In July 2019, Apple updated the MacBook Air that was originally redesigned in October 2018. Even though there were no major updates to the MacBook Air, the enhancement led to a new butterfly keyboard which utilizes the same updated materials like the 2019 MacBook Pro, some small SSD changes, an improved display with True Tone, and a lower price tag. The MacBook Air has a T2 chip as well as fingerprint sensor for the Touch ID that can be used instead of entering password. This T2 chip is built for enhanced security on the MacBook Air by ensuring a secure boot process through Secure Enclave, and fast data encryption with an SSD controller. The macOS Catalina which was launched in October 2019, is the latest operating system for the Apple Mac family. The new software brought with it several new exciting features that may seem overwhelming even to existing users. Some of these features include the Screen Time, division of iTunes into 3 separate apps, using the iPad as a second screen, otherwise known as Sidecar and lots more. This user guide contains detailed steps on how to explore all the new features on your computer along with screenshots to make it easy for you to familiarize yourself with the workings of the macOS Catalina. Whether you are just buying a new Mac device or downloading the new software to your existing device, this book would help you to achieve better and faster productivity. Apple finally redesigned the iMac and borrows the new design from the colorful designs of the older iMacs and iPad Airs. The new iMac 2021 lineup comes in seven vibrant colors. It's not just new colors on offer. The new iMac also features an all-new 24-inch 4.5K Retina display. Apple has made a redesign that includes a larger screen in the iMac, not much larger than the 21.5-inch iMac it replaces. At the Spring Loaded event on April 20, 2021, Apple announced that the new iMac will be available to order starting Friday, April 30. Apple says the iMac will begin shipping "in the second half of May." What you'll notice the most about the redesign are the new color options and the larger screen, which we'll take a look at in more detail below.
