiction, myth and folklore. Lethaby believed that architecture reflected the macrocosm. He speculated that many of the seemingly ornamental details of classical buildings actually represented aspects of the land, the sea and the sky. This is one of those books like the Golden Bough or the White Goddess (albeit shorter and a less challenging read) that will turn you on to the mythopoetic side of reality, no matter whether you agree with its conclusions.

Al crollo dell'Impero austroungarico, anche il suo reggimento di Dragoni chiamato «Due Sicilie» non esiste più: ultimi sopravvissuti sono il colonnello Rochonville, cinque ufficiali e un sottufficiale. Ma uno di loro viene misteriosamente ucciso durante un ricevimento a Vienna. Come se il reggimento esistesse ancora, i vecchi compagni sono pronti a offrire la vita per vendicarlo – e per loro sarà una falcidia. Un romanzo incalzante come un thriller, in cui la trama poliziesca è calata, ha scritto Sciascia, «dentro introspezioni e descrizioni di eccezionale acutezza e delicatezza», assumendo «un che di labirintico, affascinante e insieme vertiginoso».
