

Illustrated Flower Page A Month Desk Easel Calendar 2016

Margaret Erskine Wilson, late President of Kendal Natural History Society, was a keen amateur botanist and water-colourist. In 1999, she donated to the Society 150 sheets of water-colour paintings representing a thousand British and Irish plants in flower and in fruit, painted in situ over many years and in various places. At the time she donated the paintings to Kendal Natural History Society, she wrote:
Begun in 1943/4 for a friend who said, 'I might learn the names of flowers if you drew them for me, in the months they're in flower!'
The result is this beautiful, previously unpublished book of all her accurate and informative illustrations, painted over a period of 45 years. Over a thousand British and Irish flowers are represented in this book and it still today serves Margaret Erskine Wilson's original purpose - it is an easy way to learn the names of our delicate and beautiful wild flowers.

Vick's Illustrated Monthly Magazine

A charming, gorgeously illustrated botanical encyclopedia for your favorite romantic, local witch, bride-to-be, or green-thumbed friend. Floriography is a full-color guide to the historical uses and secret meanings behind an impressive array of flowers and herbs. The book explores the coded significances associated with various blooms, from flowers for a lover to flowers for an enemy. The language of flowers was historically used as a means of secret communication. It soared in popularity during the 19th century, especially in Victorian England and the U.S., when proper etiquette discouraged open displays of emotion. Mysterious and playful, the language of flowers has roots in everything from the characteristics of the plant to its presence in folklore and history. Researched and illustrated by popular artist Jessica Roux, this book makes a stunning display piece, conversation-starter, or thoughtful gift.

The Birthday Book with Birth Flowers and Gems is a book to record the birth dates and contact information of family and friends in one beautiful place. Each month's starter page and the weekly double spreads are richly illustrated with artwork of the month's birthstone and flower-of-the-month. A handy chart with the meanings of the flowers and gems is also included. The illustrations were taken from the Anni Arts printable craft ranges, as well as from engravings of antique lace and embroidery patterns.

The Small Farmer

Michael Garland (Daddy Played the Blues) displays his impressive illustration range with the stylized, country-quit, digital collage illustrations of A Season of Flowers. Snowdrops and crocuses yield to tulips and hyacinths, then dogwood blossoms, iris, lupine, daisies, morning glories, daylilies, geraniums, peonies, sunflowers, roses, and chrysanthemums as spring passes to summer, then autumn. At last the garden slumbers into winter under a blanket of snow, preparing next year's procession of blooms. Like actors crossing a stage, flowers narrate the passing seasons in the first person, each one briefly proclaiming its unique and vital role in the natural world. Backmatter descriptions complete this child's introduction to a garden year, in which the passage of time is vividly realized. Fountas & Pinnell Level L
