leadership framework

provides a single

instrument for leader

development.

Individuals can use it

for self-development.

Leaders can use it to

develop subordinates.

Commanders can use it

to focus their programs.

By establishing leadership dimensions grouped under the skill

domains of values,

attributes, skills, and

actions, the Army leadership framework

provides a simple way to think about and

discuss leadership. The

Army is a values-based

institution. This field manual establishes and

clarifies those values.
