

Il Richiamo Della Foresta Ediz Integrale

First published in 1906, this vintage book contains a collection of short stories written by Jack London. The stories include: "Love of Life", "A Day's Lodging", "The White Man's Way", "The Story of Keesh", "The Unexpected", "Brown Wolf", "The Sun-Dog Trail", and "Negore, the Corward". John Griffith London (1876 - 1916), commonly known as Jack London, was an American journalist, social activist, and novelist. He was an early pioneer of commercial magazine fiction, becoming one of the first globally-famous celebrity writers who were able to earn a large amount of money from their writing. London is famous for his contributions to early science fiction and also notably belonged to "The Crowd", a literary group in San Francisco known for its radical members and ideas. Other notable works by this author include: "Martin Eden" (1909), "The Kempton-Wace Letters" (1903), and "The Call of the Wild" (1903). Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

Jack London (1876-1916) was born in squalor and rose to become one of the most recognized names in American literature. London's travel and adventure stories have made him a favorite not only among young American boys, but also among scholars and authors like George Orwell and Ernest Hemingway because of his ability to infuse his writing with his own unique philosophical beliefs. As an ardent Socialist, London's views were an often overwhelming mix of Nietzsche, Marx and Darwin's theories on evolution and society, in whom he was thoroughly well-read. During the last few years of his short life London travelled around the Pacific islands, recording stories to be compiled in this collection. The stories skirt the line between fiction and non-fiction, illustrating the lush beauty of the Hawaiian Islands through London's characteristically evocative and dramatic style. These stories are viewed by some as London's finest writing.

A breathless, high-stakes quest to save the miniature world of the Tree --and reunite loved ones lost --unfolds with wit, suspense, and startling revelations. (Ages 9 and up) Toby's world is under greater threat than ever before. A giant crater has been dug right into the center of the Tree, moss and lichen have invaded the branches, and one tyrant controls it all. Leo Blue, once Toby's best friend, is holding Toby's beloved Elisha prisoner, hunting the Grass People with merciless force, and inflicting a life of poverty and fear on the Tree People. But after several years among the Grass People, Toby has returned to fight back. And this time he's not alone: a resistance is forming. In the much-anticipated sequel to the award-winning TOBY ALONE, the compelling eco-adventure reaches its gripping conclusion.
